NATIONAL SELECTIVE SERVICE

NOTICE TO EMPLOYERS AND THEIR MALE EMPLOYEES

By an order signed on August 15th, 1944, by the undersigned Minister of Labour under authority of National Selective Service Mobilization Regulations: 1. Commencing August 22nd, 1944, every employer is required to check the documents held by each newly engaged male employee, within 7 days of the employee's engagement, to determine if such employee possess documents to show that he is in good standing under National Selective Service Mobilization Regulations (that is, in relation to the Military Call-up);

By an earlier order, employers were required to check the documents held by their male employees, and to report by May 1st, 1944, on doubtful cases as well as cases where employees did not possess documents. The procedure for the present continuing check, although being notified to employers in "Notice to Employers and their Male Employees", which is now being mailed, is identical with that set forth in "Employers' Guide", which covered the check made before May 1st, 1944.

Employers are asked to remember that they do not report on men who do possess the necessary documents—only on those who fail to present documents for examination, or where there is doubt that the document presented actually proves good standing.

The employers of Canada co-operated very satisfactorily on the first check, made up to May 1st last. This co-operation was decidedly helpful, and is very much appreciated. Further co-operation is now earnestly requested.
