Second Congress Is Meeting In Historic Church

St. Andrews Is Scene of Eucharistic Congress—Three Bishops And Large Congregation Present At Opening Last Evening.

The second Eucharistic Congress of the Roman Catholic Diocese of Charlottetown met last evening at the historic church of St. Andrews. The church was filled to overflowing, and many people were unable to enter the building. Present were three bishops, His Excellency, Bishop Alex Macdonald, Bishop of Hebron, His Excellency, Bishop James Morrison, D.D., Antigonish, who gave the pontifical benediction of the Most Blessed Sacrament, and His Excellency, Bishop J. A. O'Sullivan, D.D., Bishop of Charlottetown. Practically all the Roman Catholic clergy of the province were in attendance. The Corpus Christi Choir was present. Rev. A. F. McLellan, P.P., gave the address of welcome. At 7 o'clock the Procession formed up at the Parochial House, marched through the front entrance of the church, and up the centre aisle. The

Choir rendered "Lift Up Thine Eyes," and "Veni Creator," and the Address of Welcome by Father MacLellan followed.

In the address, Father MacLellan made reference to the first settlers and gave an historic sketch of the diocese. The year 1772 was marked by the arrival of Scottish immigrants. Rev. James Macdonald was the first priest. He died several years later, and there was no priest till the arrival of Father MacEachern, later Bishop MacEachern, in 1790. In 1803 on the occasion of a visit from the Bishop of Quebec, St. Andrew's Parish was organized. As the Bishop of Quebec did not favour Acadian priests ministering to the people, St. Andrew's College was established for the education of priests. Father MacLellan thanked His Ex-

cellency, Bishop James Morrison, D.D., Antigonish, who gave the pontifical benediction of the Most Blessed Sacrament, and His Excellency, Bishop J. A. O'Sullivan, D.D., Bishop of Charlottetown. Practically all the Roman Catholic clergy of the province were in attendance. The Corpus Christi Choir was present. Rev. A. F. McLellan, P.P., gave the address of welcome. CONFESSES TO MURDER OF FAMILY

Michael Bradley Makes Statement Prior to Preliminary Hearing.

(Canadian Press)
OTTAWA, Aug. 15.—Michael Bradley has confessed to slaying five members of his family here July 21, because they were having "fun" with money he had invested in the homestead, Provincial Police announced today. In his signed statement police said the 42-year-old farmer confessed to shooting his mother, father, sister, brother and uncle when he went on a rampage after asking his father for details of a mortgage transaction and was threatened by his father with a pitchfork.

Bradley's statement, police said, will be used against him when he faces preliminary hearing here Sept. 7 on a murder charge. The hearings, scheduled for Friday will be postponed with the consent of defence and crown counsels.

Railway Heads Ask Co-operation Of All Employees

Managements Of C.N.R. And C.P. R. Railways Make Statement Re- garding Second 10 Per Cent Cut.

(Canadian Press)
MONTREAL, Aug. 15.—(G.P.)—The employees may have every confidence that, as in the past, they will be dealt with fairly," says a statement issued tonight asking employees of both the Canadian National and Canadian Pacific Railways to "accept wage reductions in a spirit of co-operation with the management." The statement was issued by Grant Hall, Vice President of the Canadian Pacific Railway, and S. J. Hungerford, acting President of the Canadian National Railway.

Addressed to "all employees on the two railways employed as locomotive engineers, locomotive firemen, hostlers, conductors, trainmen, yardmen, train dispatchers, telegraphers, assistant agents, linemen and levermen," the statement reviews the whole situation in connection with the dispute between the railway and their employees. A second ten percent wage cut brings total wage reductions affected during the past two years to 20 percent.

SERIOUS DROUGHT CONDITION

Hot Weather Prevail- ing in Canada Partic- ularly Damaging to Late Crops.

(Canadian Press)
OTTAWA, Aug. 15.—Canada is in the grip of a serious drought which still prevails from coast to coast despite some helpful precipitation. The hot dry weather, states the crop report issued today by the Dominion Bureau of Statistics, is very favorable for binding and threshing operations and for the completion of haying, but it is particularly damaging to pastures, late grains, potatoes, roots and fodder crops.

