## WINNIPEG STRIKE BELIEVED OVER

### METAL WORKERS EMPLOYERS AGREE TO WAGE INCREASES AND TAKE MEN BACK

(Special to The Guardian)

FORTWILLIAM, May 22.—Word reached here late this afternoon from Montreal but thoroughly reliable sources that the Winnipeg strike may terminate tomorrow. It is said that the metal workers' employers agree to take the men back, recognize the union and grant increase in wages but no concession in the matter of shorter hours is stated so far as known. There is also a stipulation that sympathetic strikers, both union and non-union, are to be reinstated to their positions on a pre-strike basis.

\$200,000 Sent by Courier.

OTTAWA, May 22.—With over \$200,000 worth of checks in his possession, a special messenger of the Pay Branch Department of Militia, started for Winnipeg Monday to deliver personally pensions, assigned pay and separation allowance, checks to soldiers and their wives. It is impossible to deliver the checks by mail owing to the strike of the postal employes in the Post Office department. It was realized that unless something was done a great deal of suffering and want would exist among the soldiers and their wives.

The Government had checks made out as usual, but when it was evident the strike was going to continue and prevent delivery of the money, a special messenger was arranged for, and is now in Winnipeg. His work is now well on the way to completion. This big government department finds it within its power to take this kindly interest in the soldiers' dependents. The energy, forethought and good common sense on the part of the Pay Department is not only appreciated by the people of the western city, but by the remainder of the country as well.

Resumption of Enterprises.

WINNIPEG, May 22.—Aggressive resumption of commercial enterprises in Winnipeg, which had been paralyzed by the general strike, began this forenoon while high government officials were conferring with union leaders regarding a settlement of the industrial disagreement. The general strike has been in progress one week.

20,000 Bags of Mail Tied up.

THIEF RIVER FALLS, MINN., May 22.—A deputation of Americans, mostly actors, waited on Mr. Ryder, U. S. Consul General, here and asked him to notify Washington to see if there is not some way by which they can get their mail which is tied up in the Winnipeg Post Office by the strike. There is much registered mail the property of United States citizens there and it is causing much inconvenience and some suffering. Mr. Ryder said he would try.

Twenty thousand sacks of mail are piled up in the post office postal warehouse and at the various stations. Even the soldiers and their families are not allowed to get at sorting as they did in the previous post office strike. There is therefore much need in the families of returned men and of those who are still overseas.

## ITALY IS ASKED TO EXPLAIN

### BRITAIN, FRANCE AND U. S. ASK WHY ITALY INVADED TURKEY.

A Sharp Controversy Between Premier Orlando and Venizelos. Latter Retires from Meeting

(Special to The Guardian)

PARIS, May 22.—It has been learned in trustworthy quarters that Great Britain, France and the United States have united in sending a note to Italy requesting an explanation of the landing of Italian forces in Turkey. Premier Orlando is said to have made a reply to the Council of Four after a sharp personal incident, during which he objected to the presence of Premier Venizelos of Greece. The latter retired from the meeting. The Italians landed forces at Adalia, Bedrum and Makri during the period when Premier Orlando and Foreign Minister Sonnino had withdrawn from the peace conference making the landings without notice to the Allies. The nature of the Italian reply and whether it was acceptable to the senders of the note was not known this forenoon.

## CASHIN ASKED TO FORM CABINET

### CAUSE OF CABINET CRISIS IN ST. JOHN'S WAS JEALOUSY OF PARTIES

(Special to The Guardian)

ST. JOHN'S, May 22.—It is understood that former Finance Minister Cashin, who resigned yesterday thereby forcing a crisis which led to the resignation of the Lloyd cabinet, was invited by the Governor today to form a new ministry and that the former is now considering the matter. The cause of the cabinet crisis was differences between elements composing the ministry of the section known as the Fishermen's Union and led by Premier Lloyd was regarded by the other as trying to usurp control of the majority seats at the next election and thereby dominate the legislature. The other party led by Cashin, desires representation on the basis of the relative strength of the parties when the present party was elected six years ago.

## GERMANS BUSY WITH AGITATORS

### ONE GROUP OF GERMANS PREFERS PEACE TERMS TO BOLSHEVISM.

(Special to The Guardian)

PARIS, May 22.—The eight days granted the Germans before the time limit for the submission of replies to the Allied peace terms expires, will not be devoted exclusively to the drafting of notes of Versailles, but will be employed at Berlin for the purpose of quieting agitation there, according to newspapers here. It is pointed out that there is an influential party in Germany made up of Independent and Majority Socialists, which favors the signing of treaty. Bankers, manufacturers and business men generally as well as the military authorities are said to share this view, believing, it is declared, that anything is preferable to Bolshevism, which might engulf Germany if she refuses to sign the peace treaty. Philipps Schiedemann, the German Chancellor, and Gustave Noske, Minister of Defence, it is said, have compromised their position by exaggerated statements, and have placed themselves in a difficult situation.

