NEW STONE CHURCH—A meeting was held in Georgetown on October 7th and it was decided by the parishioners of St. James Catholic church to undertake the work of building a new stone structure to replace the old wooden church. A subscription was taken up for that purpose which proved very successful. His Lordship the Bishop of Charlottetown was present at the meeting.

BACK FROM THE FUR SALES—Mr. Chester McClure is back again from New York, Chicago, St. Louis and St. Pauls, where he attended the autumn fur sales and looked generally into the fur situation. He had a moderate quantity of island pelts with him practically all of which he disposed of at satisfactory prices. Features of this season's fur sales were a general advance in prices over those of last year, but the feature which Mr. McClure emphasizes as the most important is the fact that the markets have been cleared, that no pelts remain in the hands of speculators and that next season's sales will be on a clean and hungry market. This fact alone should stiffen the backbone of the fox business in this province as it indicates a firm demand for next year's crop. Mr. McClure expressed himself as highly pleased with his trip and is quite optimistic as to the outlook. Prince Edward Island, he says, is now definitely on the world's fur map and will henceforth figure in the world's fur market.

CHURCH PARADE—The infantry, artillery and railway drafts quartered in this city, paraded to St. James Church yesterday morning under command of Lieut. White, where an eloquent and appropriate sermon was delivered by Major, the Rev. Dr. Fullerton.

PARISH MEETING—On yesterday afternoon a meeting of St. Dunstan's parish was held in the Cathedral. The meeting was splendidly attended and it was decided that a subscription be taken up towards the work of the interior construction of the main Church. The subscription was most successful.

BERMUDIEN VISITOR—Mr. H. C. Outerbridge, of Hamilton, Bermuda, is here on his annual visit for the purchase of Island produce, horses and cattle. Mr. Outerbridge says transportation from New York to Bermuda has been seriously handicapped by the fact that the Bermudian which plied regularly between those two ports had been requisitioned by the British Government. Negotiations are now pending for the placing on the route in connection with the Cascadia another ship which it is hoped will relieve the situation. Mr. Outerbridge has been an annual visitor to Charlottetown for over a quarter of a century and buys large quantities of produce here.

POLICE COURT—The assault case of George McDonald vs. John Henry Hughes was continued before Stipendiary Magistrate Saturday morning and adjourned for further evidence. The evidence given was somewhat conflicting the plaintiff contending that at about six o'clock on the evening of the 23rd, he had met the defendant at Jamieson's corner and Hughes had asked him for money. An altercation followed, in the course of which some blows were exchanged and McDonald got his man down and was holding him when a brother of the defendant, Wilfrid Hughes, came along and kicked McDonald on the face and also hit him with a stone. Two clerks of the Royal Bank testified to seeing the kicking being done, but witnesses for the defendant including Cwen Trainor and Frank Whewer swore that there was no kicking and that Wilfrid did not hit McDonald with a stone.

TWO VIMY HEROES RETURNED SATURDAY

Sergt.-Major "Larry" Trainor, City, and Private Arsenault, Summerside, Arrived on the Aranmore.

The Aranmore Saturday brought home two more boys who had been through the heavy fighting at Vimy Ridge they are:

Brigade Sergt.-Major J. E. Trainor, Charlottetown.

Private Arsenault, Summerside.

Sergt.-Major J. E. Trainor—"Larry", as he is known to his countless friends—has been wearing the King's uniform ever since war was first declared. He left here in the Divisional Ammunition Column under Major McKinnon in the Spring of 1916 and after that Column was broken up he joined the 8th Brigade. He was a year in France and saw much of the fighting as the field artillery moved from point to point along the Canadian front.

At Vimy Ridge last January while up with the trench mortars, a shell came along, killing one of the artillery near Sergeant Trainor and burying the latter beneath the trench debris. He contracted what is known as trench nephritis, which has caused so many fatalities among the soldiers. He spent some ten months in the hospitals at Torquay, Marks, Horton, Bushey Park and Kirkdale, Liverpool. He left England in a hospital ship and reached Halifax on Thursday last.

