"Unprecedented Desertion" Of Liberal Candidates Scored By The Premier

Large Wheatley River Audience Gave Rousing Reception To Government Leader And To Messrs. D.F. Bethune And E.A. Currie. Hackneyed Liberal Criticism Refuted, LePage's Inconsistency Bared.

"An event unprecedented in the history of the province has occurred. Your opponents have quit the field so far as platform speaking in this part of the district is concerned," declared Premier MacMillan at Wheatley River last evening in congratulating Messrs. D. F. Bethune and E. A. Currie on the success of their campaign. For the second night in succession, Messrs. B. W. LePage and Angus MacPhee failed to appear to fulfill their scheduled appointment with electors.

As Premier MacMillan, in his usual fighting form, ripped to pieces the hackneyed Liberal arguments with devastating effect, and defended the record of the Government, the enthusiasm of the predominantly Conservative audience rose to a high pitch. Almost the whole field of local politics was covered by the Premier in his brilliant address. The packed hall heard the leaders appear with rounds of applause, as he scored point after point.

Mr. Norman Lang, capably acted as chairman.

Mr. E. A. Currie

Mr. E. A. Currie was the first speaker. He expressed his regret on being unable to attend the meeting at Mayfield, due to indisposition, and reiterated his confidence in the Conservative Government and in the Conservative party, which always called a surplus a surplus and a deficit a deficit. He condemned the Liberal Government for not having refunded the overdraft, and for the financial incompetency which it had evidenced.

Mr. Currie expressed regret that the Liberal candidates had failed to appear at the meeting.

Mr. D. F. Bethune

Mr. Bethune offered apologies to the audience for the fact that Wheatley River had not been included in the itinerary of meetings on the occasion of the last provincial contest. He had not drafted out that list, however, but could not

JAPANESE AGAIN FIRED ON BY SOVIETS

Demilitarization Of Part of Mongolia May Be Insisted On As Result of Latest Incident.

P. F. By Guardian's Special Wire) OTTAWA, July 18.—No announcements were made following today's late afternoon Cabinet Council which was devoted almost entirely to further discussion of the Japanese trade problem. It was learned, however, that Prime Minister R. B. Bennett, has made fairly definite plans to leave Ottawa this weekend for a brief holiday and that a great clean-up of outstanding appointments and other business would be effected tomorrow.

It appeared likely that discussion with Japan over that country's protest against alleged tariff discrimination against her commodities entering Canada would end in a deadlock. To remove the dumping duty against Japanese goods and not do the same for other countries with depreciated currency, would be discrimination against other favored nations. To remove them all would be to radically depart from a system in effect for years.

Specialist Withholds Comment

(C. F. By Guardian's Special Wire) MONTREAL, July 18.—Commenting on the announcement by Dr. H. C. Connell of Queen's University, Kingston, Ont., of a carcinoma cure for cancer, Dr. Edward Archibald, of Royal Victoria Hospital, noted Montreal cancer specialist said with ultimate curing the disease, "I have fresh 'discovery' concerning the cause of cure of cancer demands careful consideration and investigation by those of the medical profession who have any competency of judgment," he said.

Slander On Government Re Boulter Transaction

The local Liberal organ again repeats its misstatement charging Premier MacMillan with responsibility in having co-operated with the Premiers of Nova Scotia and New Brunswick to rescind the Meat and Canned Foods Act, to the detriment of Island producers.

It states: (1) that at the meeting in October, 1933, of the Agricultural Advisory Committee at which this matter was brought up, the Minister of Agriculture "and at least one other member of the Government" were present; (2) that "the entire correspondence was represented to the Minister"; and (3) that Mr. Boulter, who was authorized to bring this matter to the attention of the proper authorities, was "merely the secretary of the meeting."

Each one of these statements is ABSOLUTELY FALSE. NEITHER THE MINISTER OF AGRICULTURE NOR ANY MEMBER OF THE GOVERNMENT WAS PRESENT.

NEITHER THE MINUTES OF THE MEETING NOR THE SUBSEQUENT CORRESPONDENCE CONDUCTED BY MR. BOULTER WAS SUBMITTED TO THE MINISTER OF AGRICULTURE OR ANY MEMBER OF THE GOVERNMENT.

Mr. Boulter was not "merely the secretary of the meeting." HE WAS THE DULY APPOINTED SECRETARY OF THE PROVINCIAL ADVISORY COMMITTEE ON AGRICULTURAL SERVICES. As such, he was authorized by the Committee "to bring this resolution (asking for government inspection of all hogs marketed for inter-provincial trade) to the attention of the proper authorities."

"The proper authorities" were the Minister of Agriculture and the Government.

Instead of doing this, and WITHOUT CONSULTING THE MINISTER OR ANY MEMBER OF THE GOVERNMENT, Mr. Boulter entered into correspondence with the Veterinary Director General at Ottawa and the Deputy Ministers of Agriculture in Nova Scotia and New Brunswick.