Live stock have declined in flesh and condition and the shortage of fall pasture and the considerable reduction of winter feed, in the

Optimistic Note Sounded By Mr. J. W. Boulter, Secretary Of Potato Growers Association.

Optimism as regards the prospects of marketing this year's potato crop at a satisfactory price was expressed by Mr. J. W. Boulter, Deputy Minister of Agriculture and Secretary of the Potato Growers' Association, in an interview yesterday. He reported that according to statistics the acreage in Prince Edward Island was practically the same as last year. The yield last year was light, and he did not think it would be any heavier this year. Unless there was more rain in the next two weeks, it was doubtful if the yield would be equal to that of last year. Asked about the outlook for a market, Mr. Boulter stated he could see no possible reason why this crop should not sell at a high price. One would have to go back many years in the records to find where United States had a yield as low as to be estimated at slightly over 290,000,000 bushels. Ontario reports on account of dry weather

a very light crop. Speaking for the Potato Growers Association, Mr. Boulter remarked that the number of inquiries reaching that office for seed potatoes, made him think of old times, before the days of suppressed prosperity began. Asked if they had made any sales, he replied that he would not venture to do so. "Would you sell if you got a dollar a bushel for the farmer?" "No, I would not," he replied. Of course, while we hope to get that or more for good seed, that is no guarantee that such a price will be realized, as the buyers may not be as optimistic as are those who have potatoes to sell. However, if I were a farmer I would want to realize all the money the market will pay, and for that reason would not want anyone who was handling my potatoes to sell them in advance, when such a short crop throughout the continent is so plainly evident."

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

**Announcements are inserted in this column at 2 cents per word strictly payable in advance.
**Talkies—French River Friday, 408.
**Talkies—Canoe Cove, Saturday, 408.

Prince Of Wales Off To France

(By Thomas T. Champlin, Canadian Press Staff Writer)
LONDON, Aug. 15.—Hatless and wearing a grey lounge suit, the Prince of Wales took off today by aeroplane from the lawn of his home at Fort Belvedere, near Windsor, bound for Biarritz, France, where he will holiday the rest of this month. The Prince will spend most of his time at the Chiberta Country Club, but will visit friends with homes in the vicinity for a few days.

File Charges Against Machado

HAVANA, Aug. 15.—(A.P.)—A cause filed this afternoon in the second section of the criminal court accused Gerardo Machado, deposed President, and five associates of "misappropriation of public funds, frauds and legal exactions, falsities and swindles, homicides, murders, personal attempts and use of firearms against certain persons." Dr. Jose Garcia de La Vega, a lawyer, filed the charges after posting a \$500 bond.

Recommend Central Bank For Canada

(By Forbes Rhude, Canadian Press Staff Writer)
VANCOUVER, Aug. 15.—Some sort of central organization corresponding to a central bank was recommended for Canada in a brief presented to the Royal Commission on Banking here today by Prof. W. A. Carruthers of the Economics Department of the University of British Columbia. This central organization would have sole control of currency issue, rediscount bills Dominion and foreign, legal reserves, carrying of public accounts, carrying of balances abroad and be the sole medium for export and import of capital.

Mills Will Reopen

(Canadian Press)
AMHERST, N. S., Aug. 15.—Two rolling mills of the Canadian Car and Foundry Company at Amherst will re-open Thursday for about 10 weeks, it was announced today. Employment will be given to 150 men in the production of stock for the company's Montreal plant and several Maritime firms.

DISORDERS STILL REIGN IN CUBA

Eight More Persons Reported Killed in Disturbances At Havana.

(Associated Press)
HAVANA, Aug. 15.—Eight more persons met violent deaths here today in post-Machado disorders as the new government of President Carlos Manuel de Cespedes labored to set its political and economic house in order. Although the frenzied mob activity which broke out three days ago in celebration of the downfall of President Gerardo Machado had largely abated, enemies of the old regime still sought out its supporters to exercise vengeance upon them. The total number of dead was raised to 35 since Saturday morning.

