#### Footwear Prices Will Be Lowered

**John D. Palmer, Fredericton, Discusses Effect Of Higher Tariff On Shoes—Increased Production, Lower Prices And Added Employment.**

FREDERICTON, Sept. 18.—Higher tariffs which the Dominion Government has announced to protect the boot and shoe industry, will result in a reduction in the prices of footwear next season in the opinion of John D. Palmer, prominent New Brunswick manufacturer.

The increase in the tariff was not as much as hoped for but would be of benefit to the trade, Mr. Palmer said. "Most people," he commented, "say that when tariffs go up, so do prices. The reverse will apply this time.

"We will—and I think it will be general—figure on increased production with the resultant lower prices based on the faith that there will be an increased demand for Canadian-made shoes and a corresponding lesser demand for imported goods because of the new duty.

"The reduction will go into effect on goods for winter delivery or for next season.

"We are going to pass the reduction in production costs right along to the consumer. We are not going to even try to exploit the public. There is too much home competition in the boot and shoe industry in Canada, for it to be possible to exploit the public in price, even if we did want to."

The increased production planned will likely result in a number of employes being added to the factory pay-roll, Mr. Palmer said.

#### New Tariff Bears Fruit

(Canadian Press)

MONTREAL, Que., Sept. 17.—Officials of the Dominion Textile Co. announced here today that within the next two weeks they would increase the production of their plants from the present 60 percent to 80 percent. The announcement also said that 250 additional employees would be hired at the plant of the Paton Manufacturing Co. Ltd., the Sherbrooke subsidiary of the Co. In addition 200 looms would be put into operation at the Sherbrooke Cotton Mfg. Co.

The officials attributed their ability to expand operations by the relief offered in the new tariff schedules as announced by Prime Minister Bennett in the House of Commons Tuesday.

#### Loss Of Life And Property Damage From Heavy Wind

(Special to The Guardian)

LONDON, Sept. 18.—The first heavy gale of autumn was raging over a large section of the British Isles today with heavy damage to property, particularly to the fruit crop and loss of at least one life.

The storm began late yesterday and was somewhat abated at dawn. The worst havoc thus far reported was on the Isle of Man, which was swept by a torrential rain and wind which wrecked small craft and flooded all of the lowlying districts. The inhabitants were forced to flee to the top floors of their dwellings. Many sheep and other animals were drowned.

#### Oyster Season To Open Oct. 1st.

**Prompt Action Taken By Minister Of Fisheries At Request Of Local Representative.**

In conformity with the wishes of the oyster fishermen and buyers in this Province, the date of the opening of the oyster season has been changed to October 1st. The following telegram, received here yesterday, speaks for itself:

"OTTAWA, Sept. 18.—Request of oyster fishermen and shippers for October first opening season granted by Minister of Fisheries."

#### Views New Tariff As Beneficial

MONTREAL, Sept. 18.—Walter Molson, president of the Montreal Board of Trade, commenting on the tariff changes brought down at Ottawa Tuesday, today said the moral effect on business should be very helpful. He thought the country would feel relief at the wholehearted, clean-cut constructive policy put into effect.

John T. Foster, president of the Montreal Trades and Labor Council, commented as follows: "In a young country struggling to maintain young industries with a big neighbor, which has reached the apex of mass production, thus permitting the production of a large surplus of goods for export purposes, some measure of protection is essential for the successful development of our home factories.

"Organized labor will wait with interest the result of the changed policy and, if any benefits accrue, will insist that they should not be one-sided in character and that labor and the public in general will be permitted to participate."

#### Premier Writes Cordial Letter Of Appreciation

The Conservative women of Prince Edward Island are not forgotten by their leader, Hon. R. B. Bennett, as the following letter in reply to a congratulatory telegram sent by them on the occasion of his splendid victory of July 28 will show:

Prime Minister's Office, Canada.

Ottawa, Sep. 4, 1930.

Dear Mrs. Murphy:

First, let me apologize for the delay in acknowledging your very kind telegram of July 29th.

#### Govt. Not Decided

(Canadian Press)

OTTAWA, Ont., Sept. 18.—The Government is considering suggestions of contributing toward the cost of a tunnel under the Lachine Canal at Montreal, Hon. J. Manion, Minister of Railways and Canals informed Hon. Fernand Renfret, former Secretary of State at the opening of the House of Commons this afternoon. Despite many representations that had been made it was not decided whether to follow the decision of the late government and contribute one third of the cost, Dr. Manion added.

