DEPLORABLE SHOOTING.

WOLFVILLE, June 24—A deplorable shooting affair took place at the residence of Kenneth Lee, a well known apple dealer and resident of Port Willingham, yesterday afternoon. About five o'clock three men named Graves, very much under the influence of liquor, came to the Lee residence and demanded to see a young English domestic employed by the Lees. Upon being told the girl was not at home, the men attempted violence.

At this juncture Mr. Lee appeared and threatened to use his gun unless the men left without further trouble. This they refused and Mr. Lee re-entered with his gun, hoping to scare off the rowdies. At the sight of his armed, one of the ruffians made at him. In self-defence Mr. Lee struck his assailant with the butt of his gun, breaking it off and thus discharging the full charge of buckshot into his own leg, high in the thigh.

The ruffians then set upon the wounded man, kicking him about the body and inflicting, apart from the gun wounds, very serious injuries. Neighbors at length, hearing the noise, came to the rescue. The men have since been placed under arrest.

THE FRENCH SPEAKING CONGRESS AT QUEBEC.

QUEBEC, June 24—The work of preparing for the great French speaking congress, which begins this evening and lasts during the week, is now complete and most of the delegates who will attend the sessions, have arrived. They include representatives from the French Canadian people from all parts of Quebec, the New England states, the Maritime Provinces, Manitoba, Alberta and Saskatchewan. The city itself wears a gay appearance to-day, bustling with the bustle of the congress.

LUMBER MILL BURNED.

BRIDGEWATER, June 24—Fanned by half a gale of wind, a disastrous fire occurred this afternoon at West LaHave, nine miles from here, which destroyed the splendid wood-working plant and sawmills of Boehner Brothers, estimated a loss, conservatively, of \$57,000 on which there was not one dollar of insurance. The bridge across the highway, spanning a stream running into the LaHave, was also burned, rendering the road impassable.

The losses are placed as follows: Woodworking factory ... \$35,000 Warehouse and contents..... 10,000 Lumber, shingles, laths..... 12,000

Total\$57,000

Men out of work 40

The mills were equipped with the latest machinery and modern equipment, and a business was done extending all over Nova Scotia and New Brunswick and they also had heavy order list was on hand and connections in Newfoundland. A part of the mills were doing a prosperous business.

No insurance whatever was carried on the property, the rates being prohibitive, the premiums, running, it is said, as high as ten or twelve per cent. The mills had not before been visited by fire.

Thirty years ago the industry was established by George W. Boehner, the father of the boys who are now operating it—George H. and Fred W. Boehner.

CAMP BEGINS IN EARNEST

Work is Detailed For Today For P. E. I. Militia

A quiet but very pretty wedding was celebrated yesterday morning at 7 o'clock at 3 King Square, the residence of the bride, when Miss Arletta Maude, eldest daughter of Mrs. C. W. Kielly and the late Inspector Kielly, was married to Cecil Bruce Jones of the P. O. Department, Charlottetown.

The ceremony was performed by Rev. T. F. Fullerton in the parlor, which was prettily decorated with ferns and potted plants, and the bride was given away by her uncle, John Morenside, while Miss Gwladys Bell, Summerside, rendered Mendelssohn's wedding march. The ceremony was performed in the presence of only the immediate relatives owing to the recent bereavement in the bride's family. Both parties were unattended.

The bride was very prettily attired in a gown of white chiffon silk with a train and carried a bouquet of white roses and maiden hair fern. Her travelling suit is of light tan cloth with hat to match.

Many beautiful and valuable gifts were received by the popular young couple and among them were two chairs, one from the Post Office Department and another from the Mail Clerks.

The happy couple leave on the Northumberland this morning on a wedding tour of the Maritime Provinces, visiting all the principal cities. They will be accompanied by the best wishes of their many friends for a long, happy and prosperous wedded life with all of whom the Guardian takes pleasure in joining.

