

MONDAY'S ISSUE WILL HAVE THE FIRST BALLOT

THE THIRD HOCKEY GAME WAS PLAYED LAST NIGHT

The Abegweis Win the Senior Game by a Score of 2 to 1. A Clean Fast Game. Excitement Was High and the Game Close—In the Intermediate Game the Crystals Won by a Score of 7 to 3

Last evening nearly 1000 people gathered at the Arena to witness the hockey games between the Abegweis and Crystals. The senior game was pronounced the swiftest and cleanest ever played in the Province and the excitement was kept at fever heat from start to finish. The senior game was won by the venerable Abegweis by a score of 2 to 1 amid the deafening applause of their admirers. The Abegweis have certainly improved in every point of play beyond the highest expectation of their executive.

Their defence was faultless and the combination of the forwards won for them the laurels of the evening. Harry Smith, who played centre and Ivan Reddin, Rover, were at their best and played a star game from the sound of the whistle to the gong of the bell. C. McIntyre who took the place of Dan Doyle, and P. Muraghgan, R. Wing, showed up splendidly and did clever combination work in passing to the centre players. The visiting teams are very swift and clever stick handlers.

The game was promptly called at 8.20 and the puck was bulled at 8.25. The Abegweis appeared on the ice first amid cheers.

The game started with a rush to the Abegweis territory but the puck was soon forced back and Smith came nearly scoring several times. W. Phillips made a brilliant run but was promptly checked by Toby, the Abegweis C. Point. Again Smith and Reddin secured the puck and for a few minutes were landing hard and good shots at the Crystals goal keeper, who played a star game throughout. The play continued at a rapid rate and the puck was constantly kept on the move. Reddin secured the puck

near the Abegweis goal and made a bold dash to score but was tripped by Deagan, who was given two minutes rest on the fence. Shortly afterwards McDonald, of the Crystals, received the same penalty for duplicating the same tactic on Reddin. While McDonald was off, and the teams were playing, Abegweis 7, Crystals 6, the home team made the first score amid tremendous applause. Abegweis 1, Crystals 0.

The game resumed faster than ever, and every man was playing his best. The puck was being played in the Crystals territory and many good runs and attempts to score were made by Deagan, Perry and Gillis, but the Abegweis defence proved too strong for the Westerners. A few minutes before half time the Abegweis scored their second goal. Abegweis 2, Crystals 0.

The second half started at 9.10 and the play resumed only a second before Perry of the Crystals was knocked out. While Toby was in the act of lifting the puck, Perry skated near and received a nasty blow on the knee from Toby's hockey stick. It was purely accidental and could not be avoided by the Abegweis honorable cover point player who was first to add the injured man to his feet. After about ten minutes delay the play started again at a faster clip than ever. The first and only goal in the last half was made by McDonald of the Crystals. Abegweis 2 Crystals 1.

During the last half, Deagan, Gillis, and McDonald, of the Crystals were penalized two minutes each for tripping. Deagan also received injuries by running into the promenade, which delayed the game for a few minutes.

The teams lined up as follows:

ABEGWEIS.
Goal. CRYSTALS.
J. Bell A. Reid
Point.
J. Herrell W. Phillips
C. Point.
J. McMillan (Capt.) U. Gillis
Rover.
I. Reddin E. Perry
Centre.
H. Smith B. McDonald
R. Wing.
P. Muraghgan (Capt.) G. Deagan
L. Wing.
C. McIntyre R. McDonald

Harry Smith of the Senior Abegweis is a good man now. What will he be in a year or two?

The next three games of the League will be watched with keen interest as each team has now one game apiece to their credit and which team will win out is the question.

The admirers of the Abegweis were in the majority last night and the number greatly increased as the game progressed and at the finish of the Senior game one could hardly find a Crystal.

During and at the finish of the Junior game the Crystals began to show up and they liked to think of the last impressions.

The next game between the Intermediates started promptly and was a good fast game. The Crystals were too strong for the Abegweis. The score (Continued on page 11.)

SPAIN SHAKEN BY EARTHQUAKE

Alarmed People But Was Not Severe And Little Damage Was Done.

MALAGA, Spain, Jan. 29—(Special)—An earthquake was experienced here today, but not severe and no damage was done.

