NEW CRUSADE URGED BY POPE IN ENCYCLICAL

"Unbridled Race For Armaments" Strongly Condemned by Pontiff Who Stresses Need of Unemployed Millions Throughout the World.

By John Evans, Associated Press Staff Correspondent

VATICAN CITY, Oct. 4. (A.P.)—Pope Pius XI last night issued an encyclical in which he called on the world to join in a new crusade of mercy for the relief of unemployed millions who, he said, are the victims of economic distress caused in part by "the unbridled race for armaments."

The encyclical called "Nova Imperpet"—"New things are upon us"—was written by the Pope Friday, the day on which the Church celebrates the feast of Guardian Angels.

Hunger, want, and the menacing "plague" of idleness, the Holy Father said, are caused largely by the armament race inspired by national rivalries and resulting in the dissipation of enormous wealth.

He instructed the Bishops and other church authorities to organize relief, and directed all men to contribute to the support of this charitable endeavor.

In discussing disarmament, the Pope recommended that by preaching and through the press bishops "seek to illumine minds and open hearts on this matter."

Innocent children, he declared, are suffering most. "In the squalor of misery they are condemned to

WILL HOLD POTATOES TILL MARKET CLEARS

Ontario Growers Discuss, What They Term, "Desperate Condition of Potato Market."

TORONTO, Ont., Oct. 4.—(By the Canadian Press)—Potato growers of the province, meeting here to discuss what they termed the desperate condition of the potato market in Ontario, resolved to send a delegation to Hon. T. L. Kennedy, Minister of Agriculture, with a view to seeking relief from present acute conditions.

A decision was reached that the Ontario growers present would hold back their produce from the markets at prices below production cost in order that the present market may be cleared. They declared that they had no desire to control the situation, but that price levels now prevailing were unjustified.

Measures of relief suggested were advertising campaigns pointing out the value of potatoes. Agreement was reached that importation of potatoes from other provinces or from United States would only aggravate the situation.

Dissolution Of Parliament Is Expected Tue.

(By Alvin Hallman, Associated Press Staff Writer)

LONDON, Oct. 4.—(A.P.)—Premier Ramsay MacDonald is expected to announce the dissolution of Parliament Tuesday or Wednesday and a general election to take place before the end of this month. The plan, it was understood over the week-end, is for the National Government to seek a nation-wide vote of confidence and the return of its supporters to the House of Commons on a platform of broad powers to the Prime Minister to meet the National emergencies. This "doctor's mandate," as Mr. Mac-

Donald was said to have termed it, if approved, might shortly bring Great Britain to the point of an imposition of revenue and protective tariffs against imports.

Still Vague

With the dissolution of Parliament almost reached, the general political situation remained still vague and obscure. A manifesto issued over the week-end by Sir John Simon, leader of the Liberal group which recently has been rebellious toward

New Service Inaugurated

Island Telephone Co. Moves To New Quarters. Equipment There Provides Quicker, More Efficient Local & Toll Service.

On Sunday morning, at 12.06 p. m., His Worship Mayor Prowse set in motion a new era in the realm of rapid and efficient telephone service in this city and Province when he put through a call from the operating room of the Island Telephone Company's new building at the corner of Queen and Fitzroy Streets to Mrs. Walter Grant, the wife of the manager of the Island Division.

After putting through the call His Worship stated it was an honor and a privilege to express the opinion of all when he said it would be "a great boon to business in the City." The cut over went off without a hitch, and it was a great privilege to be present when the footpicks, insulating the new exchange from the old, were pulled out as the Lower Queen Street office, went dead. As this was done, the lights in the new exchange board began to glow, one by one, like the lights of a great city as dusk begins to fall, mark-

ing with their brightness the initiative and business foresight of the Island Telephone Company, who thus show their faith in the business future of the City. The spacious and attractive new building of the Island Telephone Company, Ltd., in which the new equipment is housed, and which, since midnight on Saturday has been the telephone nerve centre of Charlottetown, is almost centrally located on the corner of Queen and Fitzroy Streets. For the past six months or more this Building has been a veritable "hive of industry, as approximately twenty expert installers have been rushing the installation of the new switchboard equipment, which, as intimated, was placed in service Saturday night at midnight.

The building is a most attractive one, and especially designed for Telephone purposes. The room in which the switchboard is located is

In the itinerary of His Excellency's Maritime tour it had been arranged for him to reach here on Oct. 14. The death of Lieut. Governor Stanfield, however, necessitated cancelling visits to Nova Scotia, and the itinerary was accordingly changed to enable him to visit this Province on Oct. 5 and 6. This required immediate change in the local plans under way for his reception. These plans have now been completed, and are as follows:

The vice regal train will be met at Emerald this morning by Lieut. Colonel F. I. Andrew, M. M., aide-de-camp to His Excellency. With the Governor General will be his secretary, Capt. A. F. Lascelles and his Ottawa aide-de-camp, Lieut. F. N. Fuller, R. N. The train will arrive in Charlottetown at 10 a.m. and His Excellency will be met at the depot by His Honour Lieutenant Governor Dalton.

A salute of nineteen guns will be fired on the arrival of the train, the firing party being composed of men from No. 8 Battery under command of Capt. P. S. Fielding, M. M.

A Guard of Honour of 100 men from A Company, Prince Edward Island Highlanders, headed by the bagpipe regimental band and com-

manded by Major T. B. Rogers, V. D., Capt. J. S. DesRoches, Capt. J. Coles, M. M., and Lieut. C. J. Campbell, will be at the depot and will give the Royal Salute. His Excellency will then inspect the Guard.

At 10.15 the Governor General and party will proceed by way of Weymouth and Richmond Streets to the Provincial Building preceded by a traffic officer on motor cycle.
