SEVEN KILLED AS RESULT OF AIRPLANE CRASH

PLANE CRASHES INTO HOUSE TRAPPING FIVE

George R. Johnson, Noted Aerial Photographer, Among Victims of Tragedy.

SHREWSBURY, N. J., Nov. 5.—(A.P.)—A national guard aeroplane carrying George R. Johnson, noted aerial photographer and explorer, and a pilot, late today plummeted into a residence on Cherry Street, and exploded. Johnson and the pilot were killed in the crash, and five persons burned to death in the fire that followed, destroying the house.

The five persons burned to death were negroes. The dead: George R. (Tuck) Johnson of Redbank; Sgt. Alfred Poole, Newark; Mrs. Margaret King, 28; Cora Raglan, 25; Patricia King, two; June King, five, and Edward Wilson, 35.

The house, a five-room bungalow, was owned by Mrs. Margaret Peterson, grandmother of the King children. Mrs. King's husband, Otis, had left the place only a few minutes before the crash.

Mrs. M. N. Cofer, negro, a neighbor, said the plane left Red Bank Airport, about 150 yards away, gained altitude for a while and then swooped low and landed. The pilot, she said, took off again and the plane circled the field. As it started to bank again it suddenly dived.

Arabs And Police Clash In Syria

Demonstrations Staged In Sympathy With Palestine Moslems — Quiet Prevails In Palestine.

(Associated Press)
DAMASCUS, Syria, Nov. 5.—One Arab was dead today and four were suffering injuries as the result of police firing on a crowd engaged in a demonstration on Saturday in sympathy with Palestine Moslems.

The mob attacked the police station, firing at it and hurling stones. Twenty-five were arrested. Authorities blamed Syrian political agitators for the riot although the arrested men said that they supported Arabs in Palestine who have protested against Jewish immigration into Palestine.

JERUSALEM, Nov. 5.—Normal outward conditions prevailed in Palestine today after the recent rioting by Arabs against Jewish immigration, but the feeling of tension had not completely subsided.

Newspapers appeared on the streets again and the corps of special constables was disbanded.

CAIRO, Nov. 5.—A strong police cordon placed around El Azhar University today prevented 400 Moslem students from demonstrating.

They had planned to march through the streets as a gesture of sympathy toward the Arabs of Palestine who demonstrated last week against Jewish immigration into Palestine.

COMMUNISTS DENOUNCED BY GOERING

Prussian Premier Rakes Communist At Reich Fire Probe.

(By W. E. Brockmann)
BERLIN, Nov. 5.—A bitter denunciation of Communists as "murderers" and "beasts" had been made tonight by Hermann Wilhelm Goering, Prussian Premier and National Minister without portfolio.

Taking the witness stand Saturday at the Reichstag arson trial he declared:

"Sadism has his home in the Communist party, and cruelties are nowhere so bestial as when the Communists are in a position to torture people."

Answers Back
His charges aroused the ire of Georgi Dimitroff, one of the five alleged Communists accused of firing the Parliament last Feb. 27, who maintained that German police did nothing to trace possible perpetrators other than men they thought were accomplices of Marinus Van Der Lubbe, who confessed setting the base.

"I order you not to put such insolent questions," Goering shouted at the Bulgarian Dimitroff. "You are a scoundrel who ought long ago to have been at the gallows for firing the Reichstag."

"You have reason enough to be afraid when you leave the custody of this court."

Presiding Judge Wilhelm Buenge ordered two policemen to eject Dimitroff from the room. Friday he was sent out for three days "for insulting remarks." He is his own counsel, and Saturday cross examined the star witness.

Leading Canadians In "Poppy Day" Appeal

(Canadian Press)
OTTAWA, Nov. 5.—From His Excellency the Governor General, of Canada, Prime Minister R. B. Bennett, and Hon. Murray MacLaren, Minister of Pensions and National Health, appeals were voiced tonight for the co-operation of the Canadian people on the occasion of Canada's 10th annual "poppy day."

Purchase of the poppies and poppy wreaths, emblematic of the battle-fields of France, was urged as a practical means of observing Remembrance Day, at the same time aiding those who continue to suffer as result of the sacrifices made during the Great War.

