## A Question of Quality

QUALITY, regardless of Price, should be the chief consideration of every drug buyer.

Cheap drugs can never take the place of the pure high grade kinds.

We are particular drug buyers and always insist on getting QUALITY GOODS.

Our care extends further, for while goods are in stock, we guard against deterioration. This care is exerted so that the best interests of our customers may be concerned.

Anything you buy at our store—Drugs or Sundries—will always be of right QUALITY, and the price will be right too.

If you are "cranky" on the subject, let us be your regular druggists.