Before coming home Sergt. Trainor saw a number of the 5th, Siege Battery boys who had been gassed. They were in the hospitals in London and coming along well. As the reception committee here was not notified that Sergt. Trainor was coming, no reception was tendered him. He leaves tomorrow for Halifax, where he will report before the Medical Board there.

Two other Islanders came over in the same ship and one of them Pte. Arsenault of the 105th was badly wounded in the leg, at Vimy Ridge. He did not come to Charlottetown, but left for Summerside, via Point du Chene.

The other Islander was Jimmy Murphy, brother of Sam Murphy formerly of Charlottetown and now of New Glasgow. He had been released from a prison in Germany.

Always Had Headaches

Liver Was Torpid and Bilious Spells Brought Sick Headaches—Lost Much Time, But is Now Completely Cured.

Newton, N. B., October 29.—Here is convincing evidence that however much you may suffer from liver trouble and consequent biliousness there is cure in the use of Dr. Chase's Kidney-Liver Pills.

Overeating is the most common cause of sluggish liver action. You lose your appetite, have distressing bilious spells, usually accompanied by headache and vomiting, the bowels become irregular, constipation and looseness alternating, digestion is upset and you get irritable and downhearted.

No treatment so quickly awakens the action of the liver and bowels as Dr. Chase's Kidney-Liver Pills. For this reason this medicine is wonderfully popular and has enormous sales.

Mr. Charles R. Tait, Newton, N.B., writes: "I was nearly always troubled with headaches, and would often have to stop work for a day or two. I lost many a night's sleep every month with bilious sick headaches, and although I tried doctors' medicines and also many other patent medicines, it was without success. When I had these headaches I would vomit, and could keep nothing on my stomach."

"I purchased a box of Dr. Chase's Kidney-Liver Pills from G. M. Fairweather, Druggist, of Sussex, N. B., and after taking one box I was so much relieved that I continued to take them until I am now completely cured. My advice to anyone suffering from sick headaches is to try Dr. Chase's Kidney-Liver Pills and be completely cured."

Mr. A. S. Mace, J.P., endorses the above statement, and says: "This is to certify that I am personally acquainted with Charles R. Tait, and believe his statement in every way to be true and correct."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. Substitutes will only disappoint. Insist on getting what you ask for.

THE CARFERRY IS KEPT BUSY

The car ferry carried 174 cars potatoes from Port Borden to Tormentine during the week ending Oct. 27th and brought over, 72 cars mixed freight. This week promises to be another exceedingly busy week. Yesterday forty empty cars were sent to points east of Charlottetown, 20 to Georgetown and intermediate points and 20 along the Souris branch. These will be forwarded to Borden today. Yesterday also, 17 cars of potatoes came from Tignish to Borden and 16 cars from points between Charlottetown

and Borden. It is expected that there will be 125 cars potatoes at Borden Tuesday night. Owing to the immense quantities of potatoes moving the Intercolonial is taxed to the utmost for cars. They are pouring into Pictou by vessels and by the Aranmore from Charlottetown and to Pt. du Chene by vessels and by the Northumberland from Summerside. After November 1st the P. E. Island Railway will not furnish cars for potatoes destined to points beyond the I.C.R. until refrigerator cars are provided on the Mainland. For points along the Intercolonial potatoes will be accepted probably until the middle of November for shipment in ordinary box cars. This precaution is being taken to avoid danger of loss by frost such as occurred last fall.

NORWEGIAN STEAMER A TOTAL LOSS

(Canadian Press Dispatch) LONDON, October 27.—A despatch to Lloyds, from Christiania says that the steamer Remfors is aground near Bergen and will be a total loss.

LIBERTY LOAN NOW \$5,000,000,000

(Canadian Press Dispatch) WASHINGTON, October 27.—The second liberty loan apparently has passed the \$5,000,000,000 mark.
