If you want a nice cheap refrigerator call at the Montague Furniture store. 7-2drill.

The Eastern Teachers Association of Prince Edward Island met its annual convention at Murray River on Monday and Tuesday and some most interesting sessions were held. The papers read are worthy of extended mention for which space is lacking just now, and the meeting was of mutual benefit and pleasure to the teachers.

The closing exercises of Montague High School took place on Friday evening last, in the public hall. Montague. There was a large attendance of the ratepayers, the hall being crowded to the doors. It is a matter of regret that Tylor Warren the Principal has resigned, and also Miss Florrie Gillis her position in the junior department, which she has held for the past seven years. However, the other teachers, Miss Bell, Miss Stewart and William Molish remain for another year. At the close of the program the honor list was read by the Principal. The medal this year is taken by Miss Laura Houston. However, the student making the highest number of marks is Miss Flora Mellish, but as she took the medal last year it was awarded to the next highest this year. An address and suitable gift were presented to Mr. Warren by the pupils of the advanced department, and likewise, Miss Bell also received a present and address. Miss Florrie Gillis was remembered by her pupils by a gift in the form of a beautiful purse, while the ratepayers presented her with a purse of \$50.00 and an address that was read by Miss Lily Aitken.

The parishioners of St. Teresa's and many from the surrounding parishes assembled at St. Teresa's on Sunday the 28th, when Rev. R. J. McDonald son of Alan McDonald of Peake's station, celebrated his first solemn High Mass. He was assisted by Rev. R. J. Gillis of St. Peter's Bay as Deacon, and Rev. Matthias Smith as Subdeacon, and Rev. J. R. A. McDonald as Master of Ceremonies. Rev. J. C. McMillan, D. D. of Cardigan Bridge preached a touching eloquent sermon, on the Divine Institution and Dignity of the Priesthood, taking as his text, "Go Forth and Teach Ye all Nations." In conclusion he welcomed in a most hearty manner the young Levite to the ranks of the clergy. After mass the parishioners waited on Father McDonald and presented him with a congratulatory address accompanied by a well filled purse. Father McDonald thanked the good people in a most fitting manner after which he conferred his special blessing on the assembled crowds. The Guardian wishes Father McDonald a bright and prosperous future.

Tortured With Skin Rash Zam-Buk Brought Relief

At this time of the year children are liable to all kinds of torturing rashes and eruptions, and the advice of Mrs. F. Rowe of 1, Oxford St., London, (Ont.) is timely. She says: "A horrid rash broke out on my little boy's body. The child suffered acutely with the burning and itching and grew quite restless. A friend advised me to try Zam-Buk. I did so, and was surprised to see how quickly it cleared away the rash. The very first application seemed to cool and ease the burning and itching, making the child rest easier. In several days he was completely cured, not a mark remaining on the skin to show where the trouble had been. Zam-Buk is the best healing balm yet used. All druggists and stores, 50 cents a box or Zam-Buk Co., Toronto for price.

"Sunshine" Furnace

Why You Should Specify It

- 1. Burns coal or wood. 2. Large sectional, heavy, straight fire-pipe, with fins for heat radiation. 3. Four heavy "three-lives," easily-placed grates with no bolts. Any section can readily be removed through ash-pit door. 4. Large and heavy rolled steel plate dome and radiator. 5. Double feed doors for use when burning large chunks of wood. 6. All joints made with deep cups for cement. 7. Sure catching, right-fitting ash-pan, with plenty of room above same for air circulation below grates. 8. Large dust-pipe connecting ash-pit to dome, preventing circulation of dust in cellar or rooms. 9. Correctly placed, easy-to-fill water-pan. 10. Quick-cleaning flues and durable brush. 11. Automatic Gas Damper, saves heat-energy, rejects gaseous fumes. 12. Nickel-plated chain shield with easy-working, non-rusting chain pulleys. 13. Bottom casing ring solid to ash-pit, making furnace easy to set. 14. Height regulation adapted to all cellars. Pipes given due elevation. 15. All parts interchangeable. 16. Economical and safe. 17. Easy to operate. 18. Twenty to twenty-five per cent. more weight than any other furnace made in Canada. 19. Made from Canadian patterns as well as made in Canada. 20. Manufactured by the largest and most experienced Furnace Builders in the British Empire.