For a few moments the people were thrown into a condition bordering on panic, but calm was quickly restored.

KING MENELIK SERIOUSLY ILL

Three Powers Arrange For Protection of Europeans In Case of an Uprising.

ROME, Jan. 29—(Special)—A despatch from Abyssinia says that while King Menelik is ill, his condition is not as serious as was reported.

Italy, France and Great Britain have reached an understanding for the protection of Europeans in Abyssinia in the event of an uprising in case King Menelik dies.

COURTED WID BURNT HER BARN

Confessed He Committed the Crime Because Widow Refused Him.

GUELPH, Jan. 29—(Special)—John Robert Ray, a young man, was sentenced to two years in prison for setting fire to a barn in Peel Township. He confessed having set fire to the barn.

He made love to the widow McGuire, but the widow turned him down, whereupon he fired her barn in spite.

BRYAN'S DAUGHTER SUES FOR DIVORCE

PARIS, Jan. 27—William Homer Leavitt received recently from Thomas S. Allen, his wife's lawyer at Lincoln, notification that Mrs. Leavitt, who is a daughter of Wm. J. Bryan, has filed a petition for divorce on the ground of incompatibility of temper and non-support. He was questioned on the matter but declined to discuss it, saying he did not desire to embarrass his wife in any way.

Mr. Leavitt will not oppose the suit. With his mother, with whom he has been living in Paris, he will leave in a few days for America. His departure is in no way connected with the suit, but is part of a plan to exhibit his painting, The Last Supper, in the United States. Mr. Leavitt's friends in the Latin quarter, who esteem him highly as a hard working artist, say his life has been exp. lary.

A. E. Morrison gave his interesting lecture in Grace Church last evening on the laying of the first Atlantic cables to an audience that completely filled the schoolroom of the Church. Mr. Morrison occupied a little over an hour in the recital of his wonderful story. The lecture shows a thorough knowledge of the whole subject. The illustrations thrown on the canvas were very clear and striking and emphasized the various points of the lecture. At the conclusion Mr. Morrison moved a vote of thanks, seconded by L. P. Tanton and heartily endorsed by the audience. Rev. Mr. Harrison, as chairman, thanked Mr. Morrison on behalf of Grace Church congregation for his kindness on this and on a former occasion a few weeks ago. Walter Burke very ably handled the lantern.

HUNDREDS OF THOUSANDS VOTES CAN BE ROLLED UP

By The Special Ballot System The Big Value of Each Ballot and of Each New and Renewal Subscription—How Every Candidate Can Escape Carsickness and Seasickness on the Trip.

The Guardian of January 15, 1908 was a red letter issue, as it made the startling announcement of the biggest and grandest undertaking by any Provincial newspaper—a monster free trip for eight young ladies through Eastern Canada and the Eastern States and every succeeding issue has given further particulars of this momentous event in which the entire Province is interested. This paper never does things by halves, and all of its promises are fulfilled to the letter. It is therefore quite natural that its Mammoth offer was received with utmost confidence. As explained yesterday there is an old saying that "the unexpected always happens," and in this case the young ladies who may think it a waste of time for them to become candidates may lead the poll if they will but put themselves in nomination and for this purpose either blank form in this issue may be used, or the young lady or a friend can send in her name and address. This paper will not only give the big free trip to the eight most popular young ladies, paying all expenses according to schedule which will be announced before departure, but it will make the trip as pleasant as possible for all including the gentleman and his wife who will chaperone them. With this end in view The Guardian will supply sufficient of that world renowned "Mother's Milk's Seasick Remedy" for the entire party. All readers may not know that the manufacturers guarantee this up-to-date preparation, taken according to directions, to be an absolute preventative and cure for seasickness, carsickness and nausea without any unpleasant after effects. The writer has observed its use with good effect on several occasions, and has never known of a single case in which it did not do its work perfectly.

It receives its name from T. B. Mothersill, a former resident of Charlottetown who won the heart of one of its fair maidens, and he is the Secretary and Managing Director of the Company. All young ladies can thus have no fear of sea or car sickness while on the trip.

