REMEMBER WHEN

(By The Canadian Press)

Rookie "Pep" Kelly snapped both goals in Toronto's 2-1 overtime win over Boston Bruins, giving the Leafs the National Hockey League title, five years ago tonight. With Bruins leading 1-0 and less than three minutes to go, Kelly evened the count. His second tally came shortly after the overtime session started.

GUARDIAN SPORTING NEWS

SNOOKER

The fans were treated to some fine snooker last evening at the Sunnyside Billiard Parlor when Hec McQuarrie won the first section of the provincial snooker tournament when he defeated Ambrose Doyle three games to two in a close and exciting match. The draw for the first round in the second section will take place tonight with the first match on Monday night. The postponed billiard match between Frank Acorn and W. McTague will also be played on Monday night. The officials last night were Kiggins referee, and Williams, marker.

Louis Wins Bout Via Knockout Route

DOWN THE BACK STRETCH

Frank Meaney, East Royalty, has sold another colt. In last week's notes we mentioned where he had sold a yearling to Ralph Carey, Fort Fairfield, Maine. Mr Carey interested another party, J Knight, of the same city, and as soon as conditions are favorable the yearling by Calumet Budlong 2.02 3-4 out of Betty S, 2.07 will be sent to Fort Fairfield.

In conversation with Frank yesterday the eligibility of these colts to race in the Prince Edward Island Harness Racing Futurity this year was discussed. We were both hazy as to the rules on the subject so the writer called up Secretary F. J. E. Wright, Summerside, for information. Mr Wright stated the conditions are that nominations for the futurities of 1940 closed November 1st, 1939 when colts must have been nominated to be eligible. They must be foaled in the Maritime Provinces and trained in the Maritime Provinces. The youngsters sent to Maine would not therefore by eligible if trained there.

Betty S. 2.07, the dam of Mr. Knight's colt will be remembered by race goers as a real high class mare that won the majority of her starts during the season of 1934. It was she that forced Patrick Direct to a new track record at Montague, August 8th, 1934, of 2.07-1-4 and that record still stands. Betty was brought to the Maritimes by C. M. Alexander, Saint John.

George Chappelle, East Royalty, very kindly brought us a list of horses owned by Robert Fitzsimmons, New London, the season of 1895. Mr. Fitzsimmons will be remembered by oldsters as the breeder of some of the best horses racing or roading in the late 80's and early 90's. Premier stallions at his farm were Dean Swift and his son Island Chief. Others, their progeny, were Gay Boy, Dean Junior, Silver Dean, Hazel Dean, Gold Clip, Long Dean, Deanwood, Black Alright, Bush Messenger, Chief Jolly, Lady Chief, Lady Antelope, Queen Princess, Fairy Queen and Diana May. They were carefully looked after by that excellent horseman John Bryenton.

G. Blondin Thomas, pupil of the late Ed. Geers, who is training the Valk Racing Stable at Quebec City, will make his debut this season at Shawinigan Falls, July 1st, where he will start three new pacers, Winnie Mae 2.07 3-4 by Peter R., record taken at Monticello, Iowa, August 25th, 1939, where she won the 2.18 pace in three sparkling heats. She was owned and driven to her record by C. Graham of Portage la Prairie, Manitoba, and took the fastest record of any mare owned and trained in western Canada last season.

Another new one is Neptide 2.11 that has shown ability to best 2.10. Stella Valk is a three-year-old that last season paced a mile in 2.15-1-2. The remainder of the stable consists of Defoe Grattan, slated for a 2.10 tab and Kana McKlyo 2.09.

Jimmie Sanderson's stable in Truro has a new arrival in Silent Joe 2.18 by Patch McGregor. He is a pacer that made 11 starts last season and is charged with winnings of $176 81, making him eligible to the 2.28 pace. He won three races.

