Annual Meeting Of the Y.W.C.A.

Reports of the Different Departments of the Work
Highly Satisfactory and Many Tokens of Appreciation Voiced by Those Present.

The annual meeting of Y.W.C.A. yesterday afternoon was well attended. Mrs. Chapman, President of the Board of Directors, presided in the chair. The Rev. H. D. Raymond, M.A., took charge of the devotional exercises. Reports were presented by Mrs. Chapman, President; Mrs. MacLennan, Treasurer; Miss Hall, General Secretary; Mrs. J. D. Stewart, Convener of the House Furnishing Committee; Mrs. Warbyton, Convener of the Nominating Committee; Mr. Percy Pope and Mr. Raymond spoke a few words of appreciation of the work accomplished during the past year. Following the business meeting a social hour was spent. Mrs. Frank Heartz and Mrs. T. G. Taylor presided. The following are the reports as presented:

President's Report.

Today, I wish to give my report of the past year's work of the Council Home, this being the third year of the Y.W.C.A. work in this city.

As suggested at the annual meeting last year, it was felt by the Directors and others that the residence for girls was finally made to be not longer than two years, as the object of the "Y" is to reach as many girls as possible during their first years in the city. On the suggestion of the last Secretary, the office was furnished and made into a bedroom, so as to accommodate three more girls. Several times furniture has been purchased for the home, as it was felt that it was necessary for the comfort and convenience of the girls.

A splendid idea was carried out in the form of a treat to a number of poor children. The children came for one hour every Saturday morning. The Secretary entertained the kiddies with stories and games. They were given refreshments before leaving. A picnic for the same group was given for them at the Experimental Farm in July.

During the summer months the home was busy with transient visitors. By September many applications were in for permanent boarders. Our largest number during the year at one time was twenty-six girls and four coming in for meals. Among these were nine students, thirteen business girls and two teachers. This is a larger number than we ever expected to have. It goes to show the appreciation of the life which the Y.W.C.A. affords.

In July Miss Mills tendered her resignation and left us in September. On account of her many good qualities and her great ability, we were sorry indeed to part with her. A great deal of the success of the Y.W.C.A. is due to her, and we are pleased to say that on every occasion she used the best of judgment for the welfare of Mrs. Muggford, our very efficient house mother still remains a kindly interest in all pertaining to the success of the home.

We were fortunate, indeed, in securing Miss Hall from Toronto to fill Miss Mills' position. Since coming to us she has made many friends, and is fitted so well for the work in every way. Many ideas have been suggested and which have been carried out and show her splendid training and love for this work among girls.

During the year twelve business meetings have been held, at which the Directors were well represented and heard the monthly report of the Secretary. A social meeting for the members and their friends was held in November and proved most successful, about one hundred were present. A short programme was carried out and a pleasant so-

Caucus Decides To Return to Old Name

(Special to The Guardian.)
OTTAWA, March 7.—Members of the National Liberal and Conservative party in caucus this morning decided to return to the old name of Conservative. A national convention is to be held sometime this fall, probably in September, at which it is proposed to have all parts of Canada represented. The permanent organization committee of the party is meeting this afternoon for the purpose of arranging for that convention and on that date, etc., is left in the hands of the committee to be fixed.

Rt. Hon. Arthur Meighen As Leader

(Special to The Guardian.)
OTTAWA, March 7.—Right Hon. Arthur Meighen was acclaimed leader of the National Liberal and Conservative party at the meeting of members and supporters of that party held in the reading room of the House of Commons this afternoon. The meeting, which lasted for over three hours before adjournment until 10 o'clock yesterday was closed to the press but a brief official statement was made at the close.

Father and Son Banquet At Baptist Church

The annual "Father and Son" banquet of the Baptist Church was held at 645 last evening in the schoolroom.

The position of toast master was gracefully filled by Mr. J. K. Ross. After a delightful supper, served by the ladies of the congregation, some time was pleasantly spent in a "sing song" led by Dr. Yea, w. Miss Acorn at the piano.

