A very delightful evening was spent in playing whist and a dainty luncheon was served. —A delightful evening was spent at the home of Dr. and Mrs. S. R. Jenkins in Brighton by the graduating class of the City Hospital on Thursday, June the 17th. Cards and dancing were indulged in and a luncheon served in Mrs. Jenkins inimitable way.

A large congregation was present last evening at the special service of praise held in Trinity United Church, at which the minister, Rev. W. M. Ryan, delivered an address on the life and work of Tennyson, and the Choir, under the leadership of Prof. W. E. Fletcher, rendered several anthems written by that English poet. These anthems were, "Crossing the Bar," with a special musical setting by Prof. Fletcher, and "The Twilight Shadows Fall". Both were most splendidly and pleasingly sung.

Owing to his being unexpectedly called home, Mr. J. B. Connolly of Moncton, who was to sing at this service, was unable to do so, and his place was filled by Mr. Ben Acorn, who sang in his rich baritone voice the solos, "A Purer Love," and "No Night There."

A serious fire took place at Montague about three o'clock yesterday morning when an alarm was rung in. A quick response was made by the energetic fire brigade, who found the blaze well underway in the millinery shop of Mrs. Cumming where it started from some unknown cause. It rapidly spread to the Electric Light Company's building which was also burned to the ground, although the electric light plant was not impaired. The jewelry store of Mr. J. L. Younker caught and a portion of the roof was burned before the fire was conquered.

The firemen worked heroically and were successful in confining the flames to the buildings mentioned. The loss could not be estimated yesterday. Mr. A. F. Campbell, who has some stores in the building adjoining Mrs. Cumming's shop also suffered considerable loss.

CONFIRMATION IN ST PAUL'S CHURCH. —A very impressive ceremony took place yesterday morning in St. Paul's Church, when the rector, Rev. H. D. Raymond presented to His Grace the Archbishop of Nova Scotia, eight candidates for Confirmation. There was a large congregation present, and beautiful music was rendered by the choir. Following the ceremony, His Grace delivered an inspiring sermon on the purposes and benefits of confirmation. He pointed out that we receive three blessings, namely, protection, comfort and leadership from the presence of God. Each one of these comes into the life of every true Christian strengthening his soul and inspiring him with a true sense of religion. He concluded with a stirring appeal for more religion—above all religion combined with knowledge. Some men are endowed with the best education Nature can give them, yet without religion they may become addicts to the most foul and vicious crimes possible.

—LATE GEORGE P. GRADY.—Despite the fact that he has been seriously ill for the past nine months the news of the death of Mr. George P. Grady came as a great shock to the citizens of Summerside yesterday morning. The late Mr. Grady was one of the best known and most highly esteemed residents of Summerside and a great citizen. He started his career as an employee of the P. E. I. Railway and also worked on railways in Cape Breton and Newfoundland. Twenty-four years ago he returned to his native town and started in the restaurant business relinquishing this to open up the Confectionary Store and Billiard Room which he continued until he became ill. His place of business was a centre for tourists and he served the P. E. I. Tourist Association well as their headquarters in Summerside for information. He was also Vice-President of the P. E. I. Motor League and one of the most valuable members of this organization. His death at the age of 63 years is a distinct loss to Summerside and the Island generally. There are left to mourn besides a sorrowing widow, two brothers, Councillor John Grady, Summerside, and Mr. T. B. Grady, Supt. of the Island Division of the C. N. R. The Guardian joins with the whole community in extending sincere sympathy to the bereaved.

—RETURNS FROM CONVENTION.—Mrs. Conroy, Diocesan President of the C. W. L. returned home on Saturday after attending the Dominion Convention of the Catholic Women's League, which took place at Ottawa, where it is pleasing to note the work done by the sub-divisions on the Island compared favorably with those of other places. Many of the Islanders perhaps do not know that this good work was first started in Canada by the late Miss Catherine Hughes, a well known Canadian authoress, who was a daughter of Mr. and Mrs. J. W. Hughes, of Emerald, P. E. I. and a neice of the late Archbishop O'Brien of Halifax, and while the good work she so earnestly started, goes steadily on, its foundress sleeps in a quiet graveyard in the great city of New York where a tall stone marks the grave of another illustrious Islander.

The matter of placing danger signs near schools for the guide of motorists and also the matter of providing a suitable parking place for cars on Saturday nights were brought up by Councillor Johnston and it was decided to attend to both matters without delay. Mr. Wilfred Howatt, St. Eleanors, addressed the council asking to have the town supply electric light to several residents of his district, explaining that the parties were willing to erect their own electric plant. The matter will be taken up in committee of the whole council at an early date.

WEDNESDAY

DWELLING HOUSE BURNED.—Fire yesterday destroyed the dwelling house and barn of Mr. Fred McLean, a farmer living about three miles from Murray River. BODY OF ONE VICTIM RECOVERED.—Monday the body of one of the victims of Saturday's drowning accident, when the dredge "Ferguson" turned turtle off St. Peters Island with the loss of six lives, was recovered at White Sands. When found, a life preserver was secured to the body, the face was badly marked as though the victim was thrown against the dredge or struck by a projection of some kind. It is generally conceded the victim of the unfortunate accident was not drowned. The body, which proved to be that of Bert Veniot, aged about 20 years, and a native of Pictou, was taken to Montague where it was placed in a casket and then forwarded to this city where it was taken on board the S. S. "Hochelaga" and sent to the home of the deceased in Pictou yesterday afternoon.

