SELECT YOUR MEDICINE WITH CARE

In debility and weakness medicine should be mild and far reaching. Many pills and purgatives are too harsh, are drastic instead of restorative. Excessive action is always followed by depression, and knowing this, Dr. Hamill on devised his pills of Mandragora and Butyrium so as to mildly increase liver and kidney activity, flush out the eliminatory canals, tone and regulate the bowels. Thus Dr. Hamill's Pills eliminate poisons from the body, restore clearness to the skin, bring strength and last sweet restorer of health—sleep. Best medicine on earth, 25c per box at all druggists.

-Amongst the many Thanksgiving Services held in the different churches on Thursday last, special mention is made of St. John's Church at Ellerslie. The service was conducted by the rector the Rev. Mr. Harper. The decorations were beautiful—great taste being displayed in the arrangement of the fruit, flowers, wheat, etc. The chancel was very prettily decorated—garlands of birch leaves laced together were festooned about the pulpit and reading-desk. Dainty strings of bright cranberries were woven in with the bunches of grain—white quantities of different colored apples a background of plants in pots, and large leaves of wheat, gave the finishing touch to a picture of unusual loveliness. The song design was carried out in the holy of the church, each window displaying its own share of harvest treasures in the shape of fruit and grain. The highest praise must be given to Miss England for the trouble she has taken to make the pretty little church as bright and attractive as possible for the Thanksgiving service this year. She has the very hearty thanks, and appreciation of the entire congregation, and also of her many friends in the vicinity of Ellerslie and Blidford.
