

NERVOUS... DEPRESSION

Means Impoverished and Exhausted Nerves—Dr. A. W. Chase's Nerve Food Restores and Revitalizes the Nerve Cells.

People who suffer from Nervous Depression and Exhaustion frequently look healthy and strong. They alone know the thousand distressing symptoms which make their lives miserable.

The lack of nerve force results in a slow and sluggish action of the heart, impaired digestion, headache, dizziness, and a fear to venture, loss of energy, sleeplessness, incapacity for mental labor or business.

With these symptoms there is usually melancholy and fear of death, which tends to increase nervousness, but there is every reason to be hopeful if the right treatment is used. Dr. Chase's Nerve Food contains all the nutrition required to create new brain and nerve tissue. It imparts to the nervous system that life-giving principle which sends a thrill of new strength and vigor through the system.

Dr. A. W. Chase's Nerve Food will cure by the building-up process, which enables the body to laugh at disease and weakness. Face cut and fat-simile signature of Dr. A. W. Chase on every box of the genuine. See a box, at all dealers, or Edmondson, Bates & Co., Toronto.

LESSON HELPS.

Ahasuerus is another name for Artaxerxes, who ruled Persia. Haman was his prime minister. Esther was his

queen, and her beauty and charm of manner had won the heart of the king.

Mordecai related to Mordecai, and indebted to him as is seen in Esth. 2. 7.

She had pleaded with the king, and secured the overthrow of Haman and the pardon of her own people, who had been condemned through his plots. The king's seal, which had been at first given to Haman, was now given to Mordecai. Lame brings strange events to pass.

The final triumph of right and of the righteous man is assured. God works in and through time.

3. "Besought him with tears"—No wonder, for she was a Jewess. Piety and patriotism combined to make her weep. Her tears were eloquent words.

"The mischief of Haman"—To slaughter whosoever of the Jews in the kingdom.

4. "The golden sceptre"—A symbol of authority, and when held out to another a symbol of mercy. See chap. 2, 11.

5. "Reverse the letters"—Which Haman sent out in the royal name because of the royal authority given by the signet ring.

6. "How can I endure to see the evil"—She and Mordecai were now safe, but the decree was still in force against the Jews. Sympathy with her race would make them suffer if it perished.

8. "Might no man reverse"—Irreversible laws, so called, are not wise. Neither are they practical, if they stand on the statute book they can be modified and thus made of no effect, as in this case. The Jews could now by law defend themselves, and so their safety was assured.

15. "In royal apparel"—Dress, as a sign of office, was more important than at the present day. "A great crown of gold"—A large turban for the head, ornamented with gold and precious stones. "Purple"—A royal colour. The purple dye was very expensive.

"The city of Susa had rejoiced"—That Haman, too proud to be popular, was fallen in royal favor; that Mordecai honoured, for he was worthy.

16. "Light"—The word is her figurative and expressive.

17. "A feast and a good day"—So the Jews throughout the world have even now at the anniversary of their deliverance. "Many"—because Jews—because of fear, which he had no ground to rest upon. Converts through fear are no credit to the true faith, such converts are hypocrites. God changes heart. Only a heart change has value in his sight, and only it should have value in ours.

A PITIABLE CRIPPLE.

From Rheumatism—Blistered by Doctors

Till he Didn't Know Himself—South American Rheumatic Cure Perform a Wonderful Cure.

E. Desanetels, Peterboro, writes:

"For months I was unable to work, had rheumatism in every part of my body. I was blistered by doctors at ten different times. My hands were drawn out by shape, my fingers were distorted, and my wrist and forearm were double their natural size. My leg was encased in a plaster case for four months. I tried South American Rheumatic Cure; I took two bottles. Twenty-four hours after first dose I feel like a new man. One week after I was able to go to work. Now I am as hearty and strong as ever."
