Your Flour Should Be Like Caesar's Wife—Above Suspicion

Now in the newspapers, Madam, they're raising an awful hullaballoo about the Bleaching of Flour.

And the things they're saying unafraid about the after effects are terrible to dwell upon.

So, with your permission, we'll hurry by.

Are you sure *your* flour isn't bleached, Madam?

Of course you don't know, because *only an Expert* could tell Bleached from Unbleached.

But suppose it be true what they say about Bleached Flour—would you buy it then? Wouldn't you *shun* Bleached Flour?

That is why we tell you that FIVE ROSES is *not* a bleached product; otherwise it would never possess that *rich, creamy bloom, suggestive of the glutinous strength and breadlife* of the dry, golden wheat, sun-ripened on the Manitoba prairie.

For FIVE ROSES, Madam, is flour just as Nature made flour—not bleached or *whitened artificially.*

Therefore, is it above all suspicion—its quality unassailable: Color, Flavor, Strength, Purity.

It's everything you want in flour without anything you *don't* want.

So buy FIVE ROSES, Madam, since it's GUARANTEED UNBLEACHED.

STILL IN FRONT

"I have used the bicycle to quite an extent during the past fifteen or sixteen years and still use it almost daily. I consider it not only a great convenience from a business standpoint, but appreciate very much the stimulus of the exercise derived from its use."

HERBERT OSBORN, M Sc., Director Lake Laboratory, Sandusky; Professor, Zoology and Entomology, Ohio State University, Columbus, Ohio; Author.

"'Nor rural sights alone, but rural sounds, exhilarate the spirit and restore the tone of languid nature.'—Cowper.

"What was true in Cowper's time is still more true to-day, and the bicycle has made it possible for all of us to go into God's country and refresh both body and soul."

DR. LOUIS KLOPSCH, Editor "Christian Herald," New York City.

This is a black and white copy of the old-time poster of the "Cleveland." It was the herald of the "Bicycle Age" and to-day it is a leader in the big "Bicycle Revival."

The "Cleveland" has always been the leader. Apart from the splendid quality of the material used in its construction, Cleveland has all the new inventions that have helped to bring bicycling back as the popular means of healthy excerise.

If you get all the exercise and fresh air that nature demands every day of your life, you are going to be a very young-old man. And it's great to feel "young" when you are "old"

Bicycling will do more for you in this respect than any other form of pleasurable excerise. And a good bicycle gives you outing "Pullman comfort."

THE HYGIENIC CUSHION FRAME—If there is one invention more than another in the bicycle line that has helped to popularize wheeling, it's the Hygienic Cushion Frame, "Makes all roads smooth," is the slogan that carries it to popularity, and it has lived up to the advance notice. The Cushion Frame gives "Pullman Comfort" to bicycling.

MR. HERMAN DYING OF STONE IN THE BLADDER

Gin Pills passed the Stone

513 James St., Hamilton.

"Four years ago I was taken down with what the doctors called Inflammation of the Bladder—intense pains in the back and loins, great pain and difficulty in urinating. The pain was greatest in the region of the bladder, and the attacks, which became more frequent, amounted to unbearable agony, and I became so weak that I could not walk across the floor. Doctors could do nothing to help me. My wife read in the paper about Gin Pills and sent for a box.

From the very first I felt that Gin Pills were doing me good. The pain was relieved at once, and the attacks were less frequent. In six weeks the Stone in the Bladder came away and the pain stopped entirely. I have had no return of the trouble and have not lost a day's work on account of it. I cannot express myself strong enough when I speak of what Gin Pills have done for me. When I remember how I suffered, and how now I am healthy and well and strong and able to do a full day's work, I feel I should speak and tell other sufferers of my experience and of the wonderful merits of Gin Pills."

JOHN HERMAN.

You don't have to buy Gin Pills to test them. Simply write The National Drug & Chemical Co. Dept. P E Toronto, and a free sample will be sent you by return mail. When you have used the sample and feel that at last you have found the remedy that will do you good—then buy Gin Pills at your dealer's—50c. a box, 6 for $2.50. Remember, please, that Gin Pills are sold on a positive guarantee of a cure or your money back. And this guarantee is backed by the largest wholesale drug house in Canada, who will take your unsupported word if you want your money refunded. 15