Friends of Harry Jewett, Fredericton, will regret to learn that he has been ill for some months. S. Thane Belyea, Gagetown, N. B., informs us that he called on him a few days ago and found him looking well and improving in health. He was interested to know who owned Addie McGraw 2.10 1-2, bred, owned, raised, trained and developed by Harry and then sold to McNeill and Raymond, Southport. He was glad to know that Addie, a particular pet of his, was in a good home.

Twenty years ago Harry Jewett's name was among the best known in the racing annals of the Maritimes. Among other great horses that he brought to the Provinces was The Exposer 2.08 3-4 that had won a bitterly fought eight heat race in Iowa the fall previous to his arrival. He was a horse with a vicious disposition and had to be raced to cart. He set up a new Canadian trotting record for half mile track of 2.09 at Chatham, N. B That fall he started at Charlottetown in the Free For All Trot with Brage, Mayor Todd and Orwell Belle. There was a great deal of speculation with The Exposer bought almost entirely by Cape Breton horsemen. It resulted in a big upset. The Exposer won the first heat, Brage the last three and race, best time 2.15 1-4. The track was slow due to a heavy fall of rain and the fact that there was considerable loose clay on it.

Border Prince 2.09 1-2 was another good trotter campaigned by Mr. Jewett. He was a winner at a number of Maritime tracks and held the trotting record of 2.16-1-2 for the Saint John track for a long time.

Advices from Cape Bay state that Billy Hood is contemplating opening a training stable at North Sydney this Spring and that Dermat 2.04 1-2 will be one of his string.

Quite a number of new horses have been brought into Cape Breton recently. Just about a week ago three fillies were auctioned at Sydney consigned to Frank Holmes, Glace Bay. The new speedsters were purchased from Upper Canadian parties and all three are by the noted sire Peter Henley 2.02-1-4. No particulars as to names was divulged but all three are racy-looking in appearance and have no doubt been selected with a view to copping a share of the purses.

Richard Jabblee, North Sydney, has a trio of horses that are being conditioned to carry his colors this season. They are Tracey Hanover 2.03, winner of the 2.12 pace at the Provincial Exhibition last August, and the fastest heat trotted or paced during the meeting —2.06— is in rare form. Viking 2.09 that Mr. Jabblee bought two years ago at the Provincial Exhibition and won out with him the same day, looks better than he has since brought to C. B. Cabot Trail is a non-marked pacer that has shown enough to please owner Jabblee and veteran driver Mike Jabblee, his brother.

Charles Ballard, owner of the North Side race track, North Sydney, is planning improvements that will put it on a par with any track in eastern Canada. Details are not released yet, but engineers, carpenters and others have gone into the plans so that everything is expected to be ready when Spring breaks. With Billy Hood, Mike Jabblee and Ollie Rudderham located at North Sydney each with a good bunch of horses, there should be lively doings over Mr. Ballard's track this season.

The retirement of the thoroughbred Sea Biscuit at the early age of seven, coupled with the fact that he is the largest money winning horse in history with earnings of over $400,000, recalls that Go'dsmith Maid 2.14, raced from 1865 to 1877, started in 123 races, winning 97, was second in 16, third in 7, four in one and unplaced in two She travelled from the Atlantic to the Pacific many times, trotted 367 heats in races and 61 against time, a total of 428 61 of these heats were in 2.20. At the age of nineteen she equalled her own world's record of 2.14 to high wheels. Her earnings totalled $264,-537, the greatest in harness horse history.

Trainers are getting ready a great bunch of free-for-allers for the Columbus, Ohio, meeting, May 30th. Entries include Little Pat 1.58 3-4, Chief Counsel 1 57 3-4, Lone Ace 1 59 1-4, Her Ladyship 1.56 3-4, The Widower 1.59 1-2, Lee Hanover 1.59 1-2, Single Stein 2.00, Miss Budlong 2.00, Grattan Axworthy 2.02 1-4, Holloway 2.01 and Dusty Hanover 2.00 3-4 The latter was raced last season by Henry Clukey for Sullivan and Mawhinney, Maine.

