Rideaus Here Tonight

Ottawa Rideaus and Abbies will usher in the 1932-33 hockey season here tonight, and at the same time local fans will have an opportunity of witnessing for the first time on local ice the forward pass adopted this year by the Canadian Amateur Hockey Association.

The Upper Canadians are coming full strength and will no doubt bend every effort and resort to every hockey move in their repertoire to annex a win from the Gardner clan who are reported to be in good early season shape.

Reports from the Forum last night were to the effect that a bumper opening season crowd will be on hand to welcome Jimmy Gardner and his new Red Shirts.

The Lineup

Coach Gardner gave out the following Abbie lineup for tonight's game with Rideaus. Goal, Bubart; Defence, Gross, Oliver, Ferguson; Left wing, Schwab; Centre, Jemmett; Right wing, Kane; Left wing, McArthur; Centre, Beaton; Right wing, Hudson; Left wing, Squarebriggs; Centre, Lawlor; Right wing, Esterbooks; Left wing, Nicholson; Right wing, Saunders; Right Wing, Bradley.

Mitchell Selected

Some time ago it was announced that the Canadian Amateur Hockey Association would send a referee to the Maritime Provinces to meet the referees in this section for instructional purposes. Jimmy Mitchell, who officiated at the Dalhousie Rangers games at Montreal last season, has been selected for this purpose, but it is not yet known when he will be here. The idea is to have referees throughout the Dominion all working on the same basis.

U. N. B. favorites to cap the semi-final football clash from Fredericton City are no doubt a disappointed band of ruggers today. Their stocks soared mightily in this province as elsewhere, but there's always a slip twist cup and lip—and now the N. B. capital aggregation will meet Caledonia for the Maritime championship. Pick the winner? Not yours truly!

REMEMBRANCE DAY AT SOURIS CONVENT

On Friday, November the 11th, Remembrance Day was very patriotically observed by the pupils of St. Mary's Convent, Souris.

After the service and placing of the wreath in St. Mary's Cemetery, in memory of their fallen comrades, the members of the Canadian Legion B. E. S. L., were invited to the convent. Here an elaborate and appropriate program of choral numbers and recitations, was presented to the returned men and the people of Souris.

At the conclusion Comrade Peter B. McLellan on behalf of the members of the Legion thanked the sisters and pupils of the Convent for their kindness in inviting them to be present at their excellent program.

Mr. McLellan in referring to the opening chorus "In Flanders Fields" said that song brings back memories to the men here today, of the time when they laid many of their comrades to rest beneath these poppies of which you sang this morning.

Following is the Remembrance Day Program:

Opening chorus — "In Flanders Fields"—Seniors.

Concert Recitation—"The Silent Coast" by Grades IX and X, introduction by Marjorie Cheverie.

"The Day We Celebrate"—Helen Byrne.

Recitation by the wee tots—"Our Country".

Chorus, Grades III and IV—"What Can We Do For Remembrance Day?" by Rita Condon, Gertrude Paquet, Helen Cheverie, Marjorie M. McFritosh, Eileen Byrne and Viola Cheverie.

Recitation — "Where Poppies Grow", Nora McLean, M. Lillian McLean, M. E. Cheverie.

Chorus—"Rest! Soldiers, Rest!"

Armistice Day Aerostic—Grades V and VI.

Flag Drill — "Remembrance"—Grades VII and VIII.

Patriotic Chorus—Whole School.

God Save The King.

The Sisters, the pupils and the teacher Sister St. Wilfred,

GOLF CLUB NAME OFFICERS

The annual meeting of the Charlottetown Golf Club was held last evening and was largely attended. The following officers were elected:

President—L. D. Murray.
Vice President—W. F. Taylor.
Secretary—H. W. Weeks.
Treasurer—W. T. Parker.
Directors—W. E. Cotton, Dr. C. H. Beer, A. B. Cosh, F. B. Conrad.

Indians of Canada Showing Increase

EDMONTON, Nov. 15.—Canada's native races are increasing in population, according to official figures and estimates. Today the Indians number 122,920, which is an increase of some 17,000 in twenty years. Of the Eskimos there are 5,979. It was the first counting of heads among the Eskimo tribes, which exist principally in the Northwest Territories, but an estimate made ten years ago by the Royal Canadian Mounted Police and missionaries placed their total at not more than 3,000.

Canadian Indians are wards of the state and most of them live on reserves. They are located in all the provinces, but Ontario has the lead with 30,368 descendants of the aborigines and British Columbia is a close second with 24,599.

Officials of the Department of Indian Affairs believe there are more Indians in Canada now than there were when the first white man arrived more than four centuries ago. It is impossible, of course, to prove this theory, as the Indians who roved the forest primeval were not bothered by census takers, but there are voluminous records still in existence which give them a basis for their conviction. They attribute the recorded increase of recent years to improved sanitary conditions among the tribesmen and more efficient supervision of their affairs.

