There is a world of romance in the picture of a young girl reading her sweetheart's love-letters. In a multitude of cases, if her future could also be pictured, the picture would contain a world of pathos. To the healthy, robust woman, marriage means happiness, the supreme joy of motherhood and the promise of a long, healthy life of helpfulness with the man of her choice. To the woman who suffers from disease or weakness of the delicate and important organs concerned in wifehood and motherhood, wedlock means suffering and maternity death. Dr. R. V. Pierce is an eminent and skillful specialist, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. During that time, with the assistance of a staff of able physicians, he has prescribed for thousands of women. The institute of which he is the head is one of the greatest in the world. He is a regularly graduated physician and has practiced right in one place for thirty years. The esteem in which he is held by his neighbors is shown by the fact that they chose him for their representative in the National Congress. The regard in which he is held by those whom he has treated is shown by the thousands of letters printed in Dr. Pierce's Common Sense Medical Adviser, telling of the benefits derived from his treatment.

Dr. Pierce is the discoverer of a wonderful medicine for women, known as Doctor Pierce's Favorite Prescription. It cures all weakness and disease of the feminine organs. It allays inflammation, heals ulceration and soothes pain. It tones the nerves. Taken during the interesting period, it banishes the usual discomforts and makes baby's advent easy and almost painless. Thousands of women have testified to its marvelous merits. An honest druggist won't advise a substitute.

The profit side of life is health. The balance is written in the rich, red, pure blood of health. Dr. Pierce's Pleasant Pellets cure constipation and make the blood rich and pure. They never gripe. By druggists.

Pain-Killer

(PERRY DAVIS'.)

A Sure and Safe Remedy in every case and every kind of Bowel Complaint is

Pain-Killer

This is a true statement and it can't be made too strong or too emphatic.

It is a simple, safe and quick cure for

Cramps,	Cough,	Rheumatism,
Colic,	Colds,	Neuralgia,
Diarrhœa,	Croup,	Toothache.

Two sizes, 25c. and 50c.

Keep it by you. Beware of imitations. Buy only the Genuine—Perry Davis'.

Sold Everywhere.

Economy Isn't Always Wealth.

When it comes to the buying of a Msicial Instrument for the home, a metush Piano or Organ may impress thtyliwho are not musical and want sohose ing to please the eye only,

But when Musical friend arrives

a Piano or an Organ that will satisfy the most exacting and critical taste is what men want to have in your parlor. Something that you can point to with pride.

THAT'S THE KIND WE KEEP

A splendid stock now on hand on easy terms—or very low for cash.

The Summer School of Science.

MONCTON July 18.—The enthusiasm in the work of the summer school continues unabated. The work this year in Geology is of a different and more interesting character than in former years. Instead of taking up the general subject of Geology Dr Bailey, who has charge of the work, has given a series of illustrated lectures on the Geological History of the Maritime Provinces, showing the different periods of rock deposition in these provinces the strata to which they belong and the period of the world's history with which they are connected From attendance on these lectures the students accompany the Doctor to places where the different stratas may be examined and taking it altogether there are no students more interested in their work than the students in Geology.

On thursday the 13th inst Dr Morrison of St John gave a most interesting lecture on Italian scenes, illustrated by stereopticon views. The lecturer having personally visited the scenes shown made his descriptions most realistic. On Friday the 14th L U Bailey, L L D of the University of New Brunswick, gave his famous lecture on Rock Rivers' also illustrated. while on Saturday the 15th Dr Bailey again lectured, on 'Niagara' which lecture was illustrated by views as on the preceding evening. In this lecture the approaches to Niagara were described. the Geological history given, showing how in the past ages, the vast tract covered by Lakes Erie and Ontario, with the surrounding country, were one vast lake, and that the Erie waters that now find exit by way of Niagara then found exit by the Mississippi Valley. He showed how by the settling of the land the current was changed, and how by the exersion of the water the gorge of the Niagara was cut out. The limestone rock of the upper course of the river, being less susceptible to water action, did not wear away as fast as the softer shales below, hence cataracts were formed in the river which deepened into the falls. The utilizing of the water for producing power was trenched in; at present, about 25,000 horse power is being generated by the water of the river, with a continual increase of machinery being constructed at the falls.

Speculating as to the future of the falls the lecturer suggested three possibilities. One, that so much of the water would be diverted from the river course to drive machinery that the bed above the falls would become dry. Second, in course of time the water would wear the limestone cliff away and when the upper shales were reached there would be the gradual descent we have in our sandstone river beds and no longer any falls, this according to more eminent geologists would be in about 60,000 years. Thirdly, the gradual deepening of the western end of Lake Erie until the waters would again find their exit by the Mississippi Valley. So remote were every one of these possibilities that the lecturer thought there was no immediate necessity for haste in visiting Niagara, lest when the visitor went there would not be any Niagara.

