The Island's Leading Store

The Public Appreciate Our Standard Statement

On Thursday last we made a statement in the press which we asked the public to test—we placed the reputation of our store behind the statement. The public responded to our challenge with the result that many new customers have been added to our store.

Charlottetown has had its experience with slaughter sales, which appear in the press only.

Compare our \$6.50 net cash overcoats with the ones advertised around town at 9.00 to 12.00 and sold now from 7.00 to 8.00.

Compare our net cash 6.50 men's with the ones advertised at from 8.50 to 13.00—advertised at 25 to 33 1-3 off. They are still ten p. c. higher than our low cash prices 6.50.

Compare our young men's suits at 4.50 with the ones advertised at one quarter and one third off. Our low net cash prices are without a parallel in this city.

Compare our boys' suits at \$1.90 and 2.50 with those advertised 3.50 and 2.75, advertised now at 25 p. c. off.

Just a Few Words With Our Patrons

We appreciate the marked confidence the public has placed in this store in the past week. We ask as a personal favor to compare our prices. We are not selling discounts, but good honest values that cannot be beaten in Charlottetown.

GRAIN LETTER.

(From F. B. McCurdy & Co's Private Wire.)

CHICAGO, Jan. 11—Wheat opened firm on rush of general buying which absorbed the few pit offerings, and carried the market 1/4 higher than the close. On the swell there was considerable selling by larger longs who seem to be disposed to take profits on the bulge. The selling was well taken and the market has remained

firm above last night's close. European markets show no important changes, being most a shade easier. Corn—The trade has been very large and prices higher. On the advance there was considerable profit taking by leading longs but the market took the selling very well. Later however, the market eased off further on reports from Broomhall that light rains had fallen in Argentine and the weather was threatening. Oats—Oats have advanced with other grains. Scattered Commission

House and pit buying while larger local cash grain houses and Elevator concerns were the leading sellers. Provisions started out easier on lower hog market and increase in hog run west. However, the packers were fairly liberal buyers which steadied the market.

MORTGAGE SALE.

To be sold by public auction on the premises at North River in Queen's County on the 12th day of January, A. D., 1911, at 2 o'clock in the afternoon all that tract, piece and parcel of land situate on the North River on Lot Thirty-Two in Queen's County, in said Island, bounded and described as follows: Commencing on the west shore of the North River in the northwest angle of about 70 acres of land now in possession of Peter Warren thence northerly along the course of said river to the south boundary line of land formerly in the possession of the late Theophilus Warren now the property of his heirs at law, thence westerly along said boundary line to the North River Road, thence southeasterly along said road a distance of about ten chains or to the northern boundary of the land of said Peter Warren, thence easterly along said boundary to the said shore of the North River or place of commencement; containing sixty acres, a little more or less, being thus described in the Mortgage thereof hereinafter referred to. The above sale is made under and by virtue of a Power of Sale contained in a mortgage of said lands dated the 4th day of June, A. D., 1887, registered 6th day of June, A. D., 1887, and made between George Tweedy, now deceased, of the one part, and the undersigned of the other part, default having been made in payment of the money secured thereby.

For further particulars apply to K. J. Martin, Solicitor, Charlottetown. Dated 25th Dec., 1910.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 16 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much of as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, sore lungs, asthma, throat troubles, etc.

Mix 2 cups of granulated sugar with one cup of warm water and stir for 2 minutes. Put 2 1/2 ounces of Pinex (50 cents worth) in a 16 oz. bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrate compound of Norway white pine extract, which is rich in gualic acid and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the recipe has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

Lasting Quality

Lasting beauty and quality are characteristics of silverware stamped

"1847 ROGERS BROS."

Years of honest service prove the inborn value of knives, forks, spoons, etc., bearing this name.

Do it sets, dishes, waiters, etc., are silver.

CLOSING COTTON LETTER.

(From F. B. McCurdy & Co's Private Wire.)

NEW YORK, Jan. 11—The cotton market has been very nervous and unsettled today, reaching the lowest level touched since the publication of the Government estimate under a general reduction of long lines and a bear pressure. The decline was prompted by the readiness with which Liverpool met the local loss of yesterday afternoon, the big part receipts, slightly increased estimates of the weeks into sight movement, and a feeling that the original bull position based on crop predictions of 11,500,000 bales must now be modified to meet the 12,000,000 bales in view of the Commercial crop. Beyond this influence there seemed to be nothing fresh to inspire selling and after the decline to 14.83 for May or 20 points under the closing figures of last night, the market became steadier, rallying to 14.91 for that position on covering. As we see the situation the decline from the high point of the season has been the influence of speculative sentiment of increasing crop estimates and free selling by the South between 14.50 and 15 cents. The intrinsic merits of the situation remain the same, there was nothing in today's news to indicate any weakening of the spot situation, the reduction of long lines leaves the market in a healthier technical position, general opinion is that the big bulls had prepared for the decline by recent sales on bulges and as something of a scattering short interest has accumulated it looks to us as though the market should prove purchase on any further break unless something happens to indicate that the interior is following the decline. Leading spot interests have been heavy buyers of March today.

CLOSING STOCK LETTER.

(From F. B. McCurdy & Co's Private Wire.)

NEW YORK, Jan. 11—Randolph says—The opening was dull and steady but on all rallies there seemed to be stock for sale on the early trading and before the end of the first hour some weakness developed and the traders as a rule switched to the short side of the market. Some of the pool stocks like Central Leather, Beet Sugar and the Wabash's were notably weak but on the whole there seemed to be little liquidation of importance. Consolidated Gas was one of the strong features of the list and C. P. R., considering the advance of the last few days, held remarkably strong. In the early afternoon the market showed a tendency to rally and began to wear a pretty good sold out appearance until it was announced that the Pennsylvania Road would ask its stock holders for authorization to issue \$100,000,000 more capital stock. On this Pennsylvania promptly broke from 12 1/2 to 12 1/4 and the rest of the list declined in sympathy. As a rule the active issues went down to a little below the low level reached early in the morning where support was offered and where the tone grew hard again. From this point the rally was very feeble and in the last few minutes the market was only slightly above the low point of the day. Trading remained as professional as heretofore with commission houses buying but little. Call money continued to ease off. Renewals were very generally made at 3 1/2 per cent and money loaned down to 2 1/2 per cent in the late dealings. Some renewed pressure at the close forced prices down to the lowest level of the day and the market closed weak and under pressure.

Total sales 350,000.

RANDOLPH.

THE PARLIAMENT IN GREAT BRITAIN.

NEW YORK, Jan. 11—Out of the tangled web of diplomacy, of plot and counter-plot that has wrapped it about for centuries, the Persian Government has raised its voice to the whole world, in an appeal for justice against England and Russia.

The Persian Government states that although a loan made to it by the Russian Government, some years ago, and which has found itself unable to repay, because England and Russia have thrown every obstacle in the way of repayment, it is almost helpless and unable to maintain order in certain provinces where the Russian troops have been quartered to enforce collection.