Greyhound 1.55 1-4, world's champion trotter, is being prepared for the races. He is entered in the Trotting Club Stakes to be raced at Indianapolis in June, Toledo and Narraganset in July, Goshen, Syracuse and Springfield in August. He should be able to smother his opposition.

At meetings in which the purses total over $5,000 it is compulsory under the new rules of the United States Trotting Association to have a licensed judge in the stand. This action was brought about by the insistent demands of a number of drivers who objected to some of the judges at Grand Circuit meetings.

Twenty years ago last week Walnut Hall Farm set a new record for yearling prices when Hope Frisco by San Francisco sold in Madison Square Garden, New York, sale for $13,500. She went into Tommy Murphy's stable but failed to make good as a futurity winner . . . . Fifty years ago this week a new record for ten miles by a trotter was made by Steel Gray, time 29.45 in England.

The highest priced trotter or pacer at the Columbus, Ohio, speed sale March 20th was that sweet little pacer Maxine 2.04 1-2 She brought $1,475 and was purchased by Earl Moore, Fairfield, Ill. Parties in this city were interested in Maxine and would no doubt have had a bid on her but for the fact that she is not eligible to classes slower than 2.12.

The passing of John A. MacDonald late last week came as a shock to hundreds of horsemen friends. It just seemed to us all that 'Jack" was a fixture, an a most indispensable personage who officiated at all the ice meets, the Provincial Exhibition, and was present at every horse race held in the Province. His genial smile, kindly greeting and apt remarks made him the centre of attraction at any gathering, and those who entered into memory contests with him had to be deeply learned in harness horse lore or submit to defeat. He had a really extraordinary memory and just a few days prior to his death the writer was called upon to verify a statement regarding George Wilkes 2.22 which was doubted by others. The records proved Mr. MacDonald to be correct. Many were the expressions of regret that we have heard on every hand and it is safe to say that not in our time will there be another who can fill the niche left vacant by the passing of John A.

His vocation was that of an auctioneer and in that calling he had no peer. Auctions with him presiding were entertaining to all present and profitable to his clients. Had his pathway been pointed to the practise of law there is no question that he would have been at the top of the profession because he possessed a commanding presence, an active and comprehensive memory, force of character, a good voice and the ability to drive home an argument to its fullest advantage. The writer, I am sure, speaks for the horsemen of the Maritimes in voicing sentiments of deepest regret at his untimely demise, and sincere sympathy to the bereaved ones who have lost a loving father and the kindest of husbands.

Indian River Wins Over Baltic To Gain Permanent Possession Of MacLean Cup

Indian River Rovers won the MacLean hockey trophy last night when they defeated Baltic Rangers 6-2, to take the third game of the best of five series. Baltic won one game.

The win last night gave the Indian River team permanent possession of the cup, donated by the late A. E. MacLean and competed for annually since 1933. The cup is retained by the Indian River squad by virtue of three successive wins. Only teams from Lot 18 were elegible for the cup. Another MacLean trophy was played for by other Prince County teams.

Rovers drew first blood in the game when D. Ramsay scored at the ten minute mark. Two more goals one by W. Ramsay and another by D. Ramsay before the session ended put the Indian River team three up going into the second.

E Gillis for the Rovers added another goal shortly after the middle of the second. Rangers, playing hard put on drive after drive without success in a move to hold the mounting tally. They had brief success when E. Matthews chalked up a goal near the thirteen minute point to end the scoring for the period.

Rangers saw their hopes of coming from behind for a victory flare briefly in the third as Murphy slipped in their second counter to reduce the Rovers' lead to two. A sizzling shot from D Ramsay for his third goal of the night at the thirteen minute mark damped their spirits and they were unable to get going again. Crozier scored the final goal for the winners with less than two minutes of the game remaining.

The game was fast throughout. It was played on Kensington ice, which was in good condition.

