She will be greatly missed both in the church and social circles in which she was a general favorite.

THE ONLY HOPE!

For Victims of Bright's Disease is Dodd's Kidney Pills.

Not a day passes on which the newspapers do not record the death of one or more persons from Bright's Disease. Already its victims number hundreds of thousands. Day by day the awful total grows larger. No class is safe from this destroyer. War and intemperance, with all their miseries and fatalities, are not responsible for as many deaths as have been caused by Bright's Disease. Yet, there is a way of resisting it; of drawing its poisoned fangs, and making it as harmless as a summer breeze. That great medicine, Dodd's Kidney Pills, has cured thousands of the worst cases. It never fails to cure, hopeless as the case may seem. Would you safely shield your loved ones from the fatal grip of this curse of mankind—Bright's Disease? Then use Dodd's Kidney Pills, the only cure on earth for this disease.

THE showing of New Fall Millinery of this week at Messrs Sinclair & Stewart's by far exceeds anything in that line shown by them before, and goes to show that more than ordinary care was taken in their selection. The new designs shown in Felt Shapes, Walking Hats, and Sailors are pretty and novel while in Trimmings, the show is simply gorgeous, consisting of the very latest London and Paris novelties in Wings, Birds, Flowers and Feathers both. They are prepared to suit every lady in style and price.
