June is the month for weddings—numerous loving hearts will be cemented in the bonds of matrimony during the coming month.

Invariably the one great worry to the Bride and Groom too, is selecting the furniture and furnishings. This will be one of the most interesting parts of a long and varied program if the buying is done at HOLMAN'S, Summerside.

Each of the departments in this vast establishment intelligently telescopes the other, so that the customer secures better service and better satisfaction. The buying can be done in one-half the time than it would take ordinarily trudging around from store to store in the old fashioned way—color harmony and interior treatment can be effectively secured when the shopping is done at HOLMAN'S.

We are the biggest furniture dealers in Eastern Canada—secure the finest prices—own every inch of the property we occupy, and on account of the nature of our business sell at a closer margin of profit than our competitors.

It will pay you to take the first train to HOLMAN'S, SUMMERSIDE.

A Furniture Traveller said to the manager of our Furniture Department the other day: "Why, you are practically giving this line of Tables away—there is not a dealer I call on that sells them so low."

Almost every imaginable style of Table is represented in our showing.

## The Biggest Range Value in Canada

Don't imagine this is one of the cheap, shoddy ranges that are as thick as peas, the RELIANCE Steel Range is made with full Burnished top as smooth as glass—shiny and easy to keep clean. The warning closet does not

crowd close to the top like the ordinary cheap ranges, but stands up high, like a regular \$60.00 range. The nickeling is heavy—the construction is massive—braced at all vital points—the top is made in the "key-plate" principle, allowing lots of space for the expansion and contraction of the metal. The RELIANCE is a real range in every respect—recommended and guaranteed. Exactly as picture, freight charges prepaid for ..... \$35.95

## Floor Coverings of Every Kind

It is not necessary for us to do any "crowing." The name Holman always has stood, and always will stand, for the best values procurable in Floor Coverings.

Page 65 of Holman's Spring Catalog bears worthy testimony to our contentions. On this page you will find Floor Oilcloths at from 24c per yard and up; and remember above all, the first of all, the quality is right in every case. We do not sacrifice quality for price. No matter what the price you are assured of quality, because the Holman Guarantee of Satisfaction stands siluetted back of every article listed in Holman's Catalog.

One good order will open your eyes to the savings offered to those who shop from Holman's.

## Grocery "Needfuls" At Saving Prices

At a time when the whole Empire is preaching and practicing thrift you would not have the interests of the Empire, or your own interests at heart unless you familiarized yourself with our prices on Groceries—and in consulting our catalog, note particularly the dozen or quantity price in each case. There's where the saving comes in.

First of all we'd like to show you our new stock of massive Chillless Beds. These are extremely heavy in construction, some with continuous post, others mission and round posts, nicely trimmed with brass—all finished in pure snow-white enamel. Prices \$7.50, 8.90, 10.95, 11.45, 11.65 and 14.35.

In Brass Beds we are showing a varied stock—some in combination bright and satin, others plain. Prices range \$9.98, 11.90, 17.50, 21.00 and 28.00.

We can supply White Enamel Iron Beds at \$2.28, 2.50, 2.50, 4.15 and up. The prices are in each case; we think the lowest offered in Canada.