## Auspicious Opening Of Y.W.C.A. Home

The dedication and formal opening of the Y. W. C. A. in Charlottetown took place last evening under very auspicious circumstances. The charming night, the full tide, the superb situation, together with the large number of ladies and gentlemen, and the music of the Fourth Regiment Band, all combined to make this the most pleasing and successful event which has taken place in the city for some time.

After several selections from the Fourth Regiment Band, the Chairman, Mr. Justice Hazard, called the meeting to order in the commodious reception room. At his call the people gathered from all parts of the house and the grounds when it was found that the accommodation inside was not nearly sufficient, and the people gathered around the doors and windows to take part in the opening service.

Mr. Justice Hazard, in his opening remarks, referred to the work that had been done by the trustees of the Cundall Estate in conjunction with the representatives of the Y. W. C. A., and congratulated the ladies on the fine success that had followed their efforts. The opening of the building tonight, he said, gave very large promise for the carrying out of a much needed work in the community.

He then gave out the hymn "O God Our Help in Ages Past," after which he called upon Rev. Canon Simpson to proceed with the dedicatory service.

The 91st Psalm was read by the Rev. A. C. Field, and the prayers of dedication by the Rev. Canon Simpson.

His Honor, the Lieutenant Governor, in a few well chosen sentences, recalled his association with the late Mr. Cundall, emphasized the value of the institution, congratulated the ladies upon their work, and formally declared the Y. W. C. A. Home open for the use and purpose for which it was designed.

Short addresses were then made by Reverends Dr. Fullerton, D. McLean, G. C. Taylor, A. C. Field, Canon Simpson, and O. Peters.

This was followed by an address from Miss E. F. Jones, the Y.W.C.A. organizer, who stated that after a year's working and planning they had at last realized their object. She outlined very briefly the work as physical, mental, moral and spiritual. His Worship the Mayor in a very happy address, congratulated all concerned on what he regarded as a valuable addition to the life of the community and wished them every success in the work of the institution.

This closed the first part of the program. Refreshments daintily served by the young ladies in waiting comprised the second section of the evening and a very enjoyable social program was spent.

On every hand were heard congratulatory remarks on the fine equipment of the building, and on the splendid capabilities it has for rendering an excellent service to the young women who, away from their homes, are surrounded by such surroundings as are calculated to keep them in touch with home life.

Beaconsfield, the home of the Y. W. C. A., in this city is one of the most beautiful to be found anywhere. The location is ideal, affording a magnificent view of Charlottetown harbor and the surrounding country.

It would indeed be difficult to find a more ideal site for such a home.

The building was made ready for occupation in March. The first boarders came in on the 17th of that month. Now every one of the sixteen bedrooms has been engaged there being a total of twenty permanent boarders in the institution and three transients.

The first floor contains the club room, a spacious reception room and a library which will have some 250 books, also most of the current magazines and newspapers which the public may have the use of, and a beautiful dining room, where the sunlight has plenty of opportunity to enter and add brightness and cheer.

The apartments are very tastefully finished, the drawing room decorations being in blue and gold.

The bedrooms are pictures of neatness, bright and airy. All the rooms on the first floor are provided with hot and cold water and they have been prettily tinted and painted throughout.

In addition to the rooms for boarders there are three for the servants, each equipped with a bath. Every floor contains a sewing machine, which needless to say is a much appreciated boon and there is a well

## GERMAN GIVEN UNTIL MAY 29

### TO SUBMIT THEIR OBSERVATIONS ON THE PEACE TREATY TO THE PEACE COUNCIL

(Special to The Guardian)

PARIS, May 22.—The Council of Four this evening extended one week or until May 29, the time within which the German plenipotentiaries must submit their observations on the peace treaty. The time limit would have expired tomorrow. The Germans represented that they were unable to prepare their memoranda on the treaty within the limit set. The Germans have given notice of their intention to submit six notes in addition to that requesting more time. These deal with labor reparations, Alsace Lorraine, the eastern boundary adjustment, the occupied territory and the disposition of German property. The Allies are not disposed to make concessions but their decision to give the Germans more time indicates that they are willing to provide every opportunity for the Germans to present their case.

