

No need for gravel

on a Johns-Manville Asbestos Roof

BUILT UP Asbestos—sturdy layers of lasting rock—of course it needs no gravel or other surfacing. Its smooth surface gives quick, efficient drainage. No leak-producing puddles. No stopped-up drain pipes. And it's a light-weight roof as well.

An added feature is a special flashing fabric to reinforce valleys and flashings where 90% of all roofing troubles occur. Remember too, its upkeep cost is practically nothing for it's made of rock.

Good Grocers Sell it

Western Guardian

—M. LUX is buying geese at stock yards in Summerside will pay top Market prices for them. 9593-10-10-61

—COME TO THE Auction Sale on Myrtle Street, Summerside, on Saturday, the 15th. Your opportunity. Don't miss it. 9594-10-10-61.

—WANTED AT ONCE oats and wheat, highest market price paid. Central Bedouque Flour Mills. 9644 10 12 31

—RETURNS FROM HOSPITAL. Mrs. Charles Morrison returned to her home in Bayside on Wednesday after being in Prince County Hospital for three weeks with blood-poisoning in her hand. She is much improved but not completely recovered.

—GOOD CROP OF POTATOES.—A few of the farmers in the Bayside district report a good crop of potatoes, but the majority have had very disappointing returns, the seed having been planted too late to allow the potatoes to attain their full growth before being blighted. Not much rot has yet appeared.

—WESTERN PROVINCE.—The Western Office of the Guardian is located in the McNeill Building, Water St., Summerside, where subscriptions and advertising will be received. The Guardian may be purchased daily at the Western Office in the McNeill Building or at the McDonald News Store.

—SERIOUSLY ILL.—At the early part of last week Mr. George Jelly, of St. Eleanors, was attending to one of his foxes when it turned suddenly and bit him in both hands. He immediately applied iodine to the wounds, but on Wednesday became seriously ill and on Thursday was removed to Prince County Hospital, suffering from blood-poisoning and his condition has since been very grave. Tuesday morning he was slightly improved, but his friends will regret to report that his recovery is yet doubtful.

—REMOVAL REGRETTED.—Mrs. W. J. McDonald, whose husband's death was recently chronicled in these pages, has decided to dispose of her stock and implements and remove with her little son, Billy, to New York City for the winter. Mrs. McDonald has made many friends during her few years residence in Bayside, and they regret to learn of her intended departure, but look forward with pleasure to her return in the spring.

—ALBERTON.—The Electric Power Plant here has changed hands, the new owner being Mr. R. Hudson-Gordon M. L. A. He has had a gang at work on the broken power plant for the past week and excellent progress is being made. The break was a serious one but it is expected that all will be completed by the last of this week or the first of next.

—SERIOUS LOSS.—Mr. Herman McIntyre, who since the destruction of the Grand River cheese factory has been hauling the cream of the Bayside patrons to the Wellington Creamery, met with a serious loss last week, while engaged in his work. When a short distance above the Bayside schoolhouse, a young horse which Mr. McIntyre was leading took fright and, breaking off the board to which he was attached, started running towards home. When going down the hill between the school and the ferry the board on the end of the rope caught in the horse's feet and he turned a complete somersault. When Mr. McIntyre arrived he found the horse dead, his neck having been broken by the fall. The loss is a heavy one as it was a much prized Lacopia, that had shown up well last winter on the Grand River ice speedway. N

—Ed. Hornby Returns From Halifax. Mr. Edward Hornby, returned Monday night from Halifax, where he competed on Saturday in the forty-five mile Bicycle Road Race from Windsor to Halifax, finishing eighth after a hard grind over a mud spattered road which in many parts had a gravel covered surface that was entirely unsuitable to the narrow tired high geared bike used by Hornby.

Mr. Hornby speaks highly of the treatment he received from every person connected with the event, but was particularly high in his praises for Mr. VanBuskirk of Halifax and formerly of Charlottetown who with Gordon Whitlock, also formerly of this city went down to Windsor on Saturday morning by car and followed Hornby through to Halifax, carrying the extra bike and giving every encouragement possible.

Mr. VanBuskirk in a letter to Mr. J. J. Hornby stated that Ed put up a great race and had conditions been any way near favorable that he was quite sure Ed would have finished with the first lot of riders.

Mr. VanBuskirk is quite confident that with the experience gained in "this race that Hornby will have a great advantage in his next start.

Mr. Hornby is feeling fit and none the worse of the hard race and is quite confident that he will do better next time, which we are sure

Sore throats

Rub Vicks on throat and chest. Relieves two ways at once—absorbed, inhaled.

