GOVERNMENT MAJORITY MAY REACH 260

RESULTS EXCEED EXPECTATIONS

Ramsay MacDonald And Son Malcolm Only Cabinet Members Defeated.

(By George Hambleton Canadian Press Staff Writer)
LONDON, Nov. 15.—(C. P. Cable)—The National Government has swept the boards. It has won a general election victory more resounding than even its optimists expected. It has created new records.
When all the smoke is finally cleared away and the last count complete, the Government's clear majority will probably reach 260. Not before in the parliamentary history of Great Britain has a Government received such a vote of confidence after four years of service. It is also the first Government since the war which has won two successive general elections.
The Cabinet, however, suffered two casualties—the defeat of Ramsay MacDonald, Lord President of the Council, in Seaham, and of his son Malcolm, the Colonial Secretary, at Basildon.

Near Defeat
Two other successful Cabinet Ministers came perilously near defeat—Home Secretary Sir John Simon, whose narrow margin of 642 in Spen Valley came as a surprise, and Walter Elliot, Minister of Agriculture, who had a majority of only two in the first count at Kelvingrove division of Glasgow, although the second count increased it to 142.
Capt. E. A. Fitzroy, Speaker of the House of Commons since 1928, check-mated the Labor attack on his seat in Daventry with a majority of 8167. It was the first time in 40 years any party challenged the convention that the Speaker should be given an acclamation.

Fall Of Harar Imminent Claim Italian Sources

Ethiopian Army Driven Back Towards Jijiga 40 Miles From Fascist Objective

(A.P. By Guardian's Special Wire)
ROME, Nov. 15.—A crowning military success for Italy's "colonial adventure" is almost within grasp, Italian correspondents on the East Ethiopian front reported today.
They said the fall of Harar, second city of Ethiopia, was imminent. Its capture would give Italy virtually all of eastern Ethiopia and enable it to link its colonies of Eritrea and Somaliland.
A southern Italian column was advancing toward Harar in the high valley of the Fafan River, the correspondents reported, after a pitched battle yesterday. Correspondents said Colonel Maletti and his force of "Flying Dubats" were only about 28 miles from "his immediate objective." He may halt for several days, however, to allow reinforcements to come up.

DRIVEN BACK
"The flower" of the Ethiopian army, the dispatches said, is being driven back by Maletti's force. The tribesmen were reported to be concentrating at Jijiga. Jijiga is only 60 kilometres (about 40 miles) in a straight line from Harar. Soldiers of the "flying column" believe therefore they have only to push forward another 100 kilometres to engage the enemy.
With Harar "under the menace" of the Italian advance, there are likewise only a few more marches between the advancing southern army of General Rodolfo Graziani and Ethiopia's only railroad. The line dips sharply to the south in this region and at Diedawa is only 40 kilometres from Harar.

Jews Stripped Of All Rights By German Government

BERLIN, Nov. 15.—Jews were stripped of all political rights by the German government today and were forbidden to marry gentiles.
Officials decreed put into effect the sweeping citizenship and racial laws approved by the Reichstag at its Nurnberg meeting in September, during the Nazi party convention.
Thus Germany's Jews are deprived of the right to vote, to hold public office or even to be employed by the government.
Only a special dispensation from Reichsfuehrer Hitler himself can exempt Jews and part Jews from these restrictions. The decree also forbids the employment of female Aryans servants under the age of 35 in Jewish households.
"The Jew cannot be a Reich's citizen, cannot vote or occupy public office," said the decree, published in the official gazette. "Jewish functionaries of the government will be pensioned Dec. 31, 1935."
A separate decree, covering the "blood and honor" laws, forbade marriages between Jews and "quarter Jews" or between "quarter Jews" and themselves.
Part Jews may retain full citizenship unless they are members of the Jewish faith and have married Jews. The decree defines who is to be considered a Jew and who a part Jew. On all questions of citizenship or inter-marriage Reichsfuehrer Hitler is the final court of appeal. He may grant dispensations exempting individuals from provisions of the law.

Establishes New Record On South Atlantic Flight

Miss Jean Batten, young New Zealand woman flyer, who became the first of her sex to span the South Atlantic in a record breaking trip.

(A. P. By Guardian's Special Wire)
RIO DE JANEIRO, Nov. 15.—Jean Batten, plucky young New Zealander, arrived in Rio de Janeiro today, overdue and in another plane, but the proud claimant of a new record.
She was forced down in a salt swamp near Praia Secca, Brazil, about 53 miles north of here, yesterday while flying here after becoming the first woman to fly solo across the South Atlantic.
In conquering the ocean, she said today, she found she had established a speed record for the route—down regularly by German and French mail planes. She also broke Capt. James Molison's old record for a flight from England to Natal, Brazil. Her time was 61 hours 15 minutes.