"Is there any truth in the report that a Scoteman bought the petrol filling station?" "Well, I don't know for sure, but the 'free air' sign has been taken down."

Jones: "By the way, Brown, your brother who was trying so hard to get a Government job, what is he doing now?"
Brown: "Oh, nothing; he got the job."

are to be congratulated on their splendid contribution to the Remembrance Day Program of the town of Souris.

Canada Declares War on Parasites

MONTREAL, Nov. 15.—Through the co-operation and support of the Empire Marketing Board, the National Research Council of Canada and other interested bodies, a new Institute of Parasitology is being opened at Macdonald College, which is affiliated with McGill University. It is the purpose of the Institute to study the life history of parasites in animals and birds, and to learn how their removal can be effected. It is estimated that Canada loses 2,000,000 pounds a year in poultry and domestic animals through parasites, and there are heavy losses in fur-bearing animals also which will come under consideration.

In charge of the Institute is Dr. T. W. M. Cameron, a veterinary surgeon, formerly of the London School of Hygiene and Tropical Medicine and for the past three years of Edinburgh University, where he established a special department of parasitology. A building has been provided for Dr. Cameron's researches, and he will have a corps of assistants.

"Our interest," said Dr. Cameron in talking of his plans, "is not so much in studying the parasitic worms themselves, for many of the types already are known. We want rather to find out how they live in animals, what they do, and the best way to get rid of them." So little was known on the subject, he

WOLVERINES BEST OTTAWA

Halifax Squad Top Heavy In 6 To 1 Win.

(Canadian Press)
HALIFAX, N. S., Nov. 15.—Halifax Wolverines smothered Ottawa Rideaus under a rubber fusillade tonight to defeat the visiting squad 6-1 in an exhibition game at the local forum. The teams had played to a 4-4 tie last night.

Wolverines, who scored three goals in the first period of last night's game, only to see that lead slip away, were on their toes to hold the edge in the second contest. In the course of a whirlwind first period, Shields, Kennedy, McNeill and Lennon beat out Johnson, all except McNeill's effort being scored unassisted.

The pace slackened somewhat in the second session, but in the third the home forces broke out again, Lennon and McGlashan doing the trick. Half way through the period Sheppard took Morrison's rebound to save Rideaus from the white-wash. Leo Sargent, former Truro Bearcat goalie, appeared in the cage for Halifax tonight and did a competent job.

Christmas Tree Cutting Curtailed By Fewer Orders

FREDERICTON, Nov. 15.—A falling off in the Christmas tree export trade from New Brunswick to the United States this year will be about thirty per cent. below that of last year according to the buyers who are making their headquarters in this city. The decrease comes as the result of the general economic conditions and the cancellation of orders by merchants who are refusing to handle the evergreens.

New Brunswick under normal conditions exports about 225 cars of Christmas trees to the United States but this year the number will fall far below, and about 150 cars is expected to be the maximum number to leave the Province. Beginning November 18th the first shipments of the year will leave the Province when Donald L. Nixon who for the past number of years makes his headquarters here will ship about eighteen cars and on the 24th B. F. Mervine expects to ship about thirty-five cars to the larger cities in the eastern sections of the United States. Last year on Christmas day several of the buyers had several cars of trees left on the cars which were taken over by the railroad companies and used for fills along their lines.

Towards the end of the month cutting operations will be discontinued unless further orders are received which is considered not likely under the present existing conditions. Ordinarily people who in time of plenty would have a tree to add to the Yuletide festivities will do without this year. One buyer received a letter this morning stating it was doubtful if he could place orders in Washington, D. C., and from another city he was informed that things were very "tight."

There are roomers and "rumors" in many a boarding house.

said, that it was necessary to start practically from the beginning, and minute and detailed observation would be required. The first experiments will be with sheep, pigs and poultry.

Title Bout Battaglia's Objective

NEW YORK, Nov. 15.—(C.P.)—There is restlessness in the middle-weight boxing ranks; there is plenty of uneasiness too. There is more interest in this class right now than there has been since Mickey Walker ruled as king.

The cause of it all is a pleasant-faced Canadian kid from Winnipeg named Frankie Battaglia. Last week in Chicago he hammered young Terry of Trenton, N. J., into merciless submission in seven rounds.

That bout didn't cause all the commotion, it nearly capped the display Battaglia gave here in meeting "Chick" Devlin, a good defensive fighter, who learned to take pugilism's knocks in Vancouver.

New York Likes Canadian

Today Gotham fans are crying for another look at the Winnipeg clouter. And, while several prominent prospects are already clamoring for the bout, it looks like the Canadian will get the first crack at Marcel Thil, the bald-headed Frenchman, and his world's middle weight crown.