—MEMORIAL GIFT.—In a copy of the Taunton Daily Gazette, of Taunton, Mass., recently to hand, we note an account of a fine memorial service and dedication of a new pipe organ in Cavalry Methodist Episcopal Church of that city, held on Sunday, Sept. 25th. This beautiful organ is dedicated to the memory of John W. Strang and is the gift of his widow, Mrs. Eliza C. Strang, both of whom have been residents of Taunton and prominent members and workers in the church for nearly sixty years. Rev. C. M. McConnell, of Boston, presented a eloquent dedicatory sermon and the official presentation was made by the pastor of the church, Rev. M. E. Barratt, and was received by L. L. Mitchell, Chairman of the Trustee Board of Cavalry Church. Both Mr. and Mrs. Strang are natives of P. E. Island, and our readers will remember that a year or two ago Mrs. Strang gave a splendid donation of \$2,000 to the Prince County Hospital and a similar gift to the Taunton Hospital, all in memory of her husband, a most exemplary way to perpetuate the memory of a loved one. Mrs. Strang visited Summerside last year, the guest of her niece, Mrs. T. D. Bannay, where she enjoyed many old friendships of earlier days in the land of her birth.

PERSONALS

—Mr. Robert McDonald, who was called to his home in Bayside by the death of his father, left Tuesday for return to Saint John, where he is a novice in the Redemptionist Order.

—Mr. and Mrs. H. Justin Brown and children, Junior Jean and Carolyn, were out-land passengers by the car ferry on Saturday, returning to their home in Pittsburgh, Penn., after spending two months at Mr. Brown's old home in Bayside.

Souris To Have Wrestling And Boxing

Mr. John Patterson returned last evening from Souris where he has been making arrangements for a wrestling bout between himself and Swede Anderson of Bangor, Maine, and also for a couple of fast boxing bouts which will be staged very soon in the above town.

Ed. Hornby Returns From Halifax

Mr. Edward Hornby, returned Monday night from Halifax, where he competed on Saturday in the forty-five mile Bicycle Road Race from Windsor to Halifax, finishing eighth after a hard grind over a mud spattered road which in many parts had a gravel covered surface that was entirely unsuitable to the narrow tired high geared bike used by Hornby.

Mr. Hornby speaks highly of the treatment he received from every person connected with the event, but was particularly high in his praises for Mr. VanBuskirk of Halifax and formerly of Charlottetown who with Gordon Whitlock, also formerly of this city went down to Windsor on Saturday morning by car and followed Hornby through to Halifax, carrying the extra bike and giving every encouragement possible.

Mr. VanBuskirk in a letter to Mr. J. J. Hornby stated that Ed put up a great race and had conditions been any way near favorable that he was quite sure Ed would have finished with the first lot of riders.

Mr. VanBuskirk is quite confident that with the experience gained in "this race that Hornby will have a great advantage in his next start.

Mr. Hornby is feeling fit and none the worse of the hard race and is quite confident that he will do better next time, which we are sure

Eastern Guardian

—EASTERN AGENT—Mr. J. W. Murdock is Guardian agent in Montague and will be pleased to receive news items, advertising, news and renewal subscriptions.

—INSTITUTE MEETING.—The September meeting of the Lakeview Women's Institute met at the home of Mrs. Hudson Morrow with 12 members and 11 visitors present. Meeting opened by singing the Institute Ode, followed by Roll Call, which was answered by "My First Teacher" Mrs. S. J. Rose was appointed to see about getting paint for Lakeville school. Mrs. R. McInnis and Mrs. D. J. McDonald were appointed committee to visit Lakeville school next month and Mrs. E. D. Fraser and Mrs. Wm. Fraser for North Lake. The programme was then carried out which consisted of a demonstration on canning peas by Mrs. J. H. Baker; also readings and recitations by other members. Meeting closed with the National Anthem to meet again on Oct. 4th., at North Lake Hall.

—MONTAGUE INSTITUTE.—The regular monthly meeting of the Montague Women's Institute was held August 30, instead of the usual first Tuesday in September, the president, Mrs. T. G. Ives, in the chair. This was a very memorable meeting for the members were delighted to witness the burning of the notes signifying the conclusion of their debt in regard to the new Memorial School. On May 3, 1921, realizing the need of a better school, this Institute pledged \$1,000.00 to the District for help in building and with this in view money was raised each year. Finally in June, 1925, the District agreed to build with the understanding that they had the support of the Women's Institute to the amount of \$2,000.00 or more, if needed. Later the Institute was waited upon by the Building Committee and agreed to pay for the plumbing and heating system. This they eventually did, paying in all the sum of \$3,373.00 for this worthy purpose. Besides this amount the sum of \$1,800.00 was spent for other improvements during the last nine years, and to date they have to their credit in the bank \$200.00, which they intend to use for school purposes as needed. The Institute feel proud of their work, but fully realize that they could not have accomplished what they did without the co-operation of the whole District. They therefore wish to thank those who so nobly responded to every demand they made upon them. At the regular monthly meeting held Oct. 4, Mrs. L. H. Coffin, former president, gave a very interesting and instructive address on her recent trip to England, Scotland and France. The description of the air line flight from London to Paris was much enjoyed, and we hope to hear still more of her impressions of other points of interest at a later meeting.
