Fight for Independence of Ukraine Is Seen as Entering Wedge for Nazis

BY MILTON BRONNER
NEA Service Staff Correspondent

LONDON.—Nazi newspapers and magazines have suddenly displayed an overweening interest in the sorrows of the Ukrainians.

Nazi authorities have looked with benevolent eye upon the formation in Berlin of a confidential Ukrainian bureau where all stateless Ukrainians in Germany are asked to register.

It has even been stated that young Ukrainians will undergo special training in German military schools.

The Nazis daily send out from Vienna a broadcast in the Ukrainian language in which stress is laid upon Nazi ideology.

In the meantime, on their own, the Ukrainians of Poland continue to agitate for their freedom.

They recite what they say is history. Back in 1930 a number of farms owned by Poles in Polish Galicia were set on fire, presumably by small Ukrainian terrorist bands. Instead of trying to find the real criminals, the Ukrainian leaders say the Polish government sent in detachments of cavalry, infantry and police who instituted a regular terror—beating peaceful citizens and destroying homes, banks, cooperative enterprises, with confiscation of Ukrainian newspapers and wholesale arrests of young men.

The Polish govermnet vigorously denied these terror stories. But many of them were corroborated by reliable American newspaper men.

Even in 1938, it is claimed, there were not only Polish newspaper attacks upon Ukrainian cultural business and religious institutions, with closing of cooperative stores and confiscation of Ukrainian newspapers, but arrests of Ukrainian Greek Catholic Church priests.

Aside from these charges of violence, the Ukrainians say the Polish government is pursuing a set policy of trying to Polonize the people. They charge that the government refuses them the right to acquire land, forbids the instruction of children in the Ukrainian tongue elimiates them from the local government.

In Russia, the Ukraine nominally is one of the number of Soviet "Republics" which make up the Union of Soviet Russian Republics.

But here again Ukrainian leaders abroad say their compatriots are under a terror. They say that in 1930 the Soviet forced Ukrinian peasants to leave their farms and join the collective farming outfits. Thousands of those unwilling to do so were sent to convict camps in Siberia. The Ukrainians are a religious people. Their churches were closed and many of their priests sent into exile.

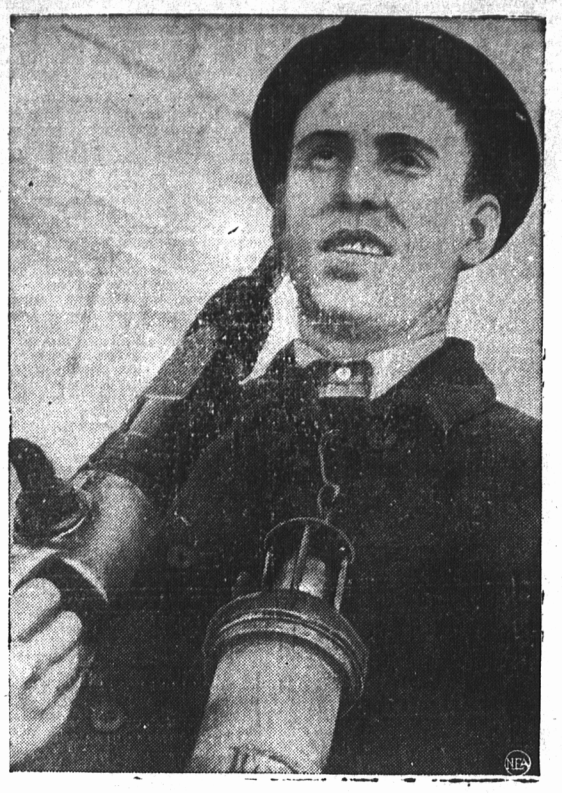
In the same year a giant trial was staged in Kharkov in which 45 Ukrainian leaders, many of them belonging to the intelligetsia, were charged with conspiracy to stir up a revolt for the purpose of establishing an independent Ukrainian republic. They were all found guilty and sentenced to long terms of imprisonment. Only recently it was reported that the Ogpu had arrested a large number of Ukrainian officers in the Russian army on similar charges.

