(Canadian Press.)  
 OTTAWA, Ont., Nov. 2.—The death occurred here this morning of Senator Sir James Loughhead, Conservative leader in the Senate who has been critically ill at the Ottawa civic hospital for several days suffering from pneumonia.

On Saturday, however, slight hopes were held out for his recovery and the end came shortly after ten o'clock this morning. During his illness Sir James was attended by Dr. Lafleur of Montreal.

## MONROE DOCTRINE TO KEEP U.S. OUT OF EUROPE URGED

National Review Edited by L. J. Maxse Publishes Stinging Article.—Declares Old World Not Helpless And Says it is Well U. S. Had Nothing to do With Locarno.—Most Unfriendly Slap.

LONDON, Nov. 2.—The European equivalent of the Monroe Doctrine aimed at excluding the United States from meddling in European affairs is advocated in the stinging leading article of the forthcoming issue of National Review edited by the well-known publicist, L. J. Maxse, which is one of the most unfriendly slaps at America administered by a European for many a day. Throughout the article the greatest delight is expressed that America had nothing whatever to do with the Locarno pact.

"Although ecstasies over the Locarno pact may be tactless, premature and foolish," says the article, "there is one ground for general congratulation among Europeans, whether belligerents or neutrals in the great war. Washington had no finger in the pie. No Washington politician can claim any connection whatsoever with this particular conference at which there was no vestige of 'observer' or 'reporter' to preserve the transatlantic illusion that the old world is helpless without American assistance.

"Washington politicians have spoiled several international conferences, beginning with the disastrous Paris peace conference which President Wilson was allowed to dominate and from the tolls of which the world has been trying to escape ever since. Europe is prepared to concede the utmost competence to American statesmanship in its proper sphere, and would never for a moment question its ability to understand and uphold the interests of the United States. But from President Wilson down Washington politicians have two insuperable disqualifications as arbiters of the affairs of other nations. They are totally ignorant and like many ignorant men, totally unaware of their ignorance. Without expecting too much from Locarno it is not extravagant to hope that in this one respect it may be a precedent, and now that the British, French, Italian, German and Belgian politicians have discussed their common

that person be a child or an adult, the good work which a society can do in combating this evil. It is difficult for one or two individuals to accomplish much but a society banded together can do everything. They can enter a protest whenever they see posters or advertisements which are objectionable and demand their removal, etc.

At the close of the address, a vote of thanks was moved by Mrs. M. M. Murphy and seconded by Miss Clara Campbell and presented to Rev. Father Poirier by the President, Mrs. McIntyre, who spoke of the benefit which we derived from the address, being as it was, along the same line with our recent diocesan convention. Combating the evils which menace the home and taking a special interest in the influence of the home is one of our greatest aims. Not only the improper showing of pictures on the screen but also the indiscriminate sale of magazines which contain pictures and stories which are very detrimental to the moral character of the person reading them.

The business meeting was then called to order and the reports given showed excellent work being done. It was decided to begin our weekly whists for the season, commencing next Monday, Nov. 9th, after which meeting adjourned.

## REV. N. POIRIER ADDRESSES MEMBERS OF THE C. W. L.

The regular monthly meeting of the C. W. L. took place in the new Rosary Hall, 100 Sydney St. on Monday, Nov. 2nd. The President, Mrs. W. J. McIntyre, was in the chair and there was a large attendance present.

The meeting was opened by prayer after which the national ode "O Canada" was sung.

"The Marsalaise" was most agreeably rendered by Mrs. J. O. Arsenault, while Miss Margaret McCarthy of St. John sang "In the Garden of Tomorrow" in a most charming manner.

Miss Bessie Blanchard accompanied the soloists.

Next on the programme was an address by the speaker of the evening, Rev. Nazaire Poirier of St. Dunstan's University, who took for his subject, "The Moving Pictures from a Moral, Social and Religious Standpoint." He outlined the evils which may develop from the indiscriminate showing of pictures upon the screen, pictures which would be injurious to the mind if care be not taken in the choice of pictures, an irretrievable evil will result. The boy or girl of thirteen or fourteen specially would receive an impression which would be detrimental to the soul. It is when the mind is young that impressions are made and those impressions last. People will say that the pictures move in such rapid succession that they cannot hurt but they do. They plant a seed in the mind and that seed will grow.