Unquestionably when Ottawa took action in the matter, they assumed that Mr. Boulter was acting in harmony with the Government of this Province. THIS WAS NOT THE CASE. MR. BOULTER IGNORED THE GOVERNMENT, notwithstanding his specific instructions to bring the resolution to the attention of "the proper authorities."

The first intimation the Government had of the matter was when complaints were received from Prince Edward Island shippers. It then took action, and, in co-operation with New Brunswick, had the order rescinded so far as these provinces were concerned.

The attempt to foist responsibility for this transaction on the Government is one of the most brazen political ruses ever concocted by a desperate partisan press. IT IS FALSE FROM START TO FINISH.

Doubting Thomases

Mr. A. E. MacLean, M.P., in predicting that the Bennett Government would not pay the subsidy increase obtained by the MacMillan Government last year in co-operation with the other Maritime Provinces, proved a poor prophet. The Premier had that day received a cheque for \$75,000, representing one-half of this year's increase under the White Commission award.

But Mr. MacLean was not the only poor prophet in the Liberal party. Mr. Thane Campbell, Liberal campaign leader, was equally at sea. He maintained in the Legislature last session that this increase was the "final result" of our claims presentation. We quote from the debate which followed:

Premier MacMillan: "I suppose my hon. friend would like to go back to 1907 when Sir Wilfrid Laurier wanted to insert in the agreement that the adjustment made at that time would be final and unalterable. I do not take that stand, and I perfectly agree with my hon. friends, the Premiers of Nova Scotia and New Brunswick, and say that this IS NOT FINAL; BECAUSE WE DO NOT CONSIDER WE HAVE RECEIVED ENOUGH. We have done some fighting and have made some progress, we have got payment on account to the extent of \$3,000,000, but we do not accept it as final payment."

Mr. Thane Campbell: "If my hon. friend doesn't accept it as final, HE DOESN'T GET IT. That was the Commission's findings."

Premier MacMillan: "We will take it all right. But not as a final settlement."

WHO WAS RIGHT? The MacMillan Government has never ceased protesting against final acceptance of the majority award of the White Commission. Yet they have received one-half of this year's payment under that award, and will receive the other half before the year expires.

Why did Mr. Campbell say, "that was the Commission's findings"? He knew that the Maritime representative on the Commission, Chief Justice Matheson, had filed a report LEAVING OPEN THE DOOR FOR FURTHER PRESENTATION ON THE BASIS OF FISCAL NEED. The three Maritime Provinces have hailed this recommendation as being of the GREATEST IMPORTANCE.

WHY DID MR. CAMPBELL IGNORE IT? The reason is obvious enough. His party's failure to co-operate with the Premiers of Nova Scotia and New Brunswick, is known to every elector. They can promise nothing in this connection that will not be treated with scorn and contempt. SUBSIDY CLAIMS TO THE AMOUNT OF \$7,500,000, REPRESENTING ANNUAL SUBSIDY INCREASE FOR ALL TIME OF \$3,750,000, HAVE BEEN OBTAINED BY THREE SUCCESSIVE CONSERVATIVE GOVERNMENTS IN THIS PROVINCE, AND THE PROVINCE'S ONLY HOPE OF OBTAINING FURTHER INCREASE LIES IN A RETURN OF THE MACMILLAN ADMINISTRATION.

It is hopeless to expect the Doubting Thomases to get it. THEY CAN'T CONVINCE THEMSELVES! WHAT WOULD THEY DO BEFORE A CLAIMS COMMISSION?

Sharp Bares Extravagance Of Liberal Gravel Policy At Kelly's Cross Meeting

Money Squandered On Imported Gravel Would Have Paid Provincial Share Of Borden-Ch'town Highway —Public Works Minister Makes Mincemeat Of Opposition "Economy" Arguments.

"The late Liberal Government, during its four year term of office spent for gravel an amount equivalent to what this province will pay as its share of the Borden highway," Hon. G. Shelton Sharp, Minister of Public Works, stated to the accompaniment of enthusiastic applause at the meeting at Kelly's Cross, First Queen's, last night.

Under the Liberal Government \$366,170 were spent for gravel, almost all of which was taken from Nova Scotia. Today practically nothing remains to be seen of the gravel, which was charged to capital account, Hon. Mr. Sharp pointed out.

He was speaking on behalf of the Conservative candidates, Messrs. Thomas Wigmore and L. T. Beaton. Mr. Wigmore was not present as he had been called home earlier in the evening, as one of his children was stricken with acute appendicitis.

Mr. L. P. Tanton spoke in place of Mr. Wigmore. Mr. J. P. McIntyre spoke on behalf of the Liberal candidates, Messrs. W. F. Alan Stewart and D. N. MacKay. The Conservative candidates were most enthusiastically received, being greeted with round after round of applause.

