

Eczema

How it reddens the skin, itches, oozes, crabs and scales! Some people call it tetter, milk crust or salt rheum. The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure. It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

Hood's PILLS are the best cathartic. Price 25 cents.

The attention of the Stipendiary Magistrate was taken up yesterday afternoon with the adjourned case for violation of the Prohibition Law by Charles Collins, Jr. The evidence of Stamford Vall was to the effect that he had purchased liquor from the defendant, Charles Collins twice within the dates, once on Sunday, December 27th. The defendant himself was put on the stand by his Counsel Mr. Wells, and swore he had never sold any liquor to anyone during the past year. Vall being recalled produced the flask and part of the liquor he had purchased on the 27th. He swore positively it was from the defendant. The case was adjourned by the Magistrate for a week for judgment.

CAPTAIN William Dockendorff and his son William F. Dockendorff, with Mrs. Dockendorff and four children, left yesterday for the Pacific Coast, where they intend to reside in the future. After the meeting at North River Monday evening, quite a number of the church and congregation gathered at the residence of Robinson Warren, Esq., for a good bye word to the family which has resided in North River for the last four years, on behalf of the Sunday School, in which William F. Dockendorff has been a teacher ever since he came to North River. The Superintendent, Deacon Jacob Bain, presented him with an elegant teacher's bible as a mark of appreciation, esteem and Christian love. The Pastor, acting as spokesman for the choir handed him a beautiful copy of the Baptist Hymnal, this being the way in which his associates in singing the Gospel expressed their high estimate of his efforts in this department of public service. To the addresses Mr. Dockendorff made a suitable and feeling reply. While all regret the departure of so worthy a family we are comforted with the certainty that their going away from North River, means a definite benefit to any community in which they may locate.

Brain Controls Every Muscle.

Injury to Brain or Nerves, De-ficiency of Nerve Force. Mean Paralysis and Helplessness.

Dr. Chase's Nerve Food.

Every muscle of the body controlled by the will is connected with the brain, and every muscular action is originated by nervous force, generated in the brain and transmitted along the nerves to the muscles.

When the nerves are injured or diseased, when there is a deficiency in the supply of nervous energy, paralysis, locomotor ataxia or some form of helplessness results because the brain no longer has control of the muscles.

It may be weak heart action, inability to digest food, failure of the lungs to purify the blood or impaired action of any of the vital organs, but the cause of trouble is with the nerves.

The restorative action of Dr. Chase's Nerve Food is soon felt throughout the entire system, because it restores the vigor and vitality of the nerves—fills them with new nerve force, the vital power of the body; weakness, nervousness, irritability, sleeplessness and low spirits disappear and new energy and strength take their place.

Mr. Arthur Lafferty, Malpeque Road, Charlottetown, P. E. I. states:—"I was all run down in health and in fact I was so bad that the least excitement would make me start up nervously. My nerves were very unsteady and at times I had racking, sick headaches and spells of indigestion."

"Since I have been using Dr. Chase's Nerve Food these symptoms have entirely left me and to-day I feel like a different person. My whole nervous system has been regulated, my appetite is greatly improved, and I am enjoying real good health."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for \$2.50, at all dealers or Ed-manson's Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

LET OTHERS EXPERIMENT

There is always something new in the way of medical treatment and you are constantly invited to try new fangled, un-proven remedies. Let others experiment and so risk health and lose time. Dr. Chase's Kidney Liver Pills have been tried in the crucible of time, won the approval of public opinion and demonstrated their right to a place in every home as family medicine.
