BIG MEETINGS S. A. BARRACKS

On Saturday, Major and Mrs. Plant arrived in the City, in connection with the work of the local branch of the Salvation Army.

A representative of the Guardian was, regardless of tact or decorum, expected to encounter some pompous personages, full of talk regarding their work, and bent upon convincing one and all of the error of their ways, regardless of tact or discrimination.

In reply to a number of questions, he said, "We have been on a six months tour through Canada, having landed in Montreal and then visiting Toronto, Winnipeg and all the important cities of the West, finally reaching Victoria. Before arriving here we spent a short time in Nova Scotia and I can truly say that from start to finish we have met with such enthusiasm as only a Divine Power could put in the hearts of our listeners. At times, the crowds were simply enormous, and never once did we feel that our meetings had been held in vain."

"I have been in every part of the world where our flag of Salvation is seen, and during these extended tours I have gathered together musical instruments from different countries and now have a regular musical program completed."

"What is your chief object in these tours?" "Well of course our meetings are chiefly musical, but we are able to see what the exact work of the local branches is, encourage the members, and help them in any way we can."

"The majority of your papers are a credit to Canada, and I admire the kindly manner in which they notice strangers, as ourselves for example. Mrs. Plant, after being introduced by her husband, had long intended to say among other things expressing her ardent admiration for Canada and Canadian people, and stating that those in the Motherland had a

MAN'S WEAKEST POINT

Over one Quarter of the Civilized Races Die of Lung Diseases.

Careful records, extending over many years, show that from one-fourth to one-third of the deaths of young and old, in any community, are caused by consumption, pneumonia, bronchitis, influenza, or some other disease of the throat or lungs. No other organ or system of organs is responsible for half so many deaths.

More than that, it tones up and strengthens the lungs and the whole system to resist further attacks. Trial size, 25c a bottle. Regular size 50c. The Father Morrey Medicine Co., Ltd., Charlottetown, N.S.

The Salvation Army is without question one of the most splendid organizations on the face of the earth. It reaches men when the church is powerless, it combats with no demagogues, its means of conversion are as practical and sincere as they are fearless. ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine—"I have been a great sufferer from organic troubles and severe female weakness. The doctors said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ill and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

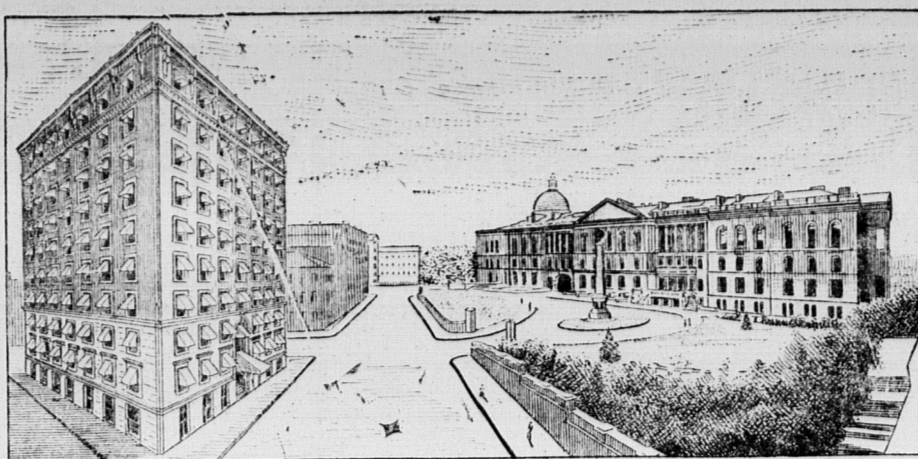

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

GRAND SUCCESS

Wonderful Growth in Sales During 1908.

The year just passed will long be remembered for the financial and commercial depression. Business houses all over Canada were affected. Most of them show a loss over 1907. Some did about as much business last year as in the preceding one. A few—a very few—show substantial gains. In spite of "hard times" and "financial depression" the sales of "Fruit-a-lives" doubled in 1908 over 1907.

The National Drug & Chemical Co. of Canada Limited bought "Fruit-a-lives" in 100 gross lots (14,000 boxes). Lyman Sons & Company of Montreal, and Lyman Brothers in Toronto, also ordered "Fruit-a-lives" by the hundred gross lots. These big wholesalers bought such big orders simply because the retail dealers ordered so many boxes of "Fruit-a-lives"—and the dealers had to keep "Fruit-a-lives" always in stock to supply the constantly growing demand of people in every section of Canada.

To-day "Fruit-a-lives" are the most popular family medicine in the Dominion. In the big cities, in the smaller towns, on farms and ranches, "Fruit-a-lives" are the standby in curing all forms of Stomach, Liver, Bowel, Skin and Kidney Trouble, Rheumatism, Headaches and Neuralgia.

Are you a sufferer from any of the diseases? Don't hesitate a moment. Get a box of "Fruit-a-lives"—take them according to directions—and they will cure without fail. 50c a box of 25c or trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa.