Police Stage Successful Chase To River

(Canadian Press)
HALIFAX, Aug. 15.—The speeding car shot onto a wharf and as it ground to a stop at the water's edge the pursuing R. C. M. P. patrol saw something flash in the moonlight. A can splashed into the water and a second splash followed as a shadowy figure left the wharfside 20 feet from the car. A bobbing head appeared behind the can, and both began to move slowly up harbor. The officers followed along the shore, almost a mile away, Pius Burns crawled, fully clad, from the water minus the can.

He was arrested. But the evidence was missing, and this time the police took to the water in the search. They found a five-gallon container of rum under a wharf. Charges of possessing liquor illegally were laid against Burns and B. Young, driver of the car.

Travelling Show Outwits Council

(Canadian Press)
SYDNEY, N. S., August 15.—Sydney's aldermen are smiling ruefully at the way they were cleverly out-maneuvred in their attempt to stop a travelling carnival from separating citizens from their hard earned cash. Though seemingly balked when the Council refused a license, the show was not to be turned away so easily from a stand that had proved profitable in years past. A few days after the Council's decision tents were pitched just a few feet outside the city limits. The Council was helpless to interfere as special buses carried crowds daily to the fair grounds, where the carnival did its usual excellent business. Net results: the show left with the money the Council had hoped to keep in town; The City lost \$500 license fee, the Fire Department, which was to have received a cut if the show played in Sydney, got nothing.

Goodwill Air Tour Arrives At Moncton

(Canadian Press)
MONCTON, N. B., Aug. 15.—(G.P.)—Thirteen airplanes from Toronto, Hamilton, Ottawa, Montreal, comprising the Maritime Goodwill Air Tour, sponsored by the Canadian Flying Clubs Association, settled down on the Moncton airfield this afternoon about six o'clock. Tomorrow the Moncton Flying Club will stage a field day when the public will be invited to attend an air demonstration by the visiting pilots, including the Toronto Flying Club formation.

Police Lose \$50,000 in Attempt to Apprehend Suspects With Evidence.

(Associated Press)
CHICAGO, Aug. 15.—A gang of wild kidnap suspects tonight apparently had slipped through one of the most elaborate police traps ever devised, enriched by a package of decoy ransom money, the amount of which was undisclosed, but which was reported to approximate \$50,000.

Australia May Have New Party

(Canadian Press Cable)
SYDNEY, Australia, Aug. 15.—A new political organization to be known as the Tariff Reduction League, will be launched in Australia soon, it was learned here today. The League will have as its subject reduction of trade restrictions along lines suggested in the Ottawa Economic Conference agreements. If it fails to achieve its aims by other means, it was said, the League will contest the next federal elections.

PLAN CONFERENCE ON WAR DEBTS

Sir Frederick Leith Ross Will Represent Great Britain At Discussions Opening In October.

(Associated Press)
WASHINGTON, Aug. 15.—The perplexing war debt problem rose again today before the Roosevelt administration in official word that preliminary discussions on the subject would begin with the United Kingdom early in October. With another payment of \$127,670,765 due from Great Britain December 15, Secretary of State Cordell Hull announced that Sir Frederick Leith-Ross, chief economic adviser to the British Government, would come to Washington about October 1 to discuss the obligation. Of the payment due in December \$85,950,000 is for interest and \$41,720,765 is principal. Great Britain made a partial advance of \$10,000,000 in silver on its \$75,950,000 installment last June, but prior to that had paid in full. The Secretary did not know whether Sir Frederick would be accompanied by other experts, because the United States had not been advised about the details of the British arrangements for the discussions.

KIDNAPPERS TURN TABLE ON POLICE

(Associated Press)
CHICAGO, Aug. 15.—A gang of wild kidnap suspects tonight apparently had slipped through one of the most elaborate police traps ever devised, enriched by a package of decoy ransom money, the amount of which was undisclosed, but which was reported to approximate \$50,000.