Not only upon the screen do we see undesirable pictures but we find posters and advertisements which are placed before the eyes of the public which should never be allowed. The religious or spiritual standpoint is the most important of all as it has to do with the effect upon the soul. He outlined the evils which might result to the character of the person, whether

## 22 Millions In Gold From U. S. To Dominion

(Special to The Guardian)  
 NEW YORK, Nov. 2.—Gold to the amount of \$22,000,000 has been sent to Canada from the United States during the past month, according to the Federal Reserve Bank. This shipment of bullion to the Dominion laid to the account of the extreme steadiness of Canadian exchange which has been at a premium for months, offsets the shipment of gold to the United States banks from Great Britain and Japan.

During the first twenty seven days of October, shipments of gold from Great Britain totalled \$22,000,000 and Japan had shipped via San Francisco \$4,000,000. The inflow of gold to the United States is the heaviest recorded since May 1924.

## CABINET MEETING HELD YESTERDAY

Premier King Has Nothing to Say Until he Confers With Governor General

(Special to The Guardian.)  
 OTTAWA, Nov. 2.—This afternoon the members of the cabinet met in council and discussed the entire situation. Practically all are here, including the victorious and the defeated, and on the faces of neither is there any show of gloom. Officially His Excellency the Governor General is not supposed to know that there has been an election or any change in the standing of the parties. Officially he can take no action unless the resignation of his present group of advisers is tendered.

Premier King will acquaint His Excellency of the present situation and will from all present indications assure him of his ability to carry on the government and meet parliament. While it has been rumored that the session will be called within three months there is, as a matter of fact, no constitutional necessity of the government calling it until June 27th, 1926, one year after the prorogation of the last house. However, inasmuch as the fiscal year ends March 31st, the session will be called probably at the usual time but not likely before the new year.

OTTAWA, Nov. 2.—Premier Mackenzie King made no announcement when the cabinet rose shortly before six o'clock this evening.

"We were just talking over the general situation," he said, in answer to questions.

"Did you come to any decision," he was asked.

"I have nothing to say until I have seen the Governor-General," the Premier replied.

At his office it was stated that no appointment for a conference with the Governor-General had yet been made. No council meeting has been called for tomorrow.

While a definite announcement today is lacking the impression prevails that a decision was reached and that the government intends to meet parliament instead of resigning immediately. It is considered likely that Premier King will meet the Governor-General tomorrow.

## REV. J. J. MACDONALD'S SIDE FETED BY PARISHIONERS

Was Presented Last Night With Address And Presentation of Gold by Members of St. Paul's Parish on The Eve of His Departure For Rome.

St. Paul's Church, Summerside was crowded last night for the close of the October devotions when the pastor Rev. John J. Macdonald celebrated Benediction of the Most Blessed Sacrament for the last time before his departure for Rome.

At the close of Benediction the trustees of the church approached the altar rail and Hon. James A. MacNeil read the following address:

To Reverend John James Macdonald,  
 Pastor of St. Paul's Church,  
 Summerside, P. E. I.

Reverend and Dear Father:

Coming to us so six years ago, to be our good Shepherd, not as a stranger, however, for many of us had had the honor and pleasure of your acquaintance, and the most of us had heard of your noble work for over twenty-five years in our neighboring parish of Kinkora and Seven Mile Bay.

Coming to us so well recommended much was expected of you and we all heartily welcome this opportunity of expressing to you our whole-hearted appreciation of your efforts in our behalf and of adding, considerably more to the many good things that have already been said about you.

Sometimes a parish is compelled to withhold a public expression of its regard for its Pastor until he is removed from them, and it makes us still happier on this occasion to know that we are only saying "Au Revoir" while you have a much deserved rest and pleasant visit to the head of our Holy Church at Rome. We hope and pray that your tour will be one of continued enjoyment, and that you will return with your usual good health and feeling even better than when you departed.

An eulogy of your excellent work in Summerside, dear Father, would be superfluous, as your name is a byword in our houses, and even our separated brethren vie with us in tendering that homage which your beautiful character so richly deserves.

