Three Killed When Aeroplane Fell At Fair Grounds

RUTLAND, Vt., Sept. 7.—Lieutenant Belvin W. Maynard, known as "the flying parson," was killed at the Rutland Fair today. Lieutenant Belvin W. Maynard, "the flying parson," Lieutenant Charles Wood, of Ticonderoga and Charles Mionette, of New York City, were killed today when their aeroplane crashed to the flying field from a height of 3,000 feet at the Rutland Fair grounds.

The aviators went up for a trial spin before taking passengers for flights, as had been their custom during the week the fair has been in progress. Lieutenant Maynard, the pilot, apparently misjudged a his distance before attempting a tail spin. The machine refused to recover and he then attempted to throw it into a nose dive. This also failed and the plane crashed to the field.

Lieutenant Maynard was alive when spectators reahed the wreckage, but died before reaching a hospital. Lieutenant Wood and Mionette, were instantly killed. The plane had been in the air about twenty minutes when the fatal plunge came.

The three pilots had been making daily flights at the fair grounds as a "flying circus."

Mac Donnell, of the Canadian Manufacturers' Association, Toronto, has been selected for adviser to the employers' delegate, and John W. Bruce, of Toronto, will fill a similar position in elation to the work men's representative. The Provinces have been invited by the Federal Government to send representatives at their own expense to act in an advisory capacity toward the Canadian Government delegates, but so far none of them have announced their selection.

NINETEEN CAVALRY HORSES SMOTHERED TO DEATH AT SYDNEY

SYDNEY. Sept 8—A distressing windup to the military occupation of Cape Breton strike areas occurred during the night, when nineteen cavalry horses smothered to death in a box car in Sydney C. N. R. yard.

The monetary loss is over $7,000 as the horses were all specially trained mounts and a military court of enquiry has been convened by Colonel Elkin to fix the blame for the affair.

The horses belonged to the Royal Canadian Dragoons. They were placed in the car at New Aberdeen at 9 o'clock last night and reached Sydney at midnight. They were inspected and found all right at 2 a. m. and the suffocation took place some time between then and five a. m. when the trouble was discovered.

There were 21 horses in the box car and only two survived the night.

Disarmament Question Shelved By Assembly

(Special to The Guardian.)

GENEVA, Sept. 8—Disarmament and other old questions before the League of Nations have been overshadowed for the moment by Austria and the economic situation in Central Europe. Viscount Ishii of Japan, however, brought disarmament again to the attention of the members briefly this morning, but the others made Austria the principal theme. M. Motta and Dr. Nansen both declared that the League must act.

The plan for an international force to guarantee the political stability of Austria has been abandoned, the Austrian delegation giving assurances that if the rest of the plans were carried out Austria will be able to guarantee its own stability. The discussion turned today on the restoration of Austrian railroads, which at one time highly prosperous, are now piling up deficits, and there was considerable optimism in both the Austrian delegation and the League Council. It is thought that a workable plan can be completed here and that the Allies can improve it and put it into effect in a short time. It would be necessary, however, for the reparations commission to abandon its claim on the railroads which thus far it has refused to do.

Spirit messages at a seance are listened to with rapped attention.

Thousands Of Women Are Now Taking This Newer Form Of Iron

Worn-out Housewife Tells How She Quickly Regained Her Health and Strength.

"Only a short two weeks ago I was so tired, nervous and worn-out from the drain on my nerves and strength of household drudgery, that I thought I could not keep up another day.

A short two weeks' treatment of the newer form of iron has given me a marvelous increase in health, strength and energy. Now I can do my whole house without help, and don't have to sit at home in the evening "all-in" sick and nervous."

"The above is a typical hypothetical case," says Dr. James Francis Sullivan, formerly physican of Bellevue Hospit (Out-Door Dept.) New York, and ti. Westchester County Hospital. "You cannot be well and strong and full of vigor, force and power unless your blood is rich in iron. It is your red blood that enables you to resist and overcome disease and that nourishes every organ in your body. Without iron your blood becomes thin, pale and watery. Poor blood cannot nourish your vital organs and as a result you may have pains in your heart or kidneys, indigestion, headaches, and feel all "run-down" and tired out."

When your blood lacks iron do not waste your time taking stimulating medicines or narcotic drugs, but directly enrich your blood with the newer form of iron sold by all druggists under the name of Nuxated Iron, which is like the iron in spinach, lentils, and apples, and is in a form easily assimilated into your blood

Get a bottle of Nuxated Iron today. Take it for two weeks and if you have not, like thousands of others, obtained most surprising health, strength and energy, the manufacturers will promptly refund your money. The following local druggists will sell you Nuxated Iron with this "satisfaction or money back" guarantee.

Roy Grattan drew the pole, Calgary Earl, a private entry rrom Houlton, second, Jackson Grattan, the Houlton Club entry, third and Braden outside, was handled by the veteran John Willard, who has driven him in every start for the pas tfour years. The Earl horse was driven by Ralph Burrill, late of the Cox stables, and Bud Tingley handled Jackson Grattan.

The horses got the word on the second score, Roy Grattan was not headed for the race for that matter, and finished in a terrific drive down the stretch. a head to the good of Jackson Grattan, which had as much lead on Braden. The time was 2.08 flat.

Phinney Paris Bout Ended at Close of Sixth

ST. JOHN, N. B., Sept 7—The boxing exhibition in the St. Andrew's rink last evening was attended by approximately 700 fans who witnessed four bouts, two main bouts of ten rounds each and two preliminary affairs of six rounds. None of the bouts went the limit, although the fans witnessed some snappy exhibitions. In the main bout between Kid Paris and Claude Phinney the latter's seconds were compelled to throw the towel into the ring at the end of the sixth round on account of Phinney's right eye being badly split. His optic was bleeding and was also so badly swollen that he could scarcely see out of it at all. Up to this time both boxers had earned two rounds and two were even.

The other main bout between Battling Christannsen and Tommy Williams ended in the fourth round when Williams was warded the decision on account of Christannsens second rushing into the ring when his boxer had Tommy practically out. The referee started to give the fight to Christannsen when he noticed the latter's second in the ring and he then stepped over and held up Tommy's glove signifying his victory.

In the preliminary bouts Mike Collins knocked out Kid Mose, colored, in the second round, while in the other preliminary the referee stopped the bout between Kid Burns and Jack Sullivan and awarded the fight to the former as Sullivan persisted in stalling and clinching.