The MacLean cup was presented to F. Gillis, captain of the Indian River team after the game. Presentation was by John Thompson manager of Kensington Rink.

Rangers Favorites To Win Over Bruins In Game Tonight

By Sydney Gruson
Canadian Press Staff Writer

NEW YORK, March 29 —(CP)— The battered forces of the champion Boston Bruins, staggering under the impact of two straight shutouts, came back to New York today with the prospect of having to win at Madison Square Garden where they haven't won all season or give up the Stanley Cup without further struggle.

The pressure was all on the Bruins on the eve of the sixth game of the semi-final between the league champions and New York Rangers who lead three games to two and are quietly confident they will end the series tomorrow night. The survivors meet Toronto Maple Leafs in the final.

Physically and mentally, the Bruins had to concede Rangers an edge. The Rangers had 16 men fit and ready, the Bruins were short four regulars, including the team's captain and ace defenceman, Hal Clapper. The Bruins were shaken by the 1-0 defeat on home ice last night. The Rangers were exhilarated by it after taking two bad beatings there last week.

From Boston, Art Ross reported Clapper, Des Smith Mel Hill and Art Jackson would be unable to play tomorrow night and there was no doubt as to which of the four the Bruins would miss most. Clapper almost an unanimous selection for the Canadian Press All-Star team, is their driving force on the attack and key guard of the defence force. These four and two other ace forwards, Roy Conacher and Bobby Bauer, were suffering from various leg injuries but it was believed Conacher and Bauer would play. Ross recalled Terry Reardon from Hershey Bears to replace Jackson at centre, but he could not bring up any others because Hershey has an international -American League playoff tomorrow night.

The odds today were 2 to 1 that the Rangers would fulfil Patrick's original prediction that "we'll do it in six" the Bruins were shutout 4-0 in the opening game of the best of seven series in New York, and 1-0 in the fourth and fifth games after winning two games by 4-2 and 4-3 in Boston.

P.W.C.-S.D.U. Hockey Game Is Cancelled

It was officially announced last night that the proposed hockey game between St. Dunstan's University squad and the Prince of Wales College team would not materialize. The game was mooted for tonight with the Island Collegiate title at stake. The teams met earlier in the season and the tussel ended in a 2-all draw. St. Dunstan's won the title last year.

Intermediate Playoff Dates

(Canadian Press Dispatch)

OTTAWA, March 29—The Ottawa and District and the Maritime Amateur Hockey Associations have agreed upon April 2, 4 and 6 as tentative dates for a proposed intermediate hockey series between respective champions of the associations, it was announced here last night.

Use Minard's for dandruff.

Army Huts Campaign Another Success

Reports reaching headquarters of the Canadian Army Huts at Ottawa indicate that the objective set by the directors of the campaign has been reached. Many weeks of active preparation and groundwork culminated in a nation wide drive across the country and the response from all the provinces of Canada, from Prince Edward Island to British Columbia has been more than gratifying. Under the able direction of the State Deputies, supported by subordinate committees, the work has been carried on for some time with excellent results.

In Canada up to the present, recreational centres have been provided in several military districts. The entertainment and comforts provided by the local councils of the Knights of Columbus who have assisted at communion breakfasts, theatrical entertainments and sporting events, provided for the soldiers has done considerable to keep the morale of our troops at a high pitch. Supplies of cigarettes, tobaccos and refreshments have been provided in all centres where the Canadian Army Huts operate.

Some indication of the appreciation of the assistance rendered by the Knights of Columbus to the Canadian soldiers is shown in the following message from Squadron Leader Wilbur D. Van Vliet, commanding officer of the 110th (AC) Squadron, the first Canadian Air Unit to proceed overseas:

"It is desired to express the sincere thank of the Commanding Officer, Officers and Airmen of No. 110 (AC) Squadron for the generous gifts of cigarettes made to the Squadron by the Knights of Columbus. Will you kindly convey our thanks to your executive."