The following was the toast list: "The King," "Our Dads," proposed by Lloyd Jenkins and responded to by E. D. Stoen; "Our Sons," proposed by W. Butler and responded to by Sidney Burdick; "Our Mothers and Sisters," proposed by Douglas Gordon and responded to very gracefully by Mr. Campbell. A magnificent address, "Father and Son" was given by Rev. Walter H. Auld. Rev. H. R. Starvo followed with a brief but impressive speech.

Resolutions of greeting to other churches holding similar banquets were proposed by Messrs. Charles Elsnor and C. H. Dingwell and sent by special messenger. A brief address, with greetings, from the Methodist Church was given by Mr. Arthur Gregg. Brief speeches were made by Messrs. J. A. Clark, Mayor Jenkins, A. T. Webster, M. R. Beith and others, and a delightful evening closed with the "National Anthem."

Plans are laid for a sale of the work done by the girls before Easter, the proceeds to be given towards equipment for the gymnasium.

A small night school for girls desiring help in Public School work has been carried on. We are indebted to Miss Watson and to Miss Graham for their help.

Miss Kennedy conducted a sewing class for ten weeks and Miss Seaman a military class. The military class has been interrupted by Miss Seaman's absence from town but will continue after her return.

Nine sustaining members, sixty-four active members and twenty-eight junior members have paid dues during the year. In the death of Mrs. Pomeroy, we lost one of the two life members of the Association.

Before closing I should like to express my appreciation of the consideration shown me by the members of the Board and of the Association during the five months I have held the position of Secretary. I no longer feel a stranger amongst you, and trust, as I know you all better, I shall be able to carry on the work entrusted to me more efficiently.

All of which is respectfully submitted.

DOROTHY L. HALE,
General Secretary.

Results of Washington Conference

(Special to The Guardian.)
LONDON, March 7.—Austen Chamberlain, the Government leader, today told the House of Commons that the cost of the British delegation to the Washington conference was not expected to exceed £50,000. He said the abandonment of the construction of four capital ships would mean a saving in 1922 of approximately £3,000,000 and ultimately a saving of £30,000,000 would result from the Washington conference. Total savings on estimates for 1922 and 1923 probably would exceed £10,000,000, he added.

Child's Life Saved By Movie Comedy

ATLANTIC CITY, N. J., March 7.—Geddy motion pictures are credited with effecting the recovery of Katherine Hartwell, seven years old, of Pleasantville, an inmate of the children's sanatorium in Chelsea.

(The child had become weak and emaciated; she had scarcely slept for a month and was reduced to a state of helplessness, when she could only with difficulty make any voluntary motion. Today she is reported on the rapid road to complete recovery.)

Henry Wink, of London, England, a wealthy picture magnate who believes a happy frame of mind does much to help along patients, and plans the inauguration of a hospital service, staged a show on that evening at the institution. He passed the cot of the little girl on his way to the assembly room.

"Too bad this little one can't go too," commented Miss Elva Harrison, the child's nurse.

"Why can't she go?" the visitor inquired.

"Little Katherine hasn't much longer to live; the doctors don't expect her to be with us more than a few hours," was the answer.

Just then Katherine's eyes opened and a most wonderful smile lighted up her countenance. Mr. Wink's heart was touched.

"Well, if this poor little creature has only a few hours to live, what harm can be done if we try to brighten one of them?" he asked.

She was made as comfortable as possible in the auditorium. There was a comic picture on the screen as the child opened her eyes at the suggestion of the nurse. At first, Katherine watched the film listlessly; then she began to take a closer interest. That night she slept, the first full night's slumber in a month. On the following day she could move, now they look for her recovery.

Will Erect Memorial To Late Canon Simpson

New Front for St. Peter's Cathedral Will be Erected from Plans of Mr. J. E. Harris at an Estimated Cost of \$10,000.