Despite the pleas of Devlin, Vince Dundee, Gorilla Jones, who Thil whipped in France, Ben Jey and others, Battaglia is the popular choice.

Negotiations are proceeding to match him with the winner of the Jey-Devlin fight to be held here Nov. 21. He has already met both. Knocking out the former with one sock in the first round, he was given a draw with Devlin, although practically everyone present believed he had won the decision.

Jey and Devlin are matched for what the New York State Boxing Commission says is the middle-weight title, which should just about prove how good the Winnipeg boy is.

Burch Last Of Former Stars

NEW YORK, Nov. 15.—When that collection of star-spangled, steel-shod athletes known as the New York Americans, comes streaking out on to Madison Square Garden's ice Thursday, Nov. 17, to face Boston in the National Hockey League season opener—Billy Burch will be missing from the New York line-up for the first time in seven years.

He is the last of the original American sextet to go and his going reminds us that it was in 1925 that big league hockey invaded New York and sprang, overnight, into great popularity in the northern United States.

Just seven years ago! Why, that can't be true! But it is—pro, hockey has become so popular in the United States that it now seems as though the United States has always had the sport.

The Americans weren't the first professional hockey club in the United States by a long shot. Pro hockey was played on the Pacific coast 15 years ago. The Boston Bruins joined the National League in 1924.

But not until pro. hockey invaded New York in late autumn of 1925 did the game really expand in the United States. It jumped into overnight popularity. Pittsburgh entered the pro. ice arena the same season.

When the pro. teams took to the ice the following year three more teams represented the United States—the New York Rangers, Detroit Cougars and Chicago Black Hawks.

Minor leagues were also organized in the United States and have continued to flourish despite the depression.

The original Americans took the ice their initial year in this fashion; Burch was at centre, Vernon Forbes in the net, Charley Langlois and Ken Randall at the defence posts and Red and Shorty Green brothers as forwards, Tommy Gorman piloted the team.

They were a capable bunch, but they failed to win the Stanley Cup, goal of big league sextets.

Shorty Green succeeded Gorman as manager. In all the Americans have tried five managers but none have been able to pilot the spangled crew to a cup victory, though their city rivals, the New York Rangers, and the Boston Bruins achieved the honor. One by one—the Greens, Langlois, Randall and Forbes dropped from sight. But Burch carried on.

Burch became one of the most valuable players in the league. In the last season or two, Old Dad Time has been slowing him up.

NOTE:—The first Pro. hockey league was organized in the season of 1905-06, with five teams, Jimmy Gardner, Abbie coach was a member of Calumet, Mich. team in that league.—Sport Ed.

ABEGWEIT CLUB HOLDS ANNUAL MEETING

Reports And Suggestions Received. Mr. John Williams New President.

The spirit of optimism for sport and all lines of athletic endeavour prevailed at the annual meeting of the Abegweit Amateur Athletic Association held last evening in the Board of Trade Rooms. Reports were received from committees in charge of various branches of sport. The President, Dr. F. C. Dougan, occupied the chair.

At an executive meeting following the annual meeting, the following officers and committees were appointed:

President—Mr. John Williams.
Vice-President—Mr. James McCallum.
Treasurer—Mr. B. R. Brown.
Secretary—Mr. Charles Stewart.
Hockey Committee—Messrs. Jas. McCallum, Dr. F. C. Dougan, Geo. Hooper, Chas. Stewart.
Football Committee—Messrs. Neil Mathieson, W. J. MacDonald, Jack Connolly.
Baseball Committee—Messrs. Nelson Whitlock, George Francis, E. F. Acorn, Dr. F. C. Dougan.

Track and Field Committee—Messrs. S. F. Doyle, James McCallum, George Hooper, Lou Campbell, Ernest McInnis.
Grounds Committee—Messrs. B. R. Brown, Nelson Whitlock, with power to add to their number.
Finance Committee—Messrs. B. R. Brown, Chas. Stewart, Dr. I. J. Yeo.
Social Committee—E. F. Acorn, Earl McInnis.

There was a fair attendance at the meeting. The minutes of the last annual meeting were read by the Secretary, Mr. James McCallum, and were adopted.

The President, Dr. F. C. Dougan, then presented his annual report. He reported that while no championships were won, the club had as ever, fostered good, clean sport. The hockey team had done well, although it had failed to win the Maritime championship. The baseball team in the semi-finals, had made a very creditable showing. The football team had not been successful in its Island championship series. Little had been done in the realm of track and field.

Mr. J. E. Sterns then presented the financial report.

The club had the largest operating surplus of years, due to economies effected, and to large receipts received from hockey and from the carnival. There was a credit balance of assets over liabilities of \$169.89. A detailed report of receipts and expenditures was presented and adopted.

