WEEKLY LETTER FROM J. C. MACKINTOSH & CO., MEMBERS MONTREAL STOCK EXCHANGE.

Montreal, February 1st, 1912. Market Review:—A feeling of uncertainty has developed in the local market during the past week, with the result that there has been persistent selling of a number of issues. This uncertainty does not seem to be due to any particular apprehension as to the market conditions as much as to the fact that there are very

—There has been reports in Montreal that there might possibly be developments in connection with this bank in the near future, which would result in the stock selling at a considerably higher level.

—Wall Street Situation.—A New York wire, discussing the situation there, says:—

—The erratic course of the security market shows its professional character. Traders, as a rule, are extremely nervous, and embrace every opportunity to depress prices.

—It is not believed, however, that these attacks force liquidation beyond some speculative holdings weakly financed.

—It is doubtful if the security market is really as weak as it is made to appear. There is some good investment buying, but it is concentrated rather than broad. Against this is a steady speculative selling pressure, and which, for the moment at least, is somewhat effective.

—But every day makes it evident that the real supply of floating stocks is scant. A very little aggressive buying causes prices to recover quickly.

—Money is so plentiful that bankers are forced into the market for short-term railroad notes in order to employ their idle balances, and unless the outside demand for money shows some improvement, institutions are apt to be buyers of high-grade dividend shares before long.

—PREMIER FLEMING SPEAKS AT ANDOVER.

—ANDOVER, N. B., Feb. 2.—Premier Fleming made a lengthy address in the court house tonight. The hall was well filled. The premier promised developments in the Valley Railway, and his immigration scheme before the house met.

—This afternoon while a guest at the home of Rev. Father Ryan, Hon. Mr. Fleming was presented with an address in parchment. In the Millicetique by the Indians at the mouth of the Tabique River.

WAS A CONFIRMED DYSPEPTIC

Now Finds it a Pleasure to Enjoy Meals

Here is a case which seemed as bad and as hopeless as yours can possibly be. This is the experience of Mr. H. J. Brown, 384 Bathurst St., Toronto, in his own words:

"Gentlemen—I have much pleasure in mentioning to you the benefits received from your Na-Dru-Co Dyspepsia Tablets and can cheerfully recommend them. I simply had confirmed dyspepsia with all its wretched symptoms, and tried about all the advertised remedies with no success. You have in Na-Dru-Co Dyspepsia Tablets the best curative agent I could find. It is now such a pleasure to enjoy meals with their consequent nourishment that I want to mention this for the benefit of others."

The fact that a lot of prescriptions or so-called "cures" have failed to help you is no sign that you have got to go on suffering. Try Na-Dru-Co Dyspepsia Tablets and see how quickly this sterling remedy will give you relief and start your stomach working properly. If it doesn't help you, you get your money back, see a box at your druggist's, compounded by the National Drug and Chemical Co., Canada, Limited, Montreal. 141

—Arthur Buote, Summerside, the star player of the Intermediate Crystals, was badly injured Friday night in practice. He will not likely be able to play Friday night in Charlottetown when the Senior and Intermediate Crystals will meet the Victorians.—S.

—BIG SPECIAL—DINNER SET consisting of 97 pieces of best semiprecious ware, every piece full size and well shaped, neatly decorated in light blue and green with heavy gilt tracing. Regular \$11.00, special for February \$8.95. R. T. HOLMAN LIMITED, Summerside. 2-5dr3i.

—Rev. P. C. Gauthier of Palmer Road addressed a meeting of New London North, Farmer's Institute in the River Hall on Wednesday evening last. The hall was comfortably filled with members and visitors including several ladies, and all enjoyed a rare treat of mental good things given in Father Gauthier's own pleasant style. The meeting was presided over by John S. Cousins, President of the Institute, who in a few well chosen remarks introduced the reverend gentleman, requesting him to speak on Co-operation and Good Roads. In condensed form a few of Father Gauthier's pithy remarks on the subjects allotted to him are as follows:—Charity is the corner stone of co-operation. Selfishness is directly opposed to it. Emulation is one of the benefits of co-operation. Co-operation has no place in its ranks for the kicker. Farmers should have high ideals and strive for their attainment. Agriculture makes men co-operators with the Great Creator. Farmers should make use of the experience of others as embodied in the excellent literature within reach of all—the college short course, seed fairs, etc., not forgetting the Farmers' Institutes. Good roads are the foundation stone of transportation. Bad roads cause loss of time and money, and wear and tear on vehicles. There is much need of improvement on winter roads as well as summer roads. The reverend gentleman referred to the discussion on this subject at Central Institute in Charlottetown last November when competent speakers told of what is being done in Ontario and Quebec in the way of permanent road-making. Say-Idrinks complimented Father Gauthier on his excellent address and his interest in the cause of agriculture in this Province. A vote of thanks, moved by John Johnstone, seconded by Mr. Ready and supported by Mr. Ramsay, Harvey Mitchell and B. Millman, was presented to the reverend gentleman, to which he quite ably responded. The next meeting of this Institute will be held in Park Corner Hall on Wednesday evening, Feb. 6th, when Mr. Mitchell will give an address on the testing of dairy herds. A large meeting is requested. Ladies specially invited to attend.

DRANK HUNDRED QUARTS OF BEER

SAN FRANCISCO, Feb. 2.—George A. Terry, formerly a clerk of the National Banking Corporation, who pleaded guilty to having embezzled \$13,000, testified to the Superior Court today that he had drunk one hundred quarts of beer within six hours.

The Court doubted Terry's estimate of his capacity and ordered the proprietor of the cafe in which Terry said he had purchased the liquor, summoned as a witness.

Terry made a complete confession of his thefts.

MURDERER WANTS TO DIE, BUT STATE WON'T LET HIM.

ELMIRA, N. Y., Feb. 2.—John Nowak, murderer, whom a jury recently refused to convict, refused to plead guilty to murder in the second degree. He is willing to plead guilty to the crime in the first degree, stating that he wants to die. The state cannot accept this plea, and the authorities are at a loss to know how to dispose of the case, in view of the recent agitation against capital punishment, which has affected the minds of jurors.

RHODES SCHOLARS IN MANY LINES.

LONDON, Feb. 2.—What becomes of the young men who enjoy the Oxford scholarships that the late Cecil Rhodes, the "uncrowned King of Africa," provided? Has often been asked. This week the answer came in the shape of an official tabulation of the careers of two hundred and fifty of these graduates, men who left Oxford between nineteen hundred and ten. Six and nineteen hundred took educational work, sixty-six are lawyers, nineteen went into various kinds of religious work, thirteen into the German civil service, eleven are doctors of medicine, nine are classed as scientists, eight went into business, five into journalism, five into agriculture, three into the diplomatic service and two in the diplomatic service of the United States.