Monday next, Feb. 1st, will also be a red letter issue as it will contain the first ballot, and each one will be worth twenty votes, ballots appearing in Morning Daily and Rural Daily until the contest closes. In addition to this hundreds of thousands of votes can be rolled up by the special Ballot system as follows

\$1.00	Subscription wins	2000	Votes
1.25	"	"	3000
1.50	"	"	4000
1.75	"	"	5000
2.00	"	"	6000
2.25	"	"	7000
2.50	"	"	8000
2.75	"	"	9000
3.00	"	"	10,000

and so on up to any amount, each \$1.00 new or renewal subscription to any person and to any address winning 2000 votes and each additional 25 cents for a new or renewal subscription winning 1000 votes.

The Subscription can come direct from a candidate or from a candidate's friends or workers, and must distinctly state to whom the special ballot shall be given. New and renewal subscriptions count the same.

THE TWO HOUSES OF PARLIAMENT

Appoint Their Standing Committees. Billy McLean At First Overlooked, Placed.

OTTAWA, Jan. 29—(Special)—The Senate named its standing committees today, the following being chosen chairman:

Senator Young, Standing Orders; Kirchoffer, Divorce; Gibson, Banking; Beique, Railroad; McHugh, Private Bills; Ellis, Debates; Thompson, Internal Economy.

The Commons also selected committees, only interest being that when all was arranged it was found that W. F. McLean had been neglected by both parties.

A place was finally found for him on the Railway Committee.

ANOTHER FATAL CAR COLLISION

A Brakeman Killed, Cars Smashed and Traffic Blocked.

SPRINGFIELD, Jan. 29—(Special)—John Vanderberg, brakeman, was killed and several cars demolished and traffic on N. Y. Central blocked for several hours, as the result of a collision between two freight trains at North Wilbraham, ten miles east of this City.

IMPERIAL COAL COMPANY'S CASE

Company in Liquidation, Ledger Turned Up and Minute Book is Gone.

FREDERICTON, Jan. 29—(Special)—The hearing in case of the Imperial Coal Company, now in liquidation, was continued before Judge Landry today.

The stockholders are willing to discharge all liabilities of the Company and take over the business but the liquidators are anxious that the Company's affairs be wound up.

During the hearing it was brought out that since the commencement of winding up proceedings the Company's ledger had been torn to pieces and the minute book had mysteriously disappeared.

SAVED BY ATTACK ON ARM

Thomas Needham, of Fulton Baptist Church, following a sermon last week on "deliverance," related a story of kidnapping and adventure among cannibals in a foreign land and exhibited a tattooed cross on his arm as having been the means of his deliverance.

As a lad he was abducted and carried aboard a Nova Scotian ship bound for a South American port. Before reaching port it was decided to put him ashore and leave him to his fate, the captain to report he had been lost at sea.

Left on the shore of Patagonia, he was soon captured by cannibals. On being stripped preparatory to the feast the attention of the cannibals was attracted to the crucifix on his arm. The chief ordered that the boy be not killed, and he was afterward treated with every mark of courtesy. Later he escaped.

Mr. Needham a few years ago met the captain in the Lower Province. The latter said he was sorry for what he had done.

Sergeant Doyle was reported resting a little easier at midnight last night.

The temperature registered sixteen degrees above zero at three o'clock this morning.

Mr. Horner of the Canadian Bank of Commerce in this City has been transferred to Vancouver and will leave shortly.

CANADIAN SOO BOOMING AGAIN

Rolling Mills Started, Every One Employed And Shipbuilding Plant Projected.

SAULT STE MARIE, Jan. 29—(Special)—The Canadian Soo is on the boom again.

With the opening of the rolling mill a lot of idle men got work and the streets are practically free from loafers.

Now comes the announcement that the corporation is negotiating the establishment of a shipbuilding plant on a large scale.

The town will likely give a bonus. Between new vessels for the trade and the immense amount of repairing which now goes to the United States there should be enough to keep the yards going summer and winter.

BOOTH SOUGHT TO CONTROL FISHERIES

Chicago, Jan. 27—The first actual accounting of money paid by the firm of A. Booth & Company, the fish concern which was recently placed in the hands of receiver, to the law firm of Thornton & Chancellor, was given yesterday before Master in Chancery Booth. The statement gave the disposition of nearly \$600,000 received by the firm from A. Booth & Company during the last ten years. More than half of that amount, according to the statement, was used in destroying competition and fighting legal battles. During that time fifty-one fisheries in New England, the fifteen in the Middle West and Canada were assimilated by the Chicago concern, and more than a dozen suits against rival companies were instituted and won by the Booth Company.