Mr. George Hooper stated that the hockey committee had nothing to report.

Mr. B. R. Brown reported for football. There was great difficulty in holding practices. The team won one game, tied one, and lost two during the season.

Mr. St. Clair Trainor spoke of the difficulties facing the football committee. Years of effort resulted in having an exceptionally good team in 1930. Tribute was paid to Mr. W. J. MacDonald for the work he had done in promoting this game.

Appreciation of the work of Mr. Trainor was also expressed by several present. Regret was expressed on his resignation from the executive.

Mr. S. F. Doyle stated that he had been delegated to attend the Maritime Rugby meeting at Halifax. The team now had the privilege of playing off for the Maritime Rugby championship. It was entirely up to the players as to whether the team was to be successful or not.

Mr. John Williams reporting for the baseball committee, thanked the members of his committee for the co-operation given. He also thanked Dr. F. C. Dougan for interest and help. He suggested that baseball be handled differently in the future. The team had played only two games prior to entering the championship series. He suggested that early in the season games be played with other Maritime teams.

Mr. S. F. Doyle reported that little could be said regarding track and field. Some of the athletes had done very well in a local meet. In the Maritime championships Lodge had won the mile. George

U. N. B. Defeated By Fredericton

Fast Capital Team Upsets Dope When Clark Scores A Penalty Drop Kick.

(Canadian Press)
FREDERICTON, N. B., Nov. 15.—Fredericton City's hard tackling rugby team halted University of New Brunswick's wave of victories by the narrow margin of three points here today. The only score was a neat drop kick by Shorty Clark on a penalty imposed against U. N. B. for an offside.

The victory gave Fredericton City senior rugby supremacy in New Brunswick and the right to enter the McCurdy Cup Maritime semi-final with Caledonia of Glace Bay, N. S.

Holy Name Club Bowling

Last night on the Holy Name Alleys, the "Stars" defeated the "Arrows" by a good majority. Ber. McMillan rolled high single of 264 plus, P. Doyle rolled high three of 663 pins.

Following are the scores:

"Arrows"

R. Duncan	202	249	161
F. Buote	184	123	177
J. Doyle	144	151	101
F. Doucette	198	152	181
W. Craswell	180	164	201
Total	2581		

"Stars"

T. Creighan	167	219	194
P. Doyle	191	246	226
M. Bojer	141	231	211
H. Harley	154	133	134
B. McMillan	143	264	242
Total	2896		

Tonight at 6.45 sharp, the "Alerts" meet the "Hawks."

LADIES' BOWLING

"Kant Namous"

K. Coyle	258	160	181

G. Keenan 162 127 92
Total—2183.

"Pirates"

B. Mallett	150	95	171
P. Gaudet	133	172	134
E. Halloran	92	55	119
T. Paquette	151	157	115
A. Higgins	97	147	164
Total	1956		

High single, K. Coyle, 258 pins.
High three, K. Coyle, 601 pins.

A New Test For Death

Although modern processes of embalming preclude burial alive the dead in Europe are evidently still disposed of by methods that were in vogue a century and more ago. At least this inference is to be drawn from a request that came to the Parisian Academy of Medicine from the French Chamber of Deputies last year. The Chamber wanted to know what tests could be applied to determine whether or not a person pronounced dead was really alive. Thereupon Dr. Balthazard presented to the academy a paper in which the standard tests were listed and discussed.

Now comes Dr. H. Bordier, also of the academy, with a method which is apparently new and infallible. He starts with the assumption that while there is life there is always some circulation of the blood and other bodily liquids, even though there is no noticeable pulse or beating of the heart. Therefore he sends an electric current (1,500 milliamperes) through the body. With a very delicate thermometer thrust into the mouth he measures any change in temperature that may result. If there is still the faintest spark of life there is always a rise, although it may not manifest itself for twenty or thirty minutes.

Mr. George Hooper informed the meeting that the Forum was offering practice periods and the services of the coach for a second Abegweit team. The Millionaires hockey team had done very well last year.

Mr. E. F. Acorn supported the idea of sponsoring a second team. There was an opportunity to teach the boys something of hockey. He was glad that the Forum was co-operating.

Mr. Wellington Dixon believed that the club should give every support to juniors and intermediates. If those teams were neglected there would be no senior team existing in a few years.

Mr. R. B. Brown stated that he would give all the time he could to support sport among the local boys, and he would support every effort to develop hockey.

The offer which the Forum presented was read by the Secretary.

The following were elected to the executive to take the place of the five members whose term expired: E. McInnis, E. F. Acorn, Chas. Stewart, George Francis and Jack Connolly.

Mr. Douglas Egyptian Liniment makes the finest blister known. Invaluable for stock. Leaves the hair roots in natural and healthy condition. Hair comes back. No scar remains.

No woman wants her nose to be a shining example.
