IT PAYS to buy in this Province.

TAG DAYS for the Charlottetown Hospital will be held as usual on Wednesday and Thursday of Exhibition Week.

PATRIOTIC SOCIETY MEETING A meeting of the Patriotic Society will be held this evening in the Armories.

PURCHASES FARM—Mr. Peter Goodman, Covehead, has sold his valuable farm to Mr. Gurney, a nephew of the late Sir Goldsworthy Gurney, England.

INSTRUCTING SIGNALERS.—Sergt. Instructor Kempton of Halifax is in charge of the Signalling Instruction of No. 5 Siege Battery signallers. The men are making splendid progress under his able direction. Sergt. Kempton is the same man who so efficiently instructed the 105th Battalion class of signallers.

IN METHODIST CIRCLES.—Margate, Prince Edward Island, is another of the circuits that has accepted an up-to-date method of finance. It pays its minister regularly once a month. Other country circuits are adopting a similar system. But much remains yet to be done on some circuits before their finances are managed in a modern and business-like manner.

FUNERAL DELAYED.—Owing to train delay at St. John, N. B., Messrs John A. McGilivray and son, Grant McGilivray will be unable to reach Charlottetown until tonight. The funeral of Mrs. McGilivray will therefore not take place until Thursday morning at 9 o'clock, to St. Dunstan's Cathedral, thence to R. C. Cemetery.

FOR THE MISSIONARY.—The summer school of missions held in Free-town, P. E. I., was a decided success. To offer for the ministry and the work under the W. M. S. Revs. Geo. Morris, B. A., J. M. Rice, B. A., Gilbert Earl, H. H. Irish, B. A., and Rev. Geo. Steele, D. D., are to be congratulated on the good accomplished, and commended for the interesting, instructive and helpful work they have done.

MATRON TRANSFERRED.—Miss McMahon, matron of the maritime penitentiary at Dorchester, N. B., for a number of years past, and who is a native of Charlottetown, has received notice of transfer to the institution at Kingston, Ont. During her residence in Dorchester, Miss McMahon has made many friends, who learn with sincere regret of her intended removal from Dorchester. St. Edward's church will lose a valued and devoted worker.—St. John Exc.

KEROSENE ENGINES.—There arrived in Charlottetown by the S. S. Stanley on Friday night, a car load of fifty kerosene engines for the International Harvester Co. These engines are the famous Mogul type, advertised in The Guardian, and with the exception of the Titan engine, made by the same concern, are the only kerosene engine yet brought to the Province. Owing to the high cost of gasoline the kerosene engine is very much in demand. It is understood that a couple more car-loads of the Mogul and Titan are now on the way here.

BICYCLE TOUR OF P. E. ISLAND.—Mr. Edward Irwin, of the Royal Gazette, office, and Mr. J. J. Enman of the Guardian writing staff, leave today, weather permitting, on a two week's bicycle trip around Prince Edward Island, following as much as possible the roads nearest the coast. They will not try to beat any world records for speed on the way, but will jog leisurely along and endeavor to take the full benefit of P. E. Island's scenery and climate, do some fishing where it looks good, and no body objects, and try to have a good time, generally. They will cover the eastern portion of the province first, probably going as far as East Point, coming back along the North Side.

Irritable Nerves Restored And Health Regained In A Simple Way

The man or woman who is run-down, not feeling up to the mark, perhaps irritable, nervous or sleepless can well afford to learn about the wonderful results the newly discovered blood-food is giving to folks that use it. There is wonderful power in this new blood-food, and every weak, pallid person can be quickly nourished back to health that uses it as directed. After each meal, with a sip or two of water, you simply take two little chocolate-coated tablets, sold in all drug stores under the name of "FERROZONE."

No wonder the eyes brighten and the cheeks radiate color and happiness: With abundance of strength, a keen appetite, good digestion, and plenty of sound sleep—all the result of Ferrozone—you quickly feel as if life held new charms and pleasures.

The gravel is of a superior quality and is being shipped daily to Carleton Point. There are excellent facilities for being loaded in a few minutes. A spur line connects the gravel pit with the main railway at Sullok.

GOOD RECORD FOR SERVICE.—The Gregory family of St. Peter's Road, Charlottetown have an excellent war-time record. Sergt. Percy Gregory is now at the front doing his bit in defence of the Empire. WEDDING BELLS.—Many Canadians will be interested to learn of the marriage at Whitehouse, Kirk Michael Episcopal Parish Church Isle of Man, on August 12th, 1916 of Captain Harold Cleveland Hodgson, of Charlottetown to Miss Vesta Ellen Fisher, daughter of the late Charles Fisher, of Vancouver, B. C. The bride was given away by her brother, Mr. Charles Stanford Fisher, of Vancouver.

GRAVEYARD PILFERRING.—Complaint is made of persons stealing flowers and other articles from the cemetery. A citizen states that some flowers and the metal cones which contained them were recently taken from the Peoples' Cemetery. Various other things have disappeared on previous occasions. It is almost inconceivable to think that there are persons so mean as to rob the graves of the dead of these articles which, though only trifles in themselves mean much to those who have so lovingly placed them there.

WEDDING BELLS.—A quiet marriage was solemnized in St. Dunstan's Cathedral early yesterday morning, when Miss Florence Percival of this city became the wife of Mr. George McDonald, a member of the Fifth Siege Battery, and son of Captain Dominic McDonald of Souris. Miss Adella Hogan of this city was bridesmaid and Mr. Frank McDonald of the Siege Battery did the honor of groomsmen. The bride was becomingly attired in a costume of navy blue, with Alice blue hat. The happy couple left yesterday morning on the steamer Stanley on a short honeymoon trip to Nova Scotia. They take with them the best wishes of many friends.

Circulation Prestidigitators
The sole object of the "A. B. C."--Audit Bureau of Circulations--is to protect honest advertisers and honest publishers, by doing away with circulation errors and the mis-statements of CIRCULATION PRESTIDIGITATORS.
Those publishers of newspapers, magazines, farm journals and trade publications all over America who form the great bulk of the membership of the "A. B. C.", believe that the man who buys advertising space is entitled to AN HONEST AND UNBIASED CIRCULATION COUNT—a count as dependable as a CERTIFIED CHECK.
These publishers, together with advertisers and advertising agencies, are spending their money to support the "A. B. C.", to pay for the services of TRAINED AUDITORS, and they ask the support and patronage of EVERY MAN WHO BUYS ADVERTISING SPACE AND WANTS TO BUY IT WISELY.
When you place your advertising with a publisher who is a member of the "A. B. C." you are protecting YOUR OWN INTERESTS and helping to place the entire business of advertising on a cleaner, sounder, and MORE EFFICIENT BASIS.
