Chinese Starve By Thousands VANCOUVER, Dec. 10.—In the five provinces of China where famine conditions prevail, natives are starving to death in thousands, according to W. H. Bird, Toronto secretary of the Canadian Press Photographers' Association, who arrived here on the Empress of Asia. He believes millions will die from lack of food.

Mr. Bird told of trees being stripped of bark and leaves for food, of parents throwing their children into the river rather than see them starve, and of families mixing poison with the last of their food and dying together.

The Chinese Government is doing very little to aid the sufferers, he declared, officials stating that no money is available for that purpose, and China is unable to borrow.

Deanery Meeting Held at Summerside

APPOINTMENTS ARRANGED FOR ISLAND PARISHES: RESOLUTION PASSED RE DEATH OF CANON SIMPSON

A meeting of the Deanery of the Anglican Church of this province was held at Summerside on Thursday, Rev. C. De W. White, the Rural Dean, presiding. Others present were Archdeacon Watson, Rev. G. W. E. Jones, Milton, Rev. H. C. Light, St. Peter's, Charlottetown, Rev. C. W. Neish, Kensington, Rev. S. Jeffrey, Georgetown, Rev. J. J. Bamford, Port Hill, also the following laymen: Mr. Richardson and Mr. Horace Andrews, St. Eleanors and Mr. C. E. McKensie, Milton. The principal work of the meeting was the arranging of the annual appointments for 1921 for the various parishes.

Reference was made to the loss sustained by the church and the province by the death of Rev. Canon Simpson and a resolution of sympathy, moved by Rev. Mr. Jeffrey, seconded by the Archdeacon, was passed unanimously, expressing deep sympathy for Mrs. Simpson and family in the loss which they and the church in general have sustained.

The resolution was as follows: To the memory of James Simpson, M. A., D. C. L., Priest, for thirty-four years Incumbent of St. Peter's Cathedral, Charlottetown who entered into rest November 29th 1920 in the 67th year of his age. Whereas it has pleased Almighty God in His allwise providence to take unto Himself the soul of our dear brother and friend, James Simpson, priest we bow in deep sorrow and humble submission to the Divine Will.

Therefore be it resolved by the members of this Deanery of Prince Edward Island, lay and clerical, that in his departure we sincerely mourn our great loss and desire to bear unfeigned testimony to his high Christian ideals, his faithful devotion to the service of God, his upright character, his honesty, tempered with charity with which he held his convictions and his many excellent qualities which made him a power for good in the Church of Christ. His passing away has made a vacancy which will indeed be hard to fill. We shall miss greatly his wise counsel; but will ever cherish the memory of his faithful devotion to duty, his unflinching love for the Church, and his unflinching courage and friendship. To his bereaved family we extend our heartfelt sympathy and pray that in this time of sorrow they may have that comfort, hope and faith which God alone can give.

Germans Disagree On Entente Note

BERLIN, December 10.—The report from Switzerland that an Entente note has been received in Berlin censuring Chancellor Fehrenbach and Dr. Simons, the Foreign Minister, for their recent speeches in Cologne and Dusseldorf as being in conflict with the agreement according to which the German Government is bound to abstain from any action calculated to inflame the people of the Rhine land against the Entente occupation, has caused a violent ebullition of the spirit of Potsdam in the reactionary papers, while the Republican organs seem to consider the Entente's censure as not entirely undeserved. The latter asserted, even before the arrival of the note, that Fehrenbach and Simons had at least been undiplomatic, reminding one of the rhetoric of the ex-Kaiser, and that their speeches had served no purpose whatever except that of straining relations between the victors and vanquished. The Government has been accused of having kept the note secret because its insulting language might rouse the wrath of the German people—some seem to think—against the speechmakers and others against the Entente. State Secretary Haniel von Heimesaussen, however, assured the correspondent that the tone of the note was quite conciliatory, although it insisted that German statesmen must refrain from irritating com-