N. S. CONFERENCE.

AMHERST, June 24—The Nova Scotia Methodist conference, which has been in session here since Wednesday last, will probably close tomorrow. This afternoon the members of the conference took a half holiday to visit the educational institutions at Sackville. They were cordially received by President Borden and by Rev. Dr. Campbell.

The morning session was a bright and breezy one. The financial statement for the past year was submitted in all departments showed a healthy increase. Last year for all purposes the Methodists in Nova Scotia had raised for all purposes \$206,717, which is an increase over the previous year of \$17,774.

For home and foreign missions the church raised last year \$17,591, which is an increase over the previous year of \$686. The superannuated fund also showed a decided increase. The total gross last year towards this important fund amounted to \$3,535, which is an increase of over \$1,100 over the previous year.

Salaries in the Methodist denominations are on the increase, as may be noted from the fact that the amount paid to ministers in salaries last year was \$66,435, which is an increase of \$3,111 over the previous year.

The temperance and moral reform committee submitted a lengthy report dealing with temperance legislation, the white slave traffic, the cigarette evil and race track gambling. An educational meeting was held in Trinity church tonight and forcible addresses were given by Dr. B. C. Borden, Dr. Campbell and others.

Rev. J. W. Aikens, formerly of Halifax and Amherst, who now holds the position of secretary of the moral reform movement, has received a call to the Metropolitan church in Toronto, the largest Methodist church in Canada. Mr. Aikens will take a short vacation before entering upon his new labors.

CANADIAN EMIGRATION.

LONDON, June 24—The government returns of emigration during the month of April shows that more than 50,000 people left these islands. Of these nearly 38,000 went to Canada.

The chief feature of the returns is the large number proceeding from Scotland. Taking into consideration the difference between the populations of Scotland and England, the report shows that the emigration rate from Scotland is twice as high as from England.

Canadians who have recently arrived in London from Palestine and Syria, say that the present unsettled state there has started a great tide of emigration. Thousands of people are emigrating to Canada and the United States. The majority are young men, who are escaping from military service, but many are men with their families.

In Palestine some of the Christian villages are being depopulated of their male population. More than 60 per cent. of the young men in many places have emigrated. The square in front of the Tower of David was piled up with carpets and furniture belonging to officers who are leaving the country.

STRIKE LEADERS CONVICTED.

WASHINGTON, June 24—Samuel Gompers, Frank Morrison, and John Mitchell, the labor leaders, were today held guilty of contempt of court by the supreme court in connection with a court injunction with the Buck Stove and Range boycott. They will attempt to appeal again to the supreme court of the United States, which reversed their former conviction.

Justice Daniels' Thomwright announced the decision of the court. It covered 77 closely typewritten pages and took about two hours to read. Bondsmen were on hand and attorneys for the labor men gave notice of an intention to file an appeal to have the supreme court review the judgment in its previous review of the case, the supreme court reversed the conviction on the grounds that the contempt proceedings had been improperly instituted.

New proceedings were at once begun. The sentences under the first conviction were: Gompers one year; Morrison six months; Mitchell, six months. The charge was that the three men, as officers of the American Federation of Labor, thru the organization's official publication, had disregarded Justice Gould's injunction against the publication of the Buck Stove and Range Company's name on its boycott list.

Gompers to one year, the same as upon his previous conviction, but sentenced Morrison to six months. John Mitchell was not present and sentence upon him was deferred. His first sentence was six months.

MRS. PANKHURST RELEASED

LONDON, June 24—With eight months of her sentence still to be served, Mrs. Emmeline Pankhurst, leader of the militant suffragettes, who was sentenced to nine months' imprisonment in May for conspiracy, was released from Holloway all today. Mr. and Mrs. Pethick Lawrence, joint editors of Votes for Women, who were sentenced with Mrs. Pankhurst, were detained. No explanation was made by the Home Office, but it is presumed that Mrs. Pankhurst was released because of ill health.

VALUABLE MAIL.

LONDON, June 24—It is believed that Mrs. William B. Leeds is the owner of a \$500,000 pearl necklace which was sent from Paris to London by post.