SUICIDE AFTER BOLD ATTEMPT

To Murder His Wife. Result of Quarrel Between an Unhappy Couple.

NEW YORK, Jan. 29—(Special)—Conrad Doncalson, Porto Rican Manager for the United States Express Company was found with a bullet wound in his head in the Hotel Carleton and is dying in Roosevelt Hospital.

Doncalson's wife who is on the stage as Anna Yates Palmer, declared her husband attempted to kill her and then shot himself.

His revolver missed her, as she ran from the room Doncalson turned the weapon upon himself.

They had been quarrelling. She ran into the lobby screaming and attracted the attention of the night clerk and policeman.

The two men went to the apartments and found the husband lying motionless on the floor with the revolver nearby.

RENEW YOUR YOUTH.

Never before has the struggle for social and commercial success been so keen as in our own day, and to the victor and the vanquished alike comes a time when nerves and body cry for rest. Nature and science have combined to produce an environment when tired men and women may renew their youth. On the main line of the Grand Trunk Railway System, at St. Catharines, Ontario, is situated "The Welland," where the life is alleviated by bathing in the Saline Springs of the "St. Catharines Well," under proper medical supervision and attendance. Apply to 130 St. James street, Montreal, for booklet and further information.

PERU REJECTS CHILIAN OFFER

VALPARAISO, Chili, via Galveston, Texas, Jan. 26—Because Chili and Peru have questions pending the Peruvian government has rejected the offer of Senor Echenique, the Chilean minister in Lima, to place a wreath on the monument to the memory of the Peruvian soldiers who died during the war against Chili in 1879.

During President Pardo's term of office Senor Echenique obtained, it is said, permission to place the wreath, but the present administration thought better to countermand it on the ground that it is untimely to show definite, friendly advances to Chili. Amazed and disappointed Senor Echenique obtained his retirement and will soon come home.

After the disastrous war of 1879, brought about by Peru, both republics signed the treaty of Ancon, dealing with various reciprocal obligations, which neither country has as yet fulfilled.

MAN OF BRAINS IS TRICKED BY WOMAN

PARIS, Jan. 28—A quiet-looking, unobtrusive little French woman has succeeded in deceiving one of the most learned Egyptologists in Europe, Commissioner Capard, of the Royal Museums, Belgium, by selling him two sarcophagi with alleged ancient Egyptian inscriptions, for some \$2000.

Inscriptions on the stones seemed to settle the much debated question whether the ancient Egyptians had circumnavigated Africa. They related the voyages as a fact, and described an audience given by King Necho to the chief of the Phoenician sailors on their return from the journey.

There was great competition for the stones, which, according to his widow, were found among the belongings of the late M. Bouriant, director of the French School of History at Cairo, though the International Congress at Berlin last August declared that they were frauds.

The true history has just been disclosed by a Paris engraver, M. Baubien, who stated that he had engraved the stones from designs supplied by the late director's son. When they were submitted to him he recognized his work, though the stones had been artfully aged. Mme. Bouriant and her son have confessed the fraud, and are being prosecuted in Belgium.

RIVER WATER POISONS 2,000 IN ONE TOWN

PITTSBURG, Jan. 28—According to an estimate made to day by a chemist representing the state Board of Health and the legal health authorities, there are two thousand persons ill in Bellevue, a suburb, as a result of drinking raw river water furnished by a water company last Friday, Saturday and Sunday. Almost the entire population of Bellevue is suffering from a nauseating illness, which may develop into an epidemic of typhoid fever.

Charges, which have not been denied, are to the effect that the water company's filter apparatus failed during the latter part of the week, and in an endeavor to maintain the supply the raw river water was pumped through the pipes without warning. By Sunday a large number of persons were ill, and the Bellevue health authorities called on the state and Pittsburgh for help.

The situation is responsible for orders issued by the state health authorities to Pittsburgh, which is above Bellevue, to install a new system of sewage disposal. This work will cost Pittsburgh between fifteen million dollars and twenty million dollars.
