

THE SUMMERSIDE GUARDIAN

and PRINCE COUNTY CHRONICLE

Farewell Presentation

Friends and neighbors very pleasantly surprised Mr. and Mrs. Edward Leonard at the home of J. W. O'Brien, Elmsdale on March 2, when they came in large numbers, to bid farewell to this estimable couple ere their departure to Western Canada. The evening was spent in music and social chat and a delicious lunch was served by the ladies. The following address was made by Mr. Heber H. Hardy, and a well filled purse was presented by Mr. Stanton Clark. Mr. Leonard, in a few well chosen words gave a fitting reply.

Mr. and Mrs. Edward Leonard and Mildred—To you and of you all I can say as Homer said of old "each was a friend to man," and therefore on this occasion we, your neighbors and friends have gathered here gladly and sadly, gladly to account of having this opportunity of coming together with you to wish you "bon voyage" and good luck; but sadly because we realize your departure from our midst is to come to pass.

Although this is a number of years since you settled on our fair Island you it seems but few because of the good fellowship we have had. By your pliability you fitted readily into our rustic society and proved yourselves no shirkers from the labor of our rural life. Truly it can be said of you as it was by Thomas Gray in his immortal and lamentable "Elegy":

"Oft have I seen them at the plough, with hasty steps the dewy way,
To meet the sun upon the upland lawn."
You came complete strangers to us, but you leave good friends of ours. The value of your acquaintance for you will long live without in our thoughts. And when you have deserted this fair Garden of the Gulf and have travelled almost the width of this vast continent; and when you are snugly settled within your prairie home where you can visualize the towering Rockies, "projecting their thunder-splintered pinnacles into the spangled heavens," we hope you will entertain the same fond memories of us that we shall of you. And best you forget? No, we ask you to accept this small gift, not as a means of bringing back sweet memories of long ago.

Sudden Death Of Mrs. George Gunning

There passed away very suddenly with a heart attack at her home in Traveller's Rest Monday afternoon, March 9th, Mrs. George Gunning, (nee Elizabeth Campbell), at the age of 81 years. She is survived by her husband and five children, namely: Mrs. Artemas Carr and Mrs. William MacEwen of Sherbrooke; Douglas, Sherbrooke; George and Everett, of Traveller's Rest. One son, John, predeceased her seven years ago. She is also survived by two brothers, Douglas Campbell, Mount Pleasant and John Campbell of New Hampshire. The funeral took place Wednesday afternoon and was very largely attended. The pallbearers were the six grandchildren, viz., George Carr, Harold Carr, Hazel Gunning, Stanley Gunning, Ira MacEwen and Byron MacEwen.

Hon. Miss Macdonald Endows Public Ward

(C.P. By Guardian's Special Wire) OTTAWA, March 12.—A bequest of \$2,244.88 from the estate of Hon. Mary Theodora Macdonald, Canada's first premier, who died in England some months ago is to be used for endowment of a four-bed public ward in the women's department of the Ottawa Civic Hospital.

An invalid from early childhood, Miss Macdonald went to England with her mother, Baroness Macdonald of Earscliffe, after the death of her father in 1891. When her mother died she donated the letter of sympathy written by Queen Victoria at the time of Sir John Macdonald's death to the Archives in Ottawa, and in several other ways showed her affection for Canada.

MacLeod, and for missions by Mrs. Heber Hardy. A generous offering was taken which will be used for supplying literature to the different foreign fields. At the close of the service luncheon was served by the members of the Elmsdale auxiliary.

RAILWAY

(Continued from Page 1) Telegraph and telephone poles were down at several points in the Annapolis Valley and there was no communication between Windsor and Yarmouth.

Ice jams in southern New Brunswick created flood conditions damaging railways, highways and communications. Highways were ordered closed by the Provincial Department of Highways and officials reported an unprecedented rise of water.

Ice cakes damaged bridges and some homes at Norton, 30 miles east of Saint John, when an ice jam of the Kennebecasis River broke.

