SEPARATE DEPARTMENT OF FISHERIES

Authorized in House of Commons Yesterday — Mr. Bennett Scores Govt Dredging In Canada.

(Canadian Press) OTTAWA, Ont., May 5.—Establishment of a separate Department of Fisheries was authorized when the House of Commons today gave third readings to interlocking bills which separate the present Department of Marine and Fisheries. There was no opposition to the principle of either bill, although Hon. R. B. Bennett, Conservative Leader, opposed the centralization of the control of all dredging under the Department of Marine. Dredging, he said, is now controlled by three Departments, Railways and Canals, Public Works and Marine. The history of Government dredging in Canada might be labelled scandalous, he suggested and he did not believe the situation would be aided by its centralization under one Department.

Premier Mackenzie King said the whole idea in making the Department of Marine responsible for dredging was to consolidate its control. Hon. Mr. Bennett countered by saying that the Department was not equipped to handle the work, whereas either the Department of Public Works or the Department of Railways and Canals was. The Department of Marine, the Premier said, is responsible for all dredging on the lower St. Lawrence.

SITUATION IN INDIA NOW UNDER CONTROL

(Canadian Press) LONDON, May 5.—Rt. Hon. Wedgwood Benn Secretary of State for India, today told questioners in the House of Commons that following the arrest of Mahatma Gandhi, the authorities are in complete control of the situation in India.

BOMBAY, May 5.—More than ten thousand followers of Mahatma Gandhi, including Mrs. Naidu assembled in a mass demonstration this evening. Speakers addressed the multitude from seven platforms congratulating Gandhi upon his arrest.

Wedgwood Benn said in the House of Commons that the strength of the British forces in India is approximately 59,700 men of which 55,915 troops are available for immediate use. Replying to a question as to whether Gandhi would be charged and placed on trial, Wedgwood Benn said no, it is intended he shall be detained under the Bombay State prisoners regulation of 1827. Asked whether in view of the serious situation in India the Government will not make a supreme attempt to reach a settlement, he said the policy of the Government to invite a conference with Indian leaders stands despite everything that has happened. Mr. Benn told the House that he had no official information as to the extent of censorship of the press in India, but the Government of India had assured him that it was consistent with the needs of the situation. The India Government said they would do everything possible not to impede the press services. He added, he was satisfied that events in India were not being kept from the public.

that Brick-for-Brick Policy

We pass along the following impassioned query to the Hon. Charles A. Dunning, Finance Minister in the Mackenzie King Government:

THE PATRIOT
"What would be the present position of our dairymen IF THE TORY POLICY OF BRICK FOR BRICK HAD BEEN FOLLOWED BY OUR FEDERAL GOVERNMENT instead of the wise extension of trade policy that has resulted in such splendid values for all farm products?"—Patriot editorial, Feb. 14, 1930.

THE KING GOVERNMENT
"It has been decided to embody within the wording of a limited number of items provision for A 'COUNTERVAILING DUTY' WHEREBY CANADA... IMPOSES UPON SUCH PRODUCTS FROM ANY OTHER COUNTRY RATES EQUIVALENT TO THOSE IMPOSED BY THE COUNTRY UPON THE IDENTICAL CANADIAN PRODUCTS, WHERE THESE ARE HIGHER THAN THE RATES ENUMERATED IN THE CANADIAN TARIFF SCHEDULES. Provision for countervailing duty is now made effective in the case of: potatoes, soups and soup preparations, livestock, fresh meats, cured and pickled meats, BUTTER, eggs in the shell, frozen eggs, frozen egg albumen, wheat, wheat flour, oats, oatmeal, rye, cut flowers, and cast iron pipe. THIS TARIFF REVISION WILL INVOLVE CONSIDERATION OF A TOTAL OF FOUR HUNDRED AND NINETY-FIVE SEPARATE ITEMS."—Hon. C. A. Dunning, Finance Minister, in budget speech, May 1, 1930.

RESOLUTION PROTESTING TAX INCREASE

Can. Fruit and Vegetable Assn Say That Increased Tariff On Fruit and Vegetables Detrimental To Consumers of Canada.

MONTREAL, QUE. May 5.—A resolution protesting against the Budget provisions to increase the tariff on fruit and vegetables was adopted at a meeting today of the Eastern Canadian Fruit and Vegetable Jobbers Association. The resolution states that the increased tariff would be detrimental to the consumers of Canada, because it would "place many fruits and vegetables beyond the means of a large section of the buying public," and will accomplish no marked benefit to the fruit and vegetable grower in Canada, as the majority of importations arrive during the season when no Canadian fruits and vegetables are available and as practically no foreign vegetables are imported when Canadian commodities are available.

Jumps From Plane To Rescue Pupil

FARACHUTIST FALLS IN LAKE; PILOT LEAPS AND SWIMS TO AID

ORLANDO, Fla., May 6.—A professional parachute jumper leaped out of a plane here yesterday to save the life of an amateur jumper. Spike Babcock, chief pilot at the municipal airport, decided he would make his initial parachute jump, and went aloft with W. F. (Thunderbolt) Knight, professional jumper. Babcock leaped at a height of 1800 feet, but a sharp wind buffeted his chute over a lake near the airport and he fell in the middle of it. Knight, seeing his pupil's plight, jumped from the plane at a height of 800 feet and manipulated his chute so that he landed on the edge of the lake.

He dived in, reached Babcock as the latter was nearing exhaustion, and managed to keep him afloat until onlookers on shore rigged up an improvised raft, paddled to the pair and hauled them to land. Both jumpers were unharmed.

Canonization Of Jesuit Martyrs

(By Hudson Hawley, Associated Press Staff Writer) VATICAN CITY, May 5.—In the presence of Pope Pius himself, the Sacred Congregation of Rites tomorrow will hold its final discussion on the miracles brought forward in support of the canonization of the eight Canadian Jesuit Martyrs, first of the North American missionaries to suffer for their faith, and be proposed for sainthood. Their recognition comes after nearly 300 years of waiting. All eight were solemnly beatified five years ago, and by virtue of that consecration, held up for veneration of Catholics in Canada. Tomorrow's deliberation is expected to remove all possible doubts from the minds of the Cardinals and other prelates composing the Congregation of Rites as to the efficiency of the Martyrs' spiritual intervention on behalf of the faithful who invoke their aid and to lead to the Pope's approbation of their canonization set today for June 29.