Mr. Sharp in his speech answered criticism that the present government was extravagant by pointing out that it saved in the maintenance costs at Falconwood Hos-

pital enough to lay a pipe line to the institution, pay the cost of the plans and remodel the Sims Building. Referring further to conditions at Falconwood when the present government took office, Mr. Sharp stated that at that time the meat was kept in a room at one end of the cow stable. Ice was kept overhead and the walls were of galvanized iron. No provision was made as to the amount to be kept there any one time. When the Conservatives assumed office, Mr. Sharp said the place was full of meat, some of it in such condition it was scarcely fit to be fed to foxes. Under the present Government a cold storage plant has been erected where meat and fish can be kept in proper condition. Under the Liberals, especially at certain seasons of the year, western beef was used. Now only the best Island beef is bought and enough for but one week is kept in advance in an up-to-date cold storage plant.

Dealing with the road building policy of the present Government, Mr. Sharp pointed out that when new road machinery was bought or old machines replaced, a type suitable for heavy ditching was procured. The Liberal Government spent a large amount of money for Fordson road machines which were of practically no use for

Malpeque Meeting Another Triumph For Conservatives

Messrs. McNutt And Arsenault Get Splendid Reception At Closing Meeting For The Third District Of Prince.

The closing meeting of the Third District of Prince held last night at Malpeque was very largely attended. The Conservative candidates were in splendid form and were generously applauded.

Mr. Arsenault in a very forceful speech, showed up the wasteful expenditure of the Liberals when in power, declaring that they had rolled up the debt of the province to the tune of \$1,770,000 and had nothing to show for it. This, said Mr. Arsenault, is admitted by my opponent, Mr. Gallant. We on the other hand may have increased the debt but we have permanent assets to show for it. This is also admitted by my opponent.

Mr. Arsenault showed the tremendous sums of money that the MacMillan Government had obtained for relief, but which at the same time necessitated the spending of money by the Province. He felt sure that the people were

thankful that the Government had been able to carry on so well through the most difficult time the Province had experienced since Confederation. He denounced the Liberal platform as inconsistent.

Mr. McNutt, received a great reception in his home district and the crowded hall showed that the people of Malpeque appreciated the honor conferred on their representative by the portfolio of Minister of Agriculture.

Mr. Linkletter and Mr. Gallant, the Liberal speakers, were supported by Mr. Thane Campbell, whose discussion of the subsidy question failed to impress the audience. Messrs. MacLean and Arnet, addressed the meeting after the candidates. Excellent order prevailed throughout the meeting. Mr. Ramsay acted as chairman.—S.

Coolidge Not Very Talkative To Boy Scouts

(A. P. By Guardian's Special Wire) WASHINGTON, July 18.—Lord Baden-Powell came from clear around the world today with a new Coolidge taciturnity story. The Chief Scout to 3,000,000 boys promised the 30,000 of them who are coming to the August jamboree a more talkative president than they had here in 1928.

"I told President Roosevelt at lunch today I hoped he'd make more of a speech than President Coolidge did," said the Chief Scout.

"He asked me 'what did Coolidge say?'" I answered. "He came up, looked at them, and went back again."

Only the Chief Scout concluded: "They don't say much in Vermont today."

Bodies Of Seven Victims Brought From Coal Mine

(A. P. By Guardian's Special Wire) VAN LEAR, Ky., July 18.—One by one the bodies of seven of the nine victims of a coal mine gas explosion were brought back to their wives and children today. Two other victims still lay a mile and a half back under the hills, with gas and debris delaying recovery of the bodies.

Twenty-seven children were left fatherless by the disaster, as all nine miners were married and all but one had children.

After their brief visit here, Lord and Lady Baden-Powell left for New York to sail on to England, completing their visit of 40 countries where boy and girl scouting flourishes.

EMPEROR APPEALS TO HIS PEOPLE

Exhorts Them To Fight to the Death Against Italy In The Sacred Cause of Ethiopian Independence.

(Copyright, 1935, By The Associated Press)

(A. P. By Guardian's Special Wire) ADDIS ABABA, Ethiopia, July 18.—Emperor Haile Selassie today called his people—men and women, Christians and Mohammedans, young and old—to fight to the death against Italy in the "sacred" cause of Ethiopian independence.

Many in the vast audience of parliamentarians, soldiers and public wept unrestrainedly as the Emperor, asserting those who died for their country were "happy mortals," said:

"Your sovereign, now speaking, will be among you unhesitatingly to spill all his blood for independence!"

Challenging Italy to respect Ethiopia's independence and territorial integrity, the Emperor nevertheless looked the possibility of war squarely in the face and told the world Ethiopia was prepared to resist to the last man. He told Ethiopians it was better to die free than to live without liberty.

While members of Parliament, tribal chieftains and leaders of his army listened, the King of Kings said:

"God will be our fortress and shield and the modern armaments of aggressors cannot deter our duty which is sacred for Ethiopian independence."

While the dark, curly-bearded Emperor did not order general mobilization of Ethiopia's fierce fighting men, as had been expected, he sounded the call to approaching battle in vigorous tones, shouting: "Our ancestors preserved their independence by sacrificing their lives. Follow their example!"

"For 40 years Italy has cherished