"There can surely be no more sincere act of remembrance of the dead than an act of service to those of their comrades who are today in need," said His Excellency, Mr. Bennett urged that Canadians "buy generously the poppies provided under the auspices of the Canadian Legion of ex-service men and make the 10th poppy day one of the greatest days of remembrance of both the living and the dead, that Canada has yet known."

"The poppy had been used from ancient times to relieve suffering. Dr. MacLaren said, "so now we have the opportunity by the purchase of these poppies of extending its usefulness in a finer way by bringing comfort to those in adversity."

His Excellency, stated in part: "There can surely be no more sincere act of remembrance of the dead than an act of service to those of their comrades who are today in need; it is by helping these men and their dependents, and by helping the widows and children of the fallen, that all of

Observance Of Armistice Day

(Canadian Press)
OTTAWA, Nov. 5.—Suspension of all vehicular traffic for two minutes at 11 a.m. on Armistice Day was requested in a message sent out by Hon. C. H. Cahoon, Secretary of State. The message follows:

"His Majesty the King has approved of arrangements whereby two minutes silence will be observed throughout the British Commonwealth at 11 o'clock in the forenoon of Remembrance Day, Nov. 11, and accordingly Dominion, provincial and municipal authorities are asked to arrange for the suspension of all vehicular traffic during those two minutes, but railway and water transport will not be suspended."

BRITISH HOUSE WILL DISCUSS WAR DEBTS

Government Action on Debt Question Will Form Basis of Live-ly Debate.

(Associated Press)
LONDON, Nov. 5.—The deadlock on the war debts between Great Britain and the United States will be aired in the House of Commons Tuesday.

Questions on the mission of Sir Frederick Leith-Ross to Washington will be prominent among the 50 formal interpellations which Prime Minister Ramsay MacDonald and his ministers will be pressed to answer on the first day of the reassembly of Parliament after its 14-week recess.

Favor Boycott Of German Goods

(Associated Press)
LONDON, Nov. 5.—(A.P.)—A Jewish boycott on German goods was voted at a conference today of 500 delegates representing 150,000 Jews in all parts of the country.

The resolution, which was unanimously adopted, "placed an official boycott on German goods and appealed to Jews in all parts of the British Empire to abstain from purchasing or using German goods or services so long as the Jews in Germany are denied the status of full equality and citizenship."

"We are here to meet the challenge thrown in the face of the Jewish people by the Hitler regime," said P. Horowitz, chairman of the meeting. "If the position in Germany had been merely in the character of a spontaneous uprising against Jews, we would have met it with protests and public meetings, but the Hitler regime is a challenge to the Jews of the world."

"It is an attempt to reduce the status of Jews in Germany to make them pariahs among the nations."

NEARS OBJECTIVE
(Canadian Press)

OTTAWA, Nov. 5.—An unofficial total of \$125,000 was reached Saturday night in the Federated Charities Campaign. With the objective placed at \$145,000, the drive will close tomorrow night. The campaign opened last Monday.

FARM STRIKE TAKES SERIOUS TURN IN U.S.

Strike Enters Militant Phase As Roosevelt Rejects Proposals.

(Associated Press)
DES MOINES, Ia., Nov. 5.—Farm strike leaders today responded to the United States Government's reaction of proposals for the registration of agricultural production and sales with calls to a new battle for "cost of production."

From the northwest corn belt states already involved in the non-marketing movement, their cry went out to the full list of 21 state chieftains to spur the strike "into full gear."

The order was given by Milo Remo, President of the National Farmers Holiday Association, shortly after Gov. Olson predicted a spread of the strike with President Roosevelt's rejection of the mid-west governors' proposals.

Iowa, where Gov. Clyde Herring, one of the returned conferees, said he would rely upon county sheriffs to maintain order, through John Chalmers president of the state holiday group, responded to Reno's instruction with an order for strikers to use, starting tomorrow, "every weapon at their command" in enforcing the holiday.

"And when I say weapons," Chalmers added, "draw your own definition."

The recalcitrant Wisconsin farmer groups presented a united front once more with the cancellation by Arnold Gilberts, holiday chieftain, of his order to end the strike. Milk

Continues Speech Unperturbed By Bomb Explosions

(Associated Press)
KLAGENFURT, Austria, Nov. 5.—This town was slightly scarred today as the result of four bombs exploding while Chancellor Engelbert Dollfuss addressed a patriotic front meeting Saturday night, but the iron nerve of the little Chancellor displayed during the blasts had won him new admirers.