GENEVA, Sept. 18.—French and Italian negotiators despaired of reaching an accord on their naval parity difference today and concentrated upon securing an agreement on actual ship construction between 1930 and 1936.

#### BANDITS GET AWAY WITH OVER \$50,000

(Special to the Guardian)

LINCOLN, Neb., Sept. 18.—Poles maintained vigils throughout southeastern Nebraska tonight for six bandits who robbed the Lincoln National Bank here of more than \$50,000 today.

The bandits divided into two groups as soon as they drove to the front of the bank. Four men armed with revolvers went inside, while two others manning the machine guns, stood outside. Twenty patrons and employees of the bank were forced to lie on the floor, while the four rifled cash and security drawers. Officials said the robbers had taken \$19,591 in cash and between \$25,000 and \$50,000 in securities.

BOMBAY, India, Sept. 18.—Three hundred and fifteen women volunteers and fourteen men were arrested today for picketing polling booths at the Bombay Legislative election. This was the largest roundup of Nationalist volunteers in many days.

#### THE SENATE RATIFIES BILL WITHOUT SPLIT

(Canadian Press)

OTTAWA, Ont., Sept. 18.—Without a division, the Senate tonight ratified the Government bill to establish a fund of \$30,000,000 for unemployment relief. Senator James Murdock, former Minister of Labor for Canada, introduced an amendment calling for the payment of fair wages and the imposition of the eight hour day on all construction projects included under the scheme, but he withdrew it without a vote being taken.

#### The Island Is Living Up To Its Reputation

(Special to The Guardian)

MONCTON, N. B., Sept. 18.—"The Garden of the Gulf," Prince Edward Island, is living up to its reputation as being one of the most prosperous places in proportion to population in the world and this year, from reports reaching me, will apparently prove no exception, stated M. F. Tompkins, traffic manager of the Atlantic region, Canadian National Railways here today. "Farm crops on the Island," he went on to say, "are large and of a good quality; potatoes are raised in large quantities in Canada's Atlantic Provinces and the market prospects are very bright, due to the drought in a large portion of the United States." Mr. Tompkins stated it is expected that the potato movement will commence this year earlier than usual.

#### WEST PRINCE EXHIBITION

(Special to the Guardian)

SUMMERSIDE, Sept. 18.—About three thousand people attended the West Prince Exhibition at Alberton today, which was considered both by the judges and directors as the most successful they have had. There were more exhibits in each class than other years with the exception of poultry which was not up to its usual quantity, although the quality was very good, judged by Mr. F. M. Nash. Much interest was shown in the fox exhibit which was open to all foxes registered or otherwise. The quality of the animals, especially horses and cattle was far superior than that shown at previous fairs. The weather was perfect all day.

#### 300 FAINT AND ONE SUCCEUMBS AT QUICK WORK DURING PARADE

Boston Celebrates Birthday—Longest And Most Spectacular Parade In Its History—Distinguished Guests Visit City.

BOSTON, Sept. 18.—Boston observed its 300th birthday yesterday with one of the longest and most spectacular parades in the history of the city. The history of all of the city's diversified industries was traced by floats in a procession which took six hours to pass a given point.

Distinguished guests shared with city and state officials in reviewing the parade. They included Lord Mayor Rubin Salter, of Boston, England, Rear Admiral T. M. Milton of the Navy, Lord Mayor Lee of Coventry, England, Madame Ernestine Schumann-Heink, E. S. Bailey, Deputy Mayor of Boston, England, and Councillor James, Tait former Mayor of that city.

One man dropped dead and approximately 300 persons fainted from either heat or hunger as they stood for hours watching the parade.

#### MR. KING PEEVED AT QUICK WORK OF GOVERNMENT

Hon. H. H. Stevens Castigates Opposition Leader In Parliament.

Those who knew the Leader of the Opposition declared Hon. H. H. Stevens, Minister of Trade and Commerce, "would recognize in his present attitude the honorable gentleman who had been a member of the House between 1919 and 1921, but they would notice the absence of opinions of the honorable gentleman who had graced the House from 1922 to 1930. Mr. Mackenzie King was running true to form. The House had heard a dissertation on policies and economics, with the customary phrases regarding the cost of living, the cost of the implements of production on his lips.

Mr. Stevens remarked that the Liberal Leader had suggested that the matter of dealing with the tariff be left over until after the Imperial Conference. "I do not agree at all," The Minister stated. "If we are going to the Imperial Conference with the idea in mind that at the regular session of Parliament a general revision of the tariff is to be