At a meeting of St. Peter's Cathedral congregation, held Monday evening it was decided to erect a memorial to the late Rev. Canon Simpson, a handsome front for the Cathedral, from plans to be prepared by Mr. James E. Harris, Architect. Committees were named for the collection of the money required, estimated at about ten thousand dollars and a general committee was appointed to carry on the work. At the close of the meeting it was announced that the first contribution of 5 guineas has been received from a lady in England, and that a gentleman of this city, a friend of the late Canon Simpson, not a member of the congregation, had promised a subscription of \$500.00.

Quebec to Get Two Senatorships

(Special to The Guardian.)
OTTAWA, March 7.—Two Senatorships will be filled almost immediately by the vacancy in Quebec. Rev. Geo. Mitchell of Summerside was elected Moderator and Rev. G. A. Christie of Alberton was appointed clerk. The attendance was one of the largest in the history of the Presbytery, all but four ministers being present in addition to about one half the elders of the churches throughout the province.

Report of French Economic Experts Is Made Ready

PARIS, March 7.—French experts named to make technical studies on European financial and economic conditions preparatory to the Genoa conference completed their report, which goes to Premier Poincaré tomorrow. It will then go to the Cabinet, and its approval will give it the form of instructions for the French delegates to the preliminary meetings opening in London probably next week.

The problems studied by the French are similar to those being considered by the experts of the other leading nations which will participate in the Genoa meeting. The questions are divided into commercial, financial and transportation. A consorting plan for Russia is being drawn up in London separately from the plans for other European nations.

The commercial problem relates to the opening of credits on the world markets for countries of Europe with exchanges so diversified that in existing conditions they cannot make purchases of great amounts. It is understood English and French views are somewhat at odds in theory. The British favor large credits which can be used to purchase manufactured products in England and other countries. The French believe these credits should be freed toward production and raw materials in order to utilize the labor of the different countries. However, this divergence probably is more theoretical than practical, since once credits are extended to the Central European countries these countries will have a certain latitude about what they buy and where they will buy it.

Problem of Exchange.

[There has been a great deal of consideration of the difficult problem of exchange. The present unreasonably high value of the franc has shown Frenchmen a too rapid restoration of exchange is a bad thing, and the reality has knocked into a cocked hat some theories of the politicians.]

The transport issue resolves itself into consideration of plans to lessen political delays in railroad traffic and a guarantee to the railroads of one country of the return of their rolling stock, which goes into another country.

Naturally the studies of the experts of the different countries still are somewhat theoretical. They form the preliminary work of individual nations preparatory to preliminary work of Allied experts sitting together at London to prepare the agenda of the Genoa conference.

There is a prospect now, it was said at the French Foreign Office today, that the Genoa conference will be again postponed. At Bologna the French and British premiers decided to ask the Italian government to call the meeting for April 10. However, the fact that the falls in Holy Week has led to a widespread desire for further delay of some ten days.

The fact that Mr. Lloyd George needs to be in London in the last of April gives rise to a report it may be put off until May 1. Inasmuch as the conference is expected to last at least two months, the warmth of the Genoa temperature

Stores Robbed

SYDNEY, March 7.—A gang of burglars last night robbed three stores at Gladstone Bay, succeeding in breaking one safe, while a second resisted their efforts to blow it.

The police are looking for five young men supposed to be implicated.

The meeting will be held in some other city.

Should America decline the invitation to the economic party, it would probably go to Geneva, but so long as there is a chance of the United States coming in the conference will be kept away from a neighborhood which Lloyd George believes would frighten the Washington administration with the ghost of the "dead" League of Nations.

The Weather, Temperature, Tide, Moon, Etc.

TORONTO, March 8.—Strong winds and gales, southwest and northwest. Fairly fair and becoming colder.

High tide this afternoon at 4:48 and tomorrow morning at 7:06.

Sun sets this afternoon at 6:57 and rises tomorrow morning at 6:23.