It is a great honor to us as well as to yourself, Reverend Father, that our Very Reverend Bishop has selected you as a companion to visit our Holy Father with him and we feel sure that His Holiness will just as heartily endorse your good work in St. Paul's Parish in Summerside, as we your humble parishioners do.

As an earnest of our appreciation dear "Father John" we ask you to kindly accept this gift as a remembrance of our love and esteem.

You have recommended yourself and companions to our prayers and while assuring you that we shall pray earnestly for your safe return we, at the same time, commend ourselves to your prayers and trust and know that you will think of us when you visit the many great fountains of mercy.

"Bon Voyage" Reverend and Dear Pastor, and may God Bless you and keep you to return and labor among us for many, many years in the sincere wish and prayer of every member of St. Paul's Parish.

The beloved pastor made a beautiful reply commending the parish for its great generosity at all times and stating that in this respect it ranked second to none in the diocese. He thanked his parishioners for their assistance to him since becoming their pastor and for the good will ever manifested.

He said he was proud of the members of the parish of St. Paul's and their great love of God always inspired him and his assistant to increased energy for the welfare of the parish.

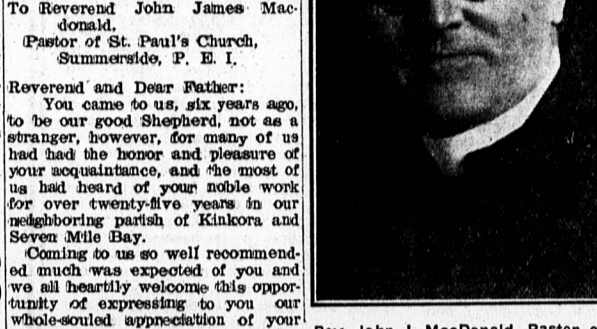

He spoke of the friendly relations existing between himself and the members of other religious communities and exhorted his parishioners to always show respect and friendship to all as we are all neighbors created in the image and likeness of God.

Father John said he could not find words to adequately express his high appreciation for the beautiful address and gift conveying respect and reverence from the members of the parish for their pastor.

He said he would remember them at the different famous shrines he would visit and would also endeavor to secure special blessings for them from his Holiness the Pope.

Time did not permit him to see them all personally but afterwards the members of the congregation filed into the vestry to say good-bye.

Father Macdonald leaves tomorrow morning with His Lordship the senkichen.

Rev. John J. Macdonald, Pastor of St. Paul's Church, Summerside, who Leaves Tomorrow for Rome.

## Another Schooner Is Wrecked Off Nfld. Coast

(Canadian Press.)  
 ST. JOHN'S, Nov. 2.—Another wreck was added to the long list of wrecks that have been strewn along the coast of Newfoundland in the sales of the past two weeks when the schooner Alcayone, Captain Christell, was stranded and became a total loss on the rocks at New Harbor. The crew escaped and part of the fish cargo was salvaged.

Word of another marine tragedy was reported at Change Islands, where a keg of molasses, barrels of flour and deck gear were noticed floating on the water, leading to the belief that a vessel had gone down in the vicinity. There has been no report of any craft being missing.

A report from Grand Bank, the scene of the wreck several days ago of the cattle laden Prince Edward Island schooner Araminta, states that a considerable number of the cattle perished owing to the scarcity of help in salvage operations.

The steamer Geraldine, after an unsuccessful attempt to aid the crippled ore carrier Sticklestad, which has been helpless in mid-Atlantic since October 5, returned to port today for bunker coal. It was reported that the United States tug Alert had gone to assist the Sticklestad.

## ATTEMPT TO WRECK OTTAWA TRAIN

Believed to Have Been Made—Coming of Freight Train Prevents Disaster

(Special to The Guardian)  
 TORONTO, Nov. 2.—Definite attempts to wreck the Ottawa Toronto flyer are believed to have been made just outside the village of Oakridge Saturday night. Piled across the main tracks huge blocks of wood and heavy tiles narrowly missed causing a tragedy that would have taken a heavy toll of lives.

By good fortune a freight train stemming towards Toronto twenty minutes late in charge of engineer G. W. Welsh passed over the tracks invariably used by the flyer, saw the ambush, cleared the rails and was able to shunt into a siding just as the crowded Ottawa train flashed by in safety.