Railroad and highway officials in Kentville estimated last night damage of at least \$500,000 to their properties. Both main and branch lines of the Dominion Atlantic railways had been tied up completely since Thursday night and could not be restored before this afternoon at the earliest, railway men state.

The flood conditions appeared to be most serious in the Annapolis Valley district. The water stood five to six feet deep in the farm lands of the Salmon River valley, and meadows and orchards in other sections were inundated.

Washouts and floods held up the Canadian National Railways schedules in Nova Scotia and Prince Edward Island and the Canadian Pacific Railway in southern New Brunswick was making repairs to its roadbeds in several places.

The C. N. R. Ocean Limited was delayed four hours at Thompson, N. S., 60 miles east of Moncton, by a washout. A C. N. R. culvert near Albany, P. E. I. was destroyed.

Grades For Canadian Potatoes

OTTAWA, March 13.—Delegates to the 14th annual meeting of the Canadian Horticultural Council were en route home today with a last-minute resolution suggesting five grades for Canadian potatoes. The council suggested these grades:

"Canada No. 1": Sound potatoes of not less than two inches in diameter.

"Canada No. 2": Sound potatoes not less than 1 3/4 inches in diameter.

This grade would not be exported from the area east of Quebec.

"Canada Fancy": Including only potatoes which are bright, reasonably mature, well-shaped and sound and of a diameter not less than 2 1/4 inches.

"Canada No. 1 Small": For export only this grade would include sound potatoes not less than 1 1/2 inches nor more than 2 1/4 inches in diameter.

"Canada No. 1 Large": Filling requirements of "Canada No. 1" except the minimum size would be 10 ounces.

The high light of the convention was a resolution urging that effective legislation maintaining principles of the Natural Products Marketing Act be perpetuated.

In the event that the act now before the Supreme Court of Canada, for constitutional ruling be declared ultra vires, the council decided to seek an amendment to the Fruit, Vegetable and Honey Act which would provide authority for operations of a fruit export board.

Chaplin - Duchemin Nuptials

SYDNEY, March 11.—One of the prettiest weddings of the season took place today at the home of the bride's parents, Mr. and Mrs. H. P. Duchemin, at 6 o'clock, when Harry Chaplin, son of Mr. and Mrs. A. P. Chaplin of Matatele, East Gt. Island, and South Africa, were united in marriage. Rev. Lawrence B. Campbell, B. A., pastor of First United Church, officiating.

In the spacious drawing room that had been transformed into a bower of bloom, an arch of tallismans roses lilies of the valley, smilax and maiden hair fern had been erected, under which the ceremony took place, and as the bride entered on the arm of her father, by whom she was given in marriage, Lehengrin's wedding march was rendered by Prof. A. P. MacKinnon, F. C. T. L., organist of First United Church, after which members of the Church choir sang "The Rose Maiden" the bride having been a valued member of this choir.

The bride was a picture of girlish loveliness, wearing Parisienne gown of white lace, cut on princess lines, with long train, and the conventional veil with coronet of orange blossoms. She carried a shower bouquet of roses, lilies of the valley and maiden hair fern, and was attended by her sister, Miss June Duchemin, who was most attractive in yellow taffeta and Miss Gwendolyn Smith, becomingly gowned in green taffeta; both bridesmaids wearing chic Chapeaux to correspond with their gowns.

Two little nieces of the bride, the Misses Mary Lou and Carolyn Christie, daughters of Mr. and Mrs. Jeffrey Christie of North Sydney, wearing Martha Washington gowns of blue and pink taffeta with quaint bonnets of roses and straw flowers in the pathway of the bridal couple.

The groom was supported by Parker Duchemin, brother of the bride.

During the signing of the register Mrs. Robert MacDonald of Glace Bay, sang "O Promise Me" in splendid voice.

Following the ceremony, a reception too place. Receiving with the bride couple were Mrs. Duchemin, mother of the bride, wearing sand crepe, and Mrs. Strubel, aunt of the bride, wearing black transparent velvet.