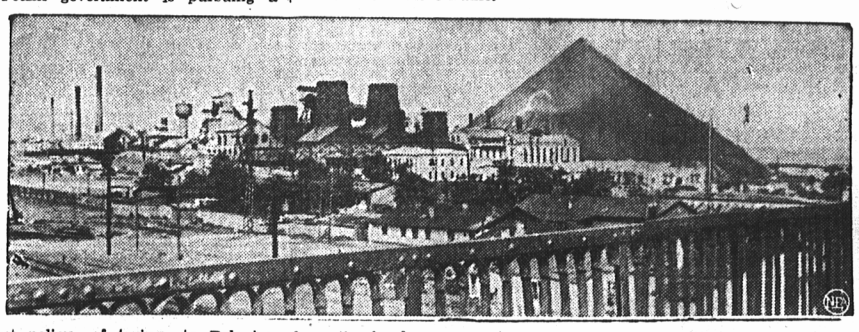
THE Soviet master are particularly nervous right now about happenings in the Ukraine because they fear Hitler's reputed plans for this spring or summer.

They would probably fight to the death to prevent the Ukraine being taken away from them.

The territory comprises one-quarter of the population of Russia, produces 20 per cent of Russian grain, has nearly one-fifth of its industries over 75 per cent of coal, 89 per cent of its coke, 77 per cent of its iron ore and 80 per cent of its sugar.

Therefore the loss of Russian Ukraine would be a body blow to the Soviet and a real empire for Nazi Germany.





Above and right: Typical Ukrainian workers—a miner in the Donetz coal basin, and a girl on a Soviet collective farm near Odessa. Below: A view of the seven-year-old coal-mining town of Gorlovka in the Russian Ukraine.

Brisk Buying On Montreal Stock Market

MONTREAL, Jan. 31 —(CP)— Stocks made the best of a brisk buying spree today and the leaders stepped ahead one to more than four points. Expanding volume accompanied the upswing.

Steel of Canada pulled ahead of the main list on good demand, climbing 4 1-4 points to 74 1-2 while gains of sizeable fractions showed for building products, Canada Cement, Dominion Bridge and Foundation Company. Oils firmed narrowly.

Light buying of St. Lawrence paper preferred lifted the price more than three points to 38. Among other papers, Price Brothers and Bathurst firmed about a point each. Bell Telephone topped the utilities with a gain of 1 1-2 while others held firm.

Metals turned in a good performance. Gains of more than two points each cropped up in Hudson Bay Mining at 34 and Smelters at 55 1-2 while Noranda improved two and Nickel strengthened 1 1-4.

Total sales: 129,800 shares; mines, 91,800; industrials, 38,000. Bonds $200.

Prices Ease Slightly After Early Rally

BY FREDERICK GARDNER
Associated Press Financial Editor

NEW YORK, Jan. 31 —(AP)— Financial markets continued the forward swing today but most lost momentum notwithstanding the general favorable construction placed on the speeches of Chancellor Hitler and Prime Minister Chamberlain.

Stocks, up 1 to more than 3 points in a burst of buying at the opening, yielded a portion of their gains and there was a shattering of minor losses in evidence at the close. Profit taking on the upturn which got underway Monday stemmed the rising tide and cut down volume considerably after the first hour.

Active Canadian issues surged ahead with the general market, McIntyre moved up 1 3-4 points to 52 1-2, Distillers Seagram gained 1 point to 18 1-4, International Nickel 1 1-4 point to 51 3-8 and Lake Shore 1 1-4 point to 48. Dome, Walkers, Brazilian, Canadian Marconi, Ford and Massey Harris all registered good fractional improvements. Other issues were inactive.

The Associated Press average of 60 stocks registered a gain of .7 of a point at 49.8. Transfers totalled 1,123,190 shares compared with 790,220 the day before.

Prominent on the extension of yesterday's upswing were U. S. Steel, Youngstown Sheet, Chrysler, J. I. Case, Kennecott, Eastman Kodak, J. C. Penney, Owens-Illinois, U. S. Gypsum and Southern Pacific.