The 25-year-old Miss flew from Dakar, Africa, to Natal in 13 hours 15 minutes. Officials of Air France, the French mail line, said the previous record was 13 hours and 37 minutes, established in October by Pilot Guillaumet of their company.
Miss Batten was making good time along the coastline on her flight to Rio yesterday when she suddenly discovered her fuel tank was leaking.
"Nothing remained but a forced landing at the most likely spot," she said. "Sand dragged my wheels, tipping the plane, and the propeller cut into the sand and one of its tips was bent."

Lord Duncannon Defeated In Election

(C. P. Cable By Guardian's Special Wire)
LONDON, Nov. 15.—Anglo-Canadians broke even in British election balloting. Today's count showed Captain Peter Macdonald retaining his seat as a Conservative in the Isle of Wight by a majority of 11,152. Captain Macdonald, a Nova Scotian, had a 23,088 margin when he won the seat in 1931.
His election assured presence in the next Parliament of three Canadian-born members: Lord Willoughby de Eresby, husband of Lady Astor's only daughter, Phyllis; Ronald Tree, grandson of the late Marshal Field of Chicago who married Lady Astor's niece.

Defeat in Kingston East of Viscount Duncannon, son of Lord Bessborough, was recorded today. The two other unsuccessful Canadians were Arthur Haycock, of Ontario, beaten as a Laborite in Salford West, and Sigmund Samuel, formerly of Toronto, who lost Willenden West, formerly a government seat.

Mussolini Girds Nation To Meet League Sanctions

ROME, Nov. 15.—The will of Premier Mussolini went into every village of Italy today to stiffen discipline and harmonize resistance to the League of Nations' economic siege.
He assembled the prefects of Italy's 96 provinces in a secret session and gave them orders for a fight against sanctions. His direct representatives, the prefects, must see that in every corner economies that Mussolini wishes are applied. They are to coordinate their work with Fascist organizations, whose millions of members are in touch with every family.
Pressure was increased everywhere with the sanctions barrier to drop Monday.
Unofficial reports said Italy's

Text Of Statements Issued By President Roosevelt, Prime Minister King And United States Secretary Hull.

(By Clyde Blackburn, Canadian Press Staff Writer)
(C. P. By Guardian's Special Wire)
WASHINGTON, Nov. 15.—Canada held the spotlight in Washington this afternoon, when, at 3:45 o'clock Prime Minister Mackenzie King signed the reciprocal treaty which places trade between the two countries on a mutual basis for the first time in nearly three quarters of a century.
Led by President Roosevelt in mutual expressions of hope, goodwill and amity as between nations, Mr. King and Secretary of State Hull wrote their names on two buff colored, bound volumes of the official text, while a dozen news cameramen recorded the historic incident for posterity.

President Roosevelt and almost his entire cabinet looked on while the signing took place. The ceremony was in the circular executive office of Mr. Roosevelt in the administration wing of the White House. Details of the treaty must remain an official secret until Sunday afternoon at two o'clock when complete summaries and copies of the text will be made public simultaneously in Ottawa and Washington—to be released in Monday's morning newspapers.

Details Closely Guarded
Signing of the treaty brings to a conclusion negotiations opened last January and mooted much earlier. The negotiations were suspended during the course of the Canadian general election but actively resumed two weeks ago and rushed to a conclusion by the visit of Mr. King to Washington last week.
While closely guarding contents of the treaty officials have expressed the hope that it will greatly stimulate trade in a wide variety of commodities which will now be exchanged across the international border on a lowered tariff schedule.
Recalling that the treaty "places the trade relations between the two countries on a basis of mutual agreement for the first time since 1866," President Roosevelt said it was a historic occasion. "I am happy," he said, "to have a part in removing this anomaly in the relations between the two countries which are united by so many bonds of friendship and common heritage."

Mr. King said the treaty would not only benefit North America but the world will gain from greater trade on this continent. The agreement will, I am confident, confer substantial benefits alike on the producers and consumers of both countries while safeguarding every essential interest."
Secretary Hull, after reviewing briefly the rise and fall of trade between Canada and United States, said:
"While many other parts of the world are slipping in the direction of economic suicide, the trade agreement between our two countries marks an outstanding step in the direction of economic sanity."
Prime Minister King, who arrived from Ottawa at noon went to the White House executive wing at 3:30 this afternoon, accompanied by Hume Wrong, Charge d'Affaires in the Canadian Legation, Jr. O. D. Skelton, Under Secretary of State for External Affairs, officials of the state department and members of the Canadian Trade Commission who worked with the United States trade officials in writing the agreement.

For the signing ceremonies Mr. King was seated at the President's desk with Mr. Roosevelt on his left

TENSION EASED
CAIRO, Nov. 15.—Quiet prevailed in Cairo and elsewhere in Egypt tonight in the wake of anti-British disorders and political tension appeared to be somewhat eased.
Premier Tewfik Nassim Pasha issued a statement on the situation today. Members of the Wafd (Nationalist) party which started the riots had demanded his resignation and the restoration of the 1930 constitution, suspended when he assumed office last January.
