In full accord, members of Irish Town Women's Institute, at their August meeting, voted in favor of making a collection to have music taught in the school. The movement, promoted by Mrs. Harold Laird, Kelvin Grove, will require sufficient number of interested schools, including Kennington High, to raise funds necessary for the salary of an accredited teacher, who, with headquarters at Kennington, will regularly give instruction at each school. It is hoped other schools will co-operate, so that the plan may be put into operation, as much musical talent is believed to be going to waste for lack of training.

The secretary reported \$48.90 raised at the ice cream social. It was moved that a new six-quart freezer, recently delivered, be paid for, freezer to be rented only to members, or to other Institutes at \$1.00. Motion carried.

The sick committee reported that made, and sick members treated to fruit. Mrs. Robert Howatt, Mrs. Thomas Campbell and Mrs. Halsey Proffitt were appointed for the ensuing month. Members were reminded to visit the Mobile X-ray unit.

In answer to a letter from the Red Cross, it was decided to send material for sewing and knitting. A parcel of clothing sent to the Red Cross was acknowledged and in answer to an urgent request, it was decided to send another parcel. Mrs. J. D. MacLean, Chairman, and Mrs. D. MacLean, Secretary, were appointed to pack and send clothing to be donated by members.

A proposed pantry sale was held in the hall in September. A well worded and comprehensive report of the annual convention was given by Mrs. Harold MacLeod and Mrs. D. MacLeod, who received a vote of thanks from the meeting.

A beautiful quilt donated by one of the members, Mrs. W. E. MacLeod, was displayed and will be given to the B. League.

Roll call in September is to be held with a two-minute talk on "The Future of the Nation" (any aspect may be chosen). In case of omission, the members are to bring an article in the value of \$1.00 for a future month sale.

The invitation of Mrs. E. W. Johnston was accepted for the September meeting. Bur.

Elizabeth Hynes possessed qualities which endeared her to all. Her formal education which she acquired in the public schools and at Notre Dame Academy was but the beginning of an intellectual development which continued throughout her entire life, producing a degree of culture and refinement which was a source of constant delight to the many who enjoyed her acquaintance, particularly to those who were privileged to be her friends. Her devotion to family life, her charity and generosity to those in need, her faithful hospitality, and her truly Christian outlook on life will not be forgotten by those who knew her. The many Mass cards, spiritual offerings, floral tributes, and messages of sympathy were evidence of the high regard in which she was held.
