Let WRIGLEY'S be the guardian of your mouth and throat.

It will combat trouble of various kinds. It helps to keep the teeth free from food particles that ferment and cause decay.

It has an antiseptic effect. It relieves acid mouth and thus not only prevents harm to the teeth, but serves to sweeten the stomach.

It stimulates digestion and helps to prevent the forming of gas that causes dyspepsia.

Read from a widely known medical work:

"Chewing gum aids tooth nutrition and the cleansing action is a definite benefit—it prevents dyspepsia. Good chewing gum is excellent for bad digestion.

Four brands—different flavors—all made from best ingredients obtainable. Sealed in its purity package—fresh, clean and full-flavored.

### PRIVILEGED TRAFFIC.

An Irish road laborer had been detailed to keep traffic off the road on which was an old bridge, so weakened by heavy floods that it was considered insecure to support over the lightest car.

the driver, whom Pat recognized as a patron of his. "Oh, is that you, Judge?" said Pat genially. "Yes, it is," was the reply. "It's all right then, yer honour. I've got orders not to let traffic through on account of a rotten bridge, but, seeing as it's yer honour, why, yer may pass on sor."

# Enjoy the Health You Should

If your body is normal, you should enjoy the glowing health, the energy to be up and doing all day long, that you envy in others.

But modern living and eating clog the body with poisons which slow up the system. These poisons must be gotten rid of, if this abounding health is to be yours. And the pleasantest, easiest and most natural method of doing this is to eat Post's Bran Flakes as

your morning cereal—the only cereal you need at breakfast.

Post's Bran Flakes—crisp, toasted flakes of bran—is delicious and rich in food value, because other nourishing parts of wheat are retained. A substantial food. Naturally and gently laxative, it helps keep you fit.

Insist on Post's Bran Flakes at your grocer's—ready to serve with milk or cream.

### Associated with us in the Customs

service a bond of fellowship has been forged, which it now occasions us no inconsiderable pang to sever. During all those years we have ever found you a faithful friend and companion,—one whose geniality of disposition has not infrequently served to relieve the dull monotony incidental to the performance of official duties. The natural aversion to the payment of taxes, whether they be direct or indirect, has always made the task of equitably collecting the Customs revenue anything but a simple or enviable one, nevertheless, during the years of your incumbency of the office of Appraiser you have succeeded admirably in that regard and now, as you leave the turmoil of official life for the more tranquil atmosphere of the retired state, you have the supreme satisfaction of knowing that you have left behind you a record of service most faithfully and efficiently performed.

Although you now take your departure from amongst us officially we shall still have the privilege, during our off-duty hours, of clasping your hand in friendly greetings.

To your amiable life-partner, Mrs. Heor, to whose inspiration and to a little of your official success you as a friend and as an official is undoubtedly due, we desire you it is needless to say that during the fourteen years you have been we sincerely hope that the even-

The accompanying gifts, which we ask you to accept, shall serve as mementos of your years of association with us,—years which we pray may be for you, as they shall undoubtedly be for us, ever redolent of happy memories. Your former associates in the Department of Customs Excise, Charlottetown, Prince Edward Island.

The latter made a fitting reply. The following was the address: Charlottetown, P. E. Island July 10, 1924.

Mr. F. H. Heor, Ex-Appraiser of Customs, Charlottetown, P. E. I.

Dear Sir: Your retirement from the position of Appraiser of Customs having terminated the period of your official intercourse with us, it now becomes our pleasant duty to give expression to our appreciation of you as a friend and as an official. It is needless to say that during the fourteen years you have been we sincerely hope that the even-