Denounces Spokesmen Of Steel Plants

(Associated Press)
WASHINGTON, Aug. 15.—(A.P.)—The long-seething issue between captains of industry and labor over the United States Industrial Recovery Act broke into the open today with President William Green of the American Federation of Labor angrily denouncing spokesmen of the great steel plants. Charging that representatives of the industry had walked out of an N. R. A. Conference with Secretary Frances Perkins, because he was present, Green told newspapermen he regarded the action as "a challenge to the government."

Unknown Rescues Boater

(Canadian Press)
PICTOU, N. S., Aug. 15.—A modest rescuer who hurried away before his identity could be learned saved Walter Roy's life when he attempted to swim ashore from a capsized sailboat. Roy became exhausted while still some distance from shore, and the unknown swimmer plunged to his rescue, bringing him to land with difficulty. When Roy asked his name, the young man refused to answer and hurried away after making sure the yachtsman had recovered fully from his narrow escape from death.

Dalhousie Wins Honor At Oxford

(Canadian Press)
HALIFAX, Aug. 15.—Oxford University's highest possible mark in jurisprudence has been awarded to Pulton C. Underhay, 1931 Nova Scotia Rhodes Scholar, according to words received by friends here. He is the third Rhodes Scholar to obtain the honor since 1904. Underhay, a native of Fortune P. E. I., had a distinguished career at Dalhousie University, graduating in arts and winning the Avery prize. Although he completed four years' work in three he found time to write a thesis entitled "Sir Robert Borden and Imperial Relations" which won him the Overseas Club essay prize.

UNDERSTANDS DIFFICULTIES OF FISHERMEN

(Associated Press)
CHICAGO, Aug. 15.—With minimum pegged prices on Chicago grain futures scheduled to be abolished tonight, trading was virtually at a standstill. Belief prevailed that there might be irregularity in the market general days, this was expected to be followed by a return of normal conditions of trading. The Winnipeg market opened a half hour late today as directors met to establish "pegged" minimum trading prices there. The market then jumped wildly up four cents but later three cents of the gain was lost. All grains and provisions closed at nominally the same as yesterday's finish in Chicago.

Hon. Alfred Duran- leau, Minister of Marine and Fisher- ies Concludes In- spection Tour.

(Canadian Press)
MONTREAL, Aug. 15.—"I have met our Canadian fishermen and understand the difficulties of their hard life, I return with a desire to improve their lot," said Hon. Alfred Duranleau, Minister of Marine and Acting Minister of Fisheries, as he arrived here today following his annual inspection tour of eastern ports and the Atlantic fisheries. "I believe I have concluded a useful voyage in the interest of the two Departments of Marine and Fisheries," continued Mr. Duranleau. "I was able again to note there is not a country in the world which has done more for the safety of navigation in its waters than has Canada. I was also able to gain fresh realization of the wealth and importance of our fisheries."

Keep Hands Off Policy

(Associated Press)
WASHINGTON, Aug. 15.—Secretary of Agriculture Wallace said late today in response to reports that the Chicago Board of Trade was going to "pull the plug" in the wheat market that the administration would keep hands off and permit open market operations but strive in every other way to aid the wheat farmers.

Lindberghs In Iceland

(Associated Press)
REYKJAVIK, Iceland, Aug. 15.—Colonel Charles A. Lindbergh, who is making an aerial mapping expedition in the northland, arrived here this evening completing a flight from Angmagsalik, Greenland. COPENHAGEN, Denmark, Aug. 15.—Messages received here from Norway today indicated Colonel and Mrs. Lindbergh were expected to arrive there in about three weeks. The Lindberghs are making an aerial survey of the northern route over the Atlantic.

Grain Prices At Standstill In Chicago

(Associated Press)
CHICAGO, Aug. 15.—With minimum pegged prices on Chicago grain futures scheduled to be abolished tonight, trading was virtually at a standstill. Belief prevailed that there might be irregularity in the market general days, this was expected to be followed by a return of normal conditions of trading. The Winnipeg market opened a half hour late today as directors met to establish "pegged" minimum trading prices there. The market then jumped wildly up four cents but later three cents of the gain was lost. All grains and provisions closed at nominally the same as yesterday's finish in Chicago.
