WHILE operating a circular saw last Thursday, Mr. James Squarebriggs, of Miscouche, had the misfortune to get his hand caught between the saw and a log of wood, thereby fearfully lacerating the index finger. He immediately came to town and had the wound dressed by Dr. McPhail, under whose skilful treatment it is causing him little uneasiness.

WHEN Mr. Best lectured in Ontario on the war the "Brantford Expositor" said: "He was listened to with close attention and ever deepening interest as he painted in thrilling words the journey of the second Contingent in the Miramikes to Cape Colony and then the march to Pretoria, with a graphic account of some of the 33 engagements in which they took part. How they fought for Queen and country."

CHARLOTTETOWN and the Province in general have often been spoken of as a land flowing with milk and honey but the story told yesterday by the head of a family of six will blue pencil that statement just a little. It appears that yesterday morning the man in question stated that he had existed on a small slice of bread for two days. On Saturday he went without anything and when Sunday arrived the prospects were little better. About noon he received his portion, a small piece of a baker's loaf. Yesterday he told his story to Marshall Cameron and as a result officer Carter solicited from a number of charitably inclined people and a few dollars were collected. The destitute man is reported as honest and upright and willing to work when it can be secured.

MR. JOHN Y. McFAYDEN who has been visiting his home at Tignish during Easter holidays, returned to the city last evening. He reports lots of snow and travelling very bad up west. The ice still hangs on and Mr. McFayden says he saw thousands of seals. He in company with Mr. Dawson and a dozen or more men made an attempt with guns and the necessary appliances for slaughtering them and started out and all hands came near being carried out to sea. The ice they were on gave way, but fortunately Mr. C. Morrison of Alberton who was near by shooting brant with his boat picked them off, otherwise serious consequences would no doubt have happened. Mr. McFayden is one of the Prince of Wales College's most popular students.

A WARNING

To feel tired after exertion is one thing to feel tired before it is another. Don't say the latter is laziness—it isn't but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla. It's a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle today.
