**OLD QUEBEC'S CHAIN OF FORTS REPELLED INDIANS**  
Stirring Scenes of Nearly Three Centuries Ago Recalled by Recent Ceremonies at Chambly.

MONTREAL, Que., August 30.—Events that passed in the neighborhood of Forts Chambly and Ste. Therese since 1665, when soldiers of the Regiment de Carignan built a chain of forts. These included Chambly, Ste. Therese, St. John and La Motte.

The speaker expressed his pleasure at such a patriotic demonstration in honor of such a worthy historical monument as old Fort Chambly. He referred in glowing terms to the Richelieu River, the "Roheri" River of the Iroquois, which was their main route to travel in those parts. It was put to a stop to the sanguinary raids of the savages that the French soldiers built the forts which terrorized the fleets of war canoes, and brought peace and security to settlers of the countryside in those times of strife and trouble.

Speaking of the old Ste. Therese Fort, Mr. Justice Demers referred to the excellent description given by the late Philomene de Rosemont, of that vanished fort by a French engineer in 1752, without which the present generation would only have known vaguely where it had been and what it had looked like. The attack and capture of the fort by British in 1760 was described in an interesting review of the historical

**Miss Nuthall And Helen In Tennis Tourney**

FOREST HILLS, N. Y., Aug. 30.—Miss Betty Nuthall 16-year-old English girl, and Miss Helen Wills of Berkeley, Calif., will meet in the finals of the United States women's lawn tennis championship tomorrow.

In the semi-finals today Miss Nuthall defeated Mrs. Charlotte Hooper Chapin, 6-1, 4-6, 6-3, and Miss Wills defeated Miss Helen Jacobs, also of Berkeley, 6-0, 6-2.

**Maritime Swim Meet On Sept. 3rd**

HALIFAX, Aug. 30.—The Maritime outdoor swimming championships will be held in the waters of the North West Arm on September 3, under the auspices of the Waegwotic Club. Already 30 entries have been received, among them that of Carl Eaton, well known Acadia University speed star.

Eaton is one of the best known speed swimmers in the Maritimes and is entered in the diving competition as well as the race events. Wilfrille expects to be further represented by a ladies' swimming team.

We are told that man is made of dust, and yet dust always settles. Nothing circulates so rapidly as a secret.

**EVER READY AIDS FOR YOUR MEDICINE CABINET**

Here is a list of everyday necessities that should be in your home. Seldom a day goes by that you do not need at least one of these items. The safe way is to keep them handy for instant use.

Antiseptics	Castor Oil
Court Plasters	Children's Laxative
Family Liniment	Epsom Salts
Sore Throat Gargle	Glycerin
Toothache Drops	Absorbent Cotton
Corn Cure	Hydro Peroxide
Seal Skin

**STARS AND ANCHORS PLAY NICE FOUR INNING GAME**

The Non Appearance Of Four Of The Regular Anchor Team Hold Up Game Until Too Late To Get In-Full Game. Anchors Leading 3 To 1 At Close Of Fourth Innings.

Last evening's baseball fixture between the Anchors and Stars called for 5.30 did not get under way until nearly an hour later owing to four of the Anchors regular line not being on hand to take their place, it was necessary for the Anchors to pick out sufficient players to fill up to take the field.

The game owing to this unnecessary delay was unable to go half the route to completion and the umpire, Mr. McLeer called the game at the starting of the fifth innings with the Anchors leading 3 to 1.

The game last evening had the makings of a real lively game, the players and fans alike were right on edge and although only four innings of ball was played it was real smart stuff and the large gathering of fans present backed up their favorites to the last notch.

McFarlane started on the mound last evening for the Anchors and only allowed the Stars four scattered hits, while the Anchors collected six from McQuaid's offerings, two of which were two baggers by Hoyt and Francis in the first inning.

McQuaid on the mound for the Stars pitched his usual steady game, having one strike out more than his opponent.

Lynds on third for the Stars, turned in his best game of the season, hitting well and handling the old pill in fine shape, pulling down three nice catches.

Campbell on the same sack for the Anchors turned in a real game and next to Hoyt on the Anchors plays this position the best of any.

McQuaid was the only Star to cross the plate last evening after he had singled and stole second, scoring on McCabe's long grounder to the outer gardens.

McCabe the Stars crack first sacker was back on the job last night.

"Bus" Garrick the veteran of many a hard fought battle took his old position on the Keystone Sack and played a regular game.

**BOX SCORE**

	1234	R.H.E.
Anchors	10 11	3 6 0
Stars	0 1 0 0	1 4 1

**Batteries**

**ATTENDING CONVENTION**—Major J. E. McKenzie, Charlottetown, Mr. W. E. Brooks, O'Leary, and Rev. J. C. Martin, Summerside, representatives of the Dominion Life Assurance Company, left yesterday morning for St. Andrew, N. B. to attend the Annual Convention of that company, which is being held at St. Andrews. This convention, which will occupy four days, will be attended by a large number of representatives from Eastern Canada.