Pouring at a table with gorgeous lace cloth and centred with silver basket of roses and a four-tier wedding cake, flanked with tapers in silver holders, were Mrs. W. J. R. MacKay and Mrs. Clifford LeCoutre, while assisting in serving the many guests were Mrs. O'Leary, Mrs. Hartlen, Mrs. Ian MacLeod, Mrs. E. P. Stavert, Mrs. Nelson Kennedy, Mrs. Roy Duchemin, and the Misses Marie Turin, Margaret MacInnis, Adelaide Martiniello, Kaye Carson, Helen S. MacDonald, George Kennedy, June Duchemin, and Nan Smith. The ices were cut by Mrs. D. P. MacDonald and Mrs. Walter Ingram.

Among the out-of-town guests were Miss Della Dingswall of New York, aunt of the bride; Mr. and Mrs. E. J. Christie and Mr. and Mrs. Robert MacDonald and Mr. and Mrs. Derbyshire, of Glace Bay. Amig showers of confetti Mr. and Mrs. Chaplin left on the evening train for Halifax, from whence they will sail for a month's trip to Bermuda and on their return will take up residence in the Ross Apartments.

Mr. Chaplin is a cousin of the famous comedian, Charles Chaplin. (Mr. Duchemin who is editor of the Sydney Post-Record is a native of Charlottetown. He has a summer home at Fortune, P. E. I.

MYSTERY CARGO

(Continued from Page 1) zinc spelter and other materials suitable for manufacturing munitions had been shipped from this port aboard liners for Germany and other European countries.

Another report that one of the cases now detained at Pier 39 had been opened and found to contain scrap copper also lacked confirmation.

Mr. Mitchell's attention was called to a recent shipment labelled nickel that had been opened by Dominion authorities on its way from Toronto to New York, where it was to be loaded for Europe. Investigation revealed the boxes were filled with scrap iron all dressed up in wrappings to resemble nickel.

"Do you think this may be a parallel case?" the freighter's agent was asked.

"That's something new to me. I don't know anything more than I have told you," he replied.

Meanwhile the Liberty began loading a shipment of copper bars consigned to Hamburg and general cargo for London. At Pier 39 belief was expressed the freighter would sail tomorrow without waiting for release of the nickel.

Drought Strikes Pitcairn Island

(L. P. By Guardian's Special Wire) LOS ANGELES, March 13.—Drought has struck the romantic island of Pitcairn, settled by mutineers of the British warship Bounty in the 18th century, word received here said today.

A letter from Fred M. Christian, descendant of the leading colonizer of the south sea island, said lack of rain had prevented a harvest.

Down The Back Stretch

Fred Weston, chairman of the Maine Racing Commission, will leave next week for a visit to the various training stables located at New England and Mid-Atlantic states. He will endeavor to secure more horses for the fifteen weeks circuit which will make up Maine's racing contribution for 1936.

John Hervey, writing in Hoof Beats, has an interesting article entitled, "The Breeding Focus." "Here are the six fastest trotters thus far produced, all with records of better than 1:59 and with records that have now stood, on the average, no less than nineteen years; while to them, in the past, have added the fastest trotter, Tilly Brooke, 1:59, for the reason that she holds the world's race record. That record was made in 1924, or twelve years ago. Averaging it with the other six it gives an age of exactly eighteen years for the records of the entire group, the group including the world champion of stallion, mare and gelding, champion colt trotter and champion racing trotter. The record, year of record and sire of each horse is quoted:

That record was made in 1924, or twelve years ago. Averaging it with the other six it gives an age of exactly eighteen years for the records of the entire group, the group including the world champion of stallion, mare and gelding, champion colt trotter and champion racing trotter. The record, year of record and sire of each horse is quoted:

John Hervey, writing in Hoof Beats, has an interesting article entitled, "The Breeding Focus." "Here are the six fastest trotters thus far produced, all with records of better than 1:59 and with records that have now stood, on the average, no less than nineteen years; while to them, in the past, have added the fastest trotter, Tilly Brooke, 1:59, for the reason that she holds the world's race record.