Mr Palmer of the I C R and his good lady were "At Home" to the school on Friday afternoon and a most enjoyable two hours were spent there.

The annual business meeting of the Board of Management was held on the 15th inst, when the following officers were elected:—

President—G U Hay, M A, Ph B, F R C S, St John, N B.

Vice President:—W R Campbell, M A, Truro, N S; R H Campbell, Summerside, P E I; W A Hickman, Pictou, N S.

Secretary-Tres—J D Seaman, Charlottetown, P E I.

Board of Management—President and Secretary-Treasurer, ex-officio; L W Bailey, L L D, Fredericton, N B; A Cameron, Yarmouth, N S; G J Oulton, M A, Moncton, N B; J Brittain, Fredericton, N B; W W Andrews, M A, Sackville, N B.

The school will meet next year at Campbellton, N B, commencing in the last week of July.

The Governor-General's bronze medal was won by Blanche McFarlane.

WORSE THAN YELLOW FEVER

Kidney Disease Man's Deadliest Foe. Dodd's Kidney Pills its Only Cure.

Toronto, July 18—"Yellow fever and smallpox combined, do not kill as many people, as Kidney Disease does." was the assertion of a prominent Toronto physician, recently.

The assertion is fully borne out by facts, and were it not that there is a means of checking and curing Kidney disease the number of its victims would be trebled.

But the use of Dodd's Kidney Pills keeps the death-rate from this complaint, quite low compared with its former height.

If Dodd's Kidney Pills were used in every case of Kidney Disease there would be no deaths from it.

OUR GREATEST YEAR IN EXPORTS.

Record of the Most Remarkable Twelve Months in History

WASHINGTON, July 14 —The record of the most remarkable year in our export trade was completed to-day by the Bureau of Statisics so far as relates to the exportation of wheat, corn and other breadstuff, pork beef and other provisions; cotton and mineral oil. These articles form a large precentage of the total exports aside from manufactures.

The cotton exported during the year increased from 3,103,745,949 pounds to 3,341,332,800 pounds, while the total value last year was $230,890,971. and that for the year just ended $229,907,477. In provisions, including beef, pork and dairy products, the value of the exportations is greater than last year, being $154,454,074. against $137,138,084 last year.

The exportation of wheat for the year (including flour as wheat) amount to 215,171,961 bushels, which exceeded the exportation of any preceding year except that of 1892, which amounted (flour included) to 225,665,812 bushels.

In no year prior to 1897 did the quantity of corn exported ever reach half that of the year just ended. In oats, oatmeal and rye the exportation also greatly increased.

The figures in the principal articles for the fiscal year, compared with those of the preceding year in values, are as follows:

	—Values— 1898	1897.
Wheat	$144,272,819	$59,920,178
Flour	68,618,790	55,914,347
Corn	72,502,237	54,807,152
Meal	1 757,830	902,161
Oats	20.591,433	8,756,207
Oatmeal	1,748,329	1,071,340
Rye	8,795,820	3, 667,505
Total breadstuffs	324,706,060	197,857,219
Cotton	229,907,447	230,899,971
Mineral oils	55,171.001	62.635,057
Provisions	154,454,074	137,138,084

TWIN TORTURERS!

Lumbago and Rheumatism made Harmless by Dodd's Kidney Pills.

Lumbago and Rheumatism cause endless pain and suffering. Every man and woman who runs chances of getting wet, or catching cold, is liable to suffer from one or both. Our hospitals are full of sufferers from these diseases; none are more painful. Every nerve is on fire; every joint is a centre of agony; every muscle an area of torture. To move hand or foot makes the victim shriek with agony.

Rheumatism makes more cripples than all the railroad accidents that ever happened. Twisted, mis-shapen caricatures of humanity, who cannot walk without misery, are to be seen every day. The kidneys are to blame. If they are healthy you needn't fear Rheumatism or Lumbago. Dodd's Kidney Pills keep the kidneys healthy and cure Rheumatism and Lumbago.

Dodd's Kidney Pills ALWAYS CURE.

DR. CLIFT

treats **Chronic Diseases** by the Salisbury method of persistent self-help in removing causes from the blood. Continuous, intelligent treatment in person or by letter insures Minimum of suffering and Maximum of cure, possible in each case.
