ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

A NEW telegraph cable holding 104 wires is being placed between Cameron's Corner and the Central Office.

SOME of the employees of the Minto and Brant complain that they have not been paid since April. This is not right, if true.

ANNOUNCEMENTS of meetings etc., should be handed in to the news department early each day and not later than 4 p. m. to insure insertion next issue.

In addition to entering to the grand tea at Fort Augustus at 10 a. m. to-day the City of London will make her regular Wednesday afternoon excursion to Orwell and return as per advertisement in another column.

INCREASES have been made in the salaries of a number of the Customs employees. The following are some of the increases. W. B. Robertson \$100, Edwin White \$50, E. de B. Peake \$50, Jas. McDonald, \$50, Andrew Sullivan \$50 Thos Flynn \$50.

ONE might as well be out of the world as out of fashion. The afternoon excursions by the palace, from S. S. City of London are fashionable. Leaves for Orwell this, Wednesday, afternoon at 3 o'clock. Home at 8 p. m. Round trip only 25 cents.

MAKE the most of the summer months, keep cool and get all the pleasure out of them you can. You will be aided in this by coming to the garden party on the grounds of H. J. Cundall on Tuesday 26th inst and enjoying the cool breezes, the music, refreshments &c. Admission to ground is 10 cents.

THE C. W. A. has rendered a decision in the case of McNeil, the Charlottetown bicyclist who met with such success at the meet held in Fredericton on Dominion day. The decision is against McNeil on the ground that he is not a resident in Canada. The judgment thus delivered is a most unpopular one, and many sportsmen of Fredericton consider that such actions on the part of the C. W. A. will not keep them long in business in that section of the province. The organizations, C. W. A. and M. P. A. A., are becoming anything but popular among young men says a Fredericton exchange.

EASTERN NOTES.—Refreshing showers have come to cheer the heart of the husbandman, to re-invigorate the parched vegetation, refresh and restore our noted Island verdure, and give contented sleep to the nervous farmer who lives to leeward of the troublesome individual who in defiance of all human laws is constantly setting out fires in his woodland. One of those fires on Friday the 9th ran from East Balle to Priest Pond, destroying the woodland of John Ryan and Angus G. Campbell, a large part of their back fences, and seriously threatened the buildings of the latter. A large number of visitors and returned Islanders are daily arriving, some of them with the polish and style and accent, acquired by a long or short sojourn among our southern neighbors, some as plain and unassuming as the day they left.—There was a time when if some of our boys spent three weeks on a Gloucester fisherman, or some of our girls spent a winter in a Boston home, and not all the time in the parlor either, you could hardly understand the language they used on their return, but now the majority of them speak the same pure English they spoke in their earlier years.—Among the recent arrivals are: Mrs. Carney, nee Miss Christianna Robertson, and Mrs. Holbrook, nee Miss Mary Jane Kennedy. The latter has not been on the Island for eighteen years, and naturally sees many changes.—Alfred McLean is likewise visiting his old home, which he left some forty years ago, but which he has visited frequently the last few years.—Miss Effie and Mary Mta McLellan, left for Boston on the 15th.—A considerable body of mackerel is in the waters round here at present, and though but few have yet taken the hook a catch is looked for soon.—A grand school of hake, codfish, and haddock are off the south side these days, and the fishermen are landing large quantities. Great preparations are making for the mackerel fishing and men and boys are making for the shore.

Fly Time.—We have on hand a large stock of fly pads, papers, poisons etc., including Wilson's and Davis' poison pads, sticky fly paper (banglefoot), vampire spiral fly catcher, and many other makes. You will find our prices right. Give us a call. A. W. Reddin Pharmacy, Sunnyside.

OBITUARY.—The announcement on the 18th June of the death of Ada, dearly beloved wife of Hugh B. McKay, Clifton, and second daughter of the late William McEwen, of Campbellton brought sorrow to many hearts as well outside the family circle as within it. Possessed of a genial happy disposition Mrs McKay's kindness and universal good nature endeared her to a large circle of friends and acquaintances. She was a woman of transparent honesty and sincerity of soul, faithful in friendship and true to duty, while her unbounded hospitality was tendered to every one irrespective of race or creed. Nowhere, however, will her loss be more keenly felt than in the home she made so happy by her self-sacrificing devotion to her loved ones. Taken suddenly ill with the dreaded pneumonia she was skillfully attended in her last illness by her brother-in-law, Dr D. T. McKay, who remained by her bedside almost constantly, yet whose ministrations aided by those of a skilled nurse proved vain to save the precious life. Her funeral took place to Clifton cemetery on Thursday June 20th, services being conducted by Rev. John Murray assisted by Rev. Mr. McDonald of Stanley. Mr. Murray in eloquent words spoke briefly and feelingly of the lamented dead, holding up her exemplary life as an ideal one for us all, while to her surviving friends he offered the sympathetic assurance of a life perfected in Heaven. The floral tributes were many and beautiful while the large funeral cortege testified to the universal popularity of the deceased. To her sorrowing husband and seven little children the sympathy of every one will go out in this their hour of sad bereavement.

Here is testimony from husband and wife who certify to the effectiveness of Dr Chase's Kidney-Liver Pills as a family medicine.