Daily War Survey

The French, whose relations with Russia already are strained have assumed control of the two Soviet merchant ships seized in the Pacific by the Royal Navy. The vessels, bound for Vladivostok, carried tin, antimony, Wolfram, copper and other materials which may have been destined for Germany. They were taken to the British port of Hong Kong and now will be taken to a port in French Indo-China.

The action did not indicate any inclination on the part of the Allies to speed up examination and disposition of the ships although Russia has protested to the British government over their detention.

It was a coincidence that France, which entered the war with a mutual assistance pact with Soviet Russia—a pact which never has been denounced—should now be closer to an open rupture with the Communist state than Great Britain. The Russian minister to France has been called home at the request of the French government but the Russian minister to Great Britain only the other day had a conference with Foreign Secretary, Viscount Halifax.

As the diplomatic activities of the two allied countries now are coordinated closely, the turning over of the ships to France may be the result of a policy designed to impress Russia with the danger of aiding Germany without driving Russia further under German influence.

Thus, France, Russia's former ally, may be assuming the role of a stern disciplinarian while Great Britain maintains a friendlier attitude. By the combination of stern measures from one ally and gentler rebukes from the other Russia may be brought to a realization that it can only aid Germany in evading the allied blockade at the cost of severe penalties in the way of interference with Russia's own foreign trade

Paychek Lasts Less Than Two Rounds When The Brown Bomber Hits Strike

Joe Louis, winner over Johnny Paychek last night, after 44 seconds of fighting in the second round.

MADISON SQUARE GARDEN

New York, March 29—(AP)—Joe Louis put Johnny Paychek to sleep with five punches tonight without even mussing his hair. Before a slim crowd, as heavyweight championship audiences go, the Brown Bomber floored the Des Moines challenger three times in the first round of their 15-round bout, then knocked him stiffer than a frozen frankfurter in 44 seconds of the second heat to dance out of the ring with his title as safe as money in the bank.

There wasn't even a resemblance to a fight in this Louis 10th defence of fistianas richest prize. To be brutally frank the corn-country fiddler was as woeful a title challenger as ever tried to grab off the brass ring. He backpedalled as fast as he could from the opening bell, pawing frantically with his left hand and he threw just one punch throughout the fight. That was a looping right which just grazed the champs jaw after Johnny was down for the second time in the first round. For all the competition in the brief waltz—or for all the proof it furnished as to whether Louis is "slipping" as many shouted after his poor 15-round showing against Arturo Godoy last month this might have been a May-pole dance. It went for nothing.

Round One. Louis stabbed two light lefts to the mouth as Paychek circled around boxing. Joe shuffled forward and was just short with a left hook. Louis again found the range with a straight left as Paychek continued to back away and box. The crowd laughed as Louis continued to follow Paychek around. Suddenly Joe leaped in with a short right to the face. Louis fired a straight left and right and Paychek went down for a nine count. Louis leaped in and hammered Paychek mercilessly with both hands. Paychek landed a short right to the cheek and left to the body. Louis floored Johnny in the champions own corner for a nine count with a left hook. Paychek went down again from a right for nine more. Louis rushed in as the bell rang. Louis round.

Round Two. Paycheck was boxing better as Louis stalked him firing straight lefts. Louis landed a long left to cheek. Louis smashed a long vicious right flush to the chin and Paychek was lifted clear off his feet and landed flat on his back out cold with Louis a knockout winner in 44 seconds of the second round.

NEW CURTAINS AND DRAPES COLORFUL!

Curtains and draperies this season will have every attribute the tasteful home - maker-on-a-budget could desire. Serviceability and ensembling are the main points that distinguish the draperies, of which there will be every style and type. Practically all will be sun and tub fast, in new florals, stripes, modern themes and tropical motifs. Prints in large and small patterns will be popular for all types of rooms. Colors range from dusty shades to the sharper Regency and Victorian tones in high style effects.
