IF You had a sore place, and had to choose between two remedies, one of which went to the sore spot direct, and the other by a round-about way, and might never get there at all, which would you prefer?

When you have a cold, asthma, a sore chest, catarrh, or any lung trouble, you can select between two remedies—Peps, which go to the sore spot direct, and any of the ordinary cough mixtures, cough drops, and doses, which go—not to the lungs and breathing passages, but to the stomach; which is not sitting at all. Don't ruin your stomach in an attempt to heal your throat and lungs. Peps go direct to the throat and lungs. Peps are tiny tablets containing certain medicinal ingredients, which when placed upon the tongue immediately turn into vapour, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the capillaries and tiny air sacs in the lungs, thus ending asthma, catarrh, bronchitis, colds, etc.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing. Once you try them you will never use any other remedy but Peps for colds, coughs, sore throat, catarrh, tightness across the chest, "that night cough," and all breathing and lung troubles.

Have you tried this famous remedy? If not cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps at 50c. box.

TRADE DISPUTES DURING SEPTEMBER, 1913

According to the record maintained in the Department of Labour there was continued improvement in September. There was a still further decrease in the number of strikes and lockouts in existence and a favourable record is shown when a comparison is made with the same month of last year. There were altogether eleven trade disputes in existence throughout the country, as compared with eighteen last month and twenty-one during September, 1912. Only two of those occurred during September. Of those that were in existence before that time, the only one of importance as affecting industrial conditions was that of coal miners of Vancouver Island which remained unsettled at the end of the month although there were not so many men out of work as a result of it as before. Upwards of 78,000 working days were lost through strikes during September, as compared with a loss of 109,530 during the preceding month.

PRICES REMAIN HIGH

The Department's index number of Wholesale Prices stood at 136.0 for September as compared with 136.2 in August and 132.7 September, 1912. The slight fall was due to lower prices for fresh fruits, vegetables and canned salmon, but some important advances occurred in eggs, fish, sugar, cream of tartar, jute, silk, anthracite coal, some building materials and starch. In retail prices eggs, butter and coal were higher but potatoes declined.

Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents' worth) in a 16-ounce bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of 43. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the faded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in gualic acid and all the natural healing pine elements. Other preparations will not work in this recipe.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.
