### The Gift Store Is Ready For You

The Careful Christmas Shopper appreciating that only the highest standards have prevailed at this store since its opening, naturally turns toward Wellners' at this season. The spirit of the giver counts infinitely more than the gift itself, so whether your gifts be large or small, the fact that you made your selection at Wellners' cannot fail of appreciation. We have a large assortment of gifts for every member of the family. Why not call and see them?

### WHEN KILLING POULTRY

Grasp the chicken when killing, by the body part of the skull. Do not let the fingers touch the neck. Make a small cut with a small, sharp-pointed knife on the right side of the roof of the chicken's mouth, just where the bones of the skull end. Brain for dry picking by thrusting the knife through the groove which runs along the middle line of the roof of the mouth until it touches the skull midway between the eyes. Use a knife which is not more than 2 inches long 1/4 inch wide, with a thin, flat handle, a sharp point and a straight cutting edge.

At least 32 per cent. of all the poultry coming into the market is incompletely bled. Much of it is so badly bled that it results in a loss of 2 to 5 cents a pound as compared with the corresponding poultry which is well bled and in good order. Aside from the bad appearance, incompletely bled chickens have very inferior keeping properties. The flesh loses its firmness sooner, its flavor is not so good, the odor of stale flesh and finally of putrefaction comes sooner, and in every way the product is more perishable.

A very large proportion of the unsightly poultry in our markets, aside from the rubbing and tearing of the skins, is caused by an incomplete removal of the blood. This is evidenced by red dots which frequently occur where the feathers have been removed, especially over thighs and wings, or by the small veins which mar the appearance of the neck. Generally it is the neck which shows most plainly the presence of blood in the fowl or that a wrong method has been used in cutting the blood vessels in an attempt to empty them. The neck is the first part to discolor, becoming first red or purple and finally green.

### HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best Doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take Anti-kamnia Tablets, and the results will be satisfactory in the highest degree. You can obtain them at all druggists in any quantity, 50c worth 25c worth or more. Ask for A-K Tablets.

### SICK-HEADACHES

Sick-headache, the most miserable of all sicknesses, loses its terrors when A-K Tablets are taken. When you feel an attack coming on, take two tablets, and in many cases, the attack will be warded off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way. Genuine A-K Tablets bear the K monogram. At all druggists.

## Except in the bottle—

**No!** You cannot get real Bovril except in the Bovril bottle. Bovril is so strong that it cannot possibly be manufactured in cheap cubes. It takes the beef of a whole bullock to make a dozen bottles of Bovril. Add Bovril to make your cookery more nourishing and to save butchers' bills. But it *must* be Bovril.