The grounds surrounding the home afford ample space for recreation and provision is being made for tennis, croquet and basket ball.

## "HOLD OUT" AT ALL COST

(Special to The Guardian)

VIENNA, May 22.—"Hold out at all costs," is the wireless word sent to Bela Kun, the Hungarian communist leader, by Leon Trotsky, the Russian Bolshevik Minister of War, in a new code arranged by airplane a week ago so that the Allies might not intercept messages.

The Hungarian Red army has orders, it is affirmed here, to burn Budapest and slay all hostages and then scatter to the four winds in case the attacks of the Bolshevik army in East Roumania fail and also if the Serb-Czecho advance succeeds.

## Alberta Also Threatens Strike

(From our own Correspondent)

OTTAWA, May 22.—Information was received by the Labor Department that the Provincial Federation of Labor in Alberta, will take a vote as to calling a general strike in sympathy with the Winnipeg situation. If the strike is decided on it is possible that should the Winnipeg trouble be adjusted no strike order would be issued even though the vote would favor it.

The department also has been informed by the Director of Coal Operations in District 16, that all coal miners in that district will strike on Saturday. This is not a sympathetic strike, but grows out of smaller difficulties between operators and workers.

## Former Crown Prince Liable to Trial

(Special to The Guardian)

LONDON, May 22.—Frederick William Hohenzollern, the former German Crown Prince will be liable to trial under the terms of the German Peace Treaty, it was declared by Andrew Bonar Law, the Government leader in the House of Commons yesterday. ## TITLE BUSTERS MEET SNAGS

### MEMBERS REGARD IT AS IMPROBABLE TO DICTATE TO KING RE TITLES

(From our own Correspondent)

OTTAWA, May 22.—"Title Busters," who reported this afternoon suggesting that a petition be sent to His Majesty requesting that in future no titles be granted to British subjects in Canada, found to their surprise that the House was not altogether in accord with their views. This committee was appointed some time ago to consider the whole question of titles in Canada and prepare a report for submission to the House. That report, after much delay, was presented to the House this afternoon. Briefly, it recommends, as stated, that titles of honor die in Canada with the death of those now holding them, and that no more be granted.

W. F. Nickle, who introduced the first anti-title resolution in the House, R. L. Richardson and others, made vigorous speeches supporting the report. The committee found to their surprise that their opinion on the matter was not classified according to political allegiance. Several members of the Opposition expressed the opinion that while Canada wanted to be truly democratic and titles were not an evidence of democracy, it is not the place of the House to recommend to the King what he should do in such cases, but that, as he granted titles on his own initiative it was a matter almost of impertinence for the House to dictate to him. A considerable part of the debate hinged on titles and decorations given in war. Some members felt that if the committee's report carried men who had won such distinctions as C.M.G., etc., for good service in the war they would be wearing decorations which the parliament of Canada had officially pronounced against. This was one of the chief snags the committee struck in their report and an "amazing amount" of sympathy developed for the man who won a title for service to his country and then have it practically discredited by parliament.

The debate continued until supper, when it was decided an amendment should be brought in.

## MAE EDWARDS CO. SCORE ONCE MORE

### BIG MIRTH PRODUCING SUCCESS ATTRACTED A BIG HOUSE LAST EVENING AT PRINCE EDWARD

That the public enjoy a hearty laugh was again demonstrated very clearly last evening, when the Prince Edward Theatre was filled. The attraction presented by the Mae Edwards Players was the great fun furnishing production, "You're a Bigger Liar than I am!"

There was mirth in abundance in this offering especially when all the babies began to put in their appearance. Miss Mae Edwards as Zola Hardy took the part admirably and gave a most artistic performance.

Mr. Charles T. Smith as Jimmy Jinks played it splendidly and made an instant hit, while Miss Lee as Aggie Jinks and Mr. Corbin as Alfred Hardy in important roles carried them out in a first-class manner.

The many complications which arise throughout the whole course of the performance kept the audience in a continual state of merriment while at the same time there was a good plot to the piece.

Two additional vaudeville performers made their appearance last evening—Mr. Charles Collier in specialty recitations, and Miss Blanche Parquette, soprano, who arrived from New York on Wednesday night to join the company—both of whom took decidedly well with the audience.

The company tomorrow night will put on "The Spendthrift," in which play Mr. Collier has been taking a leading part in New York and will direct the performance of it here tomorrow.

PARIS, May 22.—The reparations commission on the Austrian treaty finished its work today. Austria is to be given the same treatment as that accorded to Germany and must bear her share of the damages assessed against the Teutonic Allies.