Klagenfurt was plunged into pitch darkness by a blast which destroyed the City's lighting connections and Dollfuss quelled an incipient panic by continuing his address calmly. Under the weird light of flickering candles the little statesman went on, pounding home the points of his appeal until the final paragraph was delivered even though there was another bomb explosion just outside the meeting hall.

Lucky Visitor At World's Fair

(Canadian Press)
CHICAGO, Nov. 5.—Leslie C. McDonald, 55, farmer and implement dealer for Floydada, Tex., was the 22,000,000th visitor to the World's Fair today and thereby annexed himself another farm.

In addition to having special honors heaped upon him as a guest of the Exposition, McDonald received as a prize a 40-acre farm in Michigan awarded by the Menominee (Mich.) Abstract and Land Company. Immediately Mrs. McDonald began making plans to use the new farm as a summer home.

"You know," she said, "it gets hot in Texas in the summer."

Federal Grant Will Be Available

Prince County Capital Will Undertake Immediate Street Paving Programme For Relief Of Unemployment Situation.

Summerside will participate in the employment projects under federal and provincial assistance to an estimated total expenditure of about \$25,000. At a special meeting of the Summerside Town Council recently held this matter was decided. Of the total cost, Summerside's share will be about \$15,000.

The work will be for street paving on the following sections recommended by the street committee:

Intersection on Fitzroy St. between Central and Granville, Church Street between Queen and Central Streets.

The whole of Green Street. First Street between Central and Summer.

The section of street in front of the Queen Hotel, to Water Street. A resolution was passed by the Summerside Town Council giving the Warren Paving Company the contract for the work, with the provision that they use hand labour to excavate the roadbeds, thereby providing the maximum amount of employment.

The work will be started as soon as possible, and will be of great assistance in relieving the unemployment situation.

NO AGREEMENT ON DEBT ISSUE

(Associated Press)
WASHINGTON, Nov. 5.—(A.P.)—Great Britain's negotiators and President Roosevelt appeared today to have come to the end of the road, for the time being at least, on the proposal for downward revision of war debts owed the United States.

When final conversations were held at the White House Saturday, it was conceded there was no basis for any new agreement on debts. A statement will be given out this week, explaining the differences that prevent a solution of the vexing problem.

The British, in asking for a downward cut, were unable to meet the terms of Mr. Roosevelt. So discussions were called off.

There was no official announcement after Saturday's parley, but it was learned unofficially there was little or no prospect of further negotiations at this time.

Panter Arrives In London

(Associated Press)
LONDON, Nov. 5.—Noel Panter, British journalist who was arrested and held in Munich several days before his release last week arrived in London today and will go to the Foreign Office tomorrow to place the facts of his arrest and imprisonment before British officials.

He said today he still was waiting to know what offense he had committed in Germany and stated: "Although I was interrogated twice by secret police, I was never charged with an offense. We know my arrest was in connection with my report on a review of 20,000 Storm Troops, but foreign newspapers were never at any time warned that a report of the event was forbidden."

HELD ON THEFT CHARGE

(Canadian Press)
FREDERICTON, N. B., Nov. 5.—Edwin McCluskey, of Burton, was arrested here yesterday on a charge of stealing \$120 on Wednesday from the cash box of Goan's store at Burton. He appeared before Magistrate Irvine and was remanded until Tuesday.

IMPROVED CONDITIONS WORLD WIDE

Economic Recovery Particularly Noticeable in British Commonwealth According to Report.

(Canadian Press)
MONTREAL, Nov. 5.—At this moment when rumors of wars and revolutions have become an impediment to the recovery of confidence in economic matters, governments of the world must realize that economic recovery has made further headway than is popularly appreciated, says the monthly letter of the Royal Bank of Canada made public today.

Avert War
"If diplomacy can hold off war a little longer," the letter said, "the fabric to hold together the economic and financial tissue will have been re-knit and the necessity for international bitterness will have disappeared. It is the progress which has already been made towards reconstruction which should be the focus