**CHURCH NOTICE**—Murray River United Church congregation. Services on Sunday Sept. 4th, Belle River 11 a. m., Little Sands 3 p. m., Murray River 7 p. m.

**ST. JOHN'S CHURCH TEA**—A record achievement for this Parish was attained by the congregation of St. John's Church, when on Saturday, August 29th, they carried out their annual tea party program, which brought in the magnificent sum of \$775.00, besides providing the Sunday School children with their treat. Conservative estimates placed the number of people at 1500, and very delightful music all afternoon and evening, a very interesting program of sports was carried out by the entertainment committee, the merry-go-round was a constant source of enjoyment to the young people, and many other ones were seen taking a spin; while the refreshment booth was splendidly patronized. At 8 o'clock there were four and five hundred people repaired to a large hall at Victoria, where under the auspices of the sanctuary Guild and the direction of Mr. A. Stewart Dickson, a very enjoyable program of vocal and instrumental music, dialogues and sketches, was rendered. Most valuable assistance was given by the Rev. A. E. Gabriel of St. Peter's Cathedral, Charlottetown. Miss Gabriel and Miss Hart of Halifax; Miss Large and Mr. Walter Hyndman of Charlottetown; Professor Wagner and Walter MacNutt, Charlottetown. Great praise is due the several committees for the wonderful way in which they carried out the duties assigned to them, while the hearty co-operation and enthusiasm of all, both old and young, contributed to make the day such a huge success. The rector and congregation are deeply grateful to the large number of people outside our own membership who contributed food and who helped in many ways throughout the day. A part of the proceeds will be used for the purpose of installing a complete water system in the Rectory, on which work has already begun. In addition to the Rev. A. E. Gabriel of Charlottetown, we were also cheered by the presence of the Venerable Archdeacon White of Summerside, and the Venerable Archdeacon Davidson of Toronto, the latter of whom has been giving valuable assistance to the Rector by conducting the services and preaching.

**PERSONALS**

Misses Angie Dolron and Gertrude Steele of the Vogue left this morning on a buying trip to Upper Canada and American Cities.

Mr. Arthur W. Edmonds, accountant of the Provincial Bank, Pembroke, Ont., is spending his vacation at his home in Charlottetown.

Miss Jessie C. Bonnell, R. N., left this morning to resume her duties at Parkway Hospital, Brooklyn, Mass., after spending a pleasant month's vacation visiting friends in the province.

Misses Agnes Holland and Nellie Carey of Halifax left on return this morning after spending an enjoyable two week's vacation visiting in the city and different parts of the Island.

Miss Gertrude F. Holmes, East Royalty left Saturday morning on an extended visit to Los Gatos, California, where she will visit her uncle Judge R. R. Bell and Mrs. Bell. She will be accompanied from Maiden, Mass., by Mr. and Mrs. Bell.

Miss Camille McLeod, who has been spending the summer with her parents in this city, left on return to Boston yesterday morning.

Mr. and Mrs. H. F. Jones and little daughter, left on return to Calgary Monday morning after spending the summer with Mr. Justice and Mrs. Hazard at Bellevue Bungalow.

Mrs. E. D. Nicholson, arrived home Monday night from Vancouver, where she and her little daughter were spending the past summer. Mr. Nicholson motored as far as Montreal to meet them, and from there they motored to the Island.

**RACE TIGHTENS IN NATIONAL LEAGUE**

Giants Do It

NEW YORK, Aug. 30.—Today's National League results tended to make the race for the pennant by the first division clubs tighter than ever. When the smoke of battle had cleared away this evening, the leading Cubs found their margin cut to two and a half games; the Pittsburgh Pirates and St. Louis Cardinals were deadlocked in second place, while the Giants had made their way to within three and a half games of the leaders and were close on the heels of the Cardinals and Pirates, only one game separating the Polo Ground athletes from second place.

The big chunk hacked out of the Chicago lead was accomplished by the Giants at the Polo Grounds, who took both ends of a double header to 7 and 4 to 1, before 40,000 fans. Team kept the Pirates from reaching the lead by a decision at Philadelphia while the Cardinals lost their slight second place advantage by dividing a double bill with the Robins at Brooklyn. The Robins won the opener, 2 to 1, and the Cardinals remained in the second encounter, by the same count.

Meanwhile, Cincinnati were defeating the "August champions" of the league, the Braves, in two games at Boston.

**GAMBLING IN 6,000 B. C.**

What is believed to be the earliest game of chance was played at least 6,000 years ago at Ur of the Chaldees, 140 miles southeast of Babylon.

Recent discoveries in this district apparently betted their luck on have brought to light a gamblers' game consisting of a double-sided, complicated board for different kinds of playing point, and various playing pieces. Although it is impossible to reconstruct the game as played by the ancients, the counters found in the graves of the ancients, that they pay similar to rouge et noir on a modern roulette table.

The "chances" were alternate and interlocking triangles, with mother-of-pearl and a pure red made from a paste as the colors to be backed.

The other face of the board was used for an intricate form of pre-game day Halma. Forward and backward movements were regulated by dice, 140 miles southeast of Babylon.