Miss McKinnon will visit her old home in Church Road.

A largely attended meeting of the lobster packers and fishermen of the North Side was held in the Board of Trade Rooms yesterday at 2 o'clock for the purpose of considering the advisability of asking the Government for an extra season from August 10th to September 15th.

On motion Mr. Harry Cox was appointed chairman, and Mr. Kendal Lacey secretary.

The chairman then announced the object of the meeting. He stated this was a poor season with many of the fishermen and when the catch was poor with the fishermen it was necessarily poor with the packers.

Mr. Ellis Lacey said he thought the second season should be given a trial. It worked out advantageously some few years ago and he thought the catch of August and September was a better pack.

Mr. P. J. McIntyre said he came in to hear the opinions of others but since he was asked his opinion he would give his personal opinion and that was—if we are to have two seasons in one year it was not in best interests of the fishermen. A great many fishermen did not have a successful season and if they wished to petition for an extension he would place no obstacle in the way.

After a lengthy and at times lively discussion it was decided by a standing vote, which was practically unanimous (only three opposing) that the government be asked to grant a fall season, starting about August 15th and continuing till September 20th for this year to give it a trial.

A committee was appointed to draft the resolution and submit it to the Government.

Premier Stewart received a hearty welcome on all sides yesterday on his return from the Interprovincial Conference at Ottawa. Both political parties were as one in offering him sincere congratulations on securing $40,000 additional revenues per annum in lieu of Railway taxation. The Premier expressed his appreciation of the generosity of the premiers of the other two provinces in allowing Prince Edward Island $10,000 per annum more than we are entitled to on a basis of railway mileage. The formal passing of the Order in Council, authorizing this payment, will take place at an early date, probably after the rising of parliament and before the Ministers separate for their vacation.

After the Interprovincial Conference, Premier Stewart, the Hon. Adrien Arsenault and Mr. George D. Pope, met and prepared a brief for additional subsidy on account of our claims for alienated crown lands, to be presented to the federal government. With the invaluable assistance of Messrs. Jenkins and McLean an interview was arranged with Premier Mackenzie King who cordially received the delegation and granted their request for an opportunity of advocating the claims of the province before a committee of the Council. Later the committee appointed by the Prime Minister sat and heard the case presented by Premier Stewart and Messrs Arsenault and Pope who went into the subject in great detail, the committee afterwards promising to give the matter full consideration.

Before leaving Ottawa for home, Premier and Mrs Stewart received a pressing invitation from the secretary of the Union of Municipalities of Quebec to join them in their sail up the Saguenay River on the occasion of their annual convention. It will be remembered the Union of Municipalities came to Prince Edward Island last year for their annual convention. The tour was a most interesting one, so far as it disclosed the wonderful developments taking place in northern Quebec in the vicinity of Lake St. John. Here the visitors saw with their own eyes what they had frequently read about, a city that practically sprang up in a night. This was a town of 400 houses which had been built, completed and occupied within a period of 100 days for the use of the employees of an aluminum company which has come to Quebec and is spending $100,000 in developing their plant, because of the cheap power. Premier Stewart had no hesitation in saying, from what he saw of electrical development in Northern Quebec that within 50 years, nothing but electricity will be used for light, power and heat in that part of the province. Premier Stewart was greatly interested in the development of the pulp and paper industry at Port Alfrid. Among the employees there he found a number of Prince Edward Islanders. The manager of one of the departments in one of Price Brothers Paper Mills is an Islander named Boyle.

The Premier is glad to be back at his desk where there is plenty of work awaiting him, although everything was satisfactorily carried on during his absence by his locum tenens, Hon Dr. MacMillan and Hon. Frank McPhee.

A HAPPY SHOWER. — The shower tendered Miss Lolita Weeks, Fredericton, the popular young bride-to-be on Thursday evening, June 17th was attended by some one hundred friends and many very beautiful gifts were received by her. Miss Weeks thanked the assembly for their gifts which were composed of linens, silverware, glassware, aluminum, graniteware and a sum of money. Dainty refreshments were then served and a social evening spent.

At a meeting of the Scotchfort Memorial Community held last evening, reports from different sub-committees indicated that much enthusiasm regarding the annual picnic was manifested. A care days enjoyment may be looked forward on their grounds at Scotchfort on Wednesday, July 21st. Tables will be provided by St. Andrews, Tracadie, Coran Ban, Glenfinnan, Pisquid, and Charlottetown. Those who kindly contributed cake, chicken, etc, last year are expected to do so again this year. Everything considered, should the weather prove favorable, the picnic of this year is likely to surpass any previous effort.

St. James Presbyterian Church, lovely with an abundance of early spring blossoms, flowers and greenery, was the scene of a very fashionable wedding last evening at eight o'clock when the Minister, Rev. W. Bruce Muir, united in marriage Miss Helen Mary Mathieson, eldest daughter of Chief Justice and Mrs. J. A. Mathieson to Mr. Frank Bernard Chauvin, son of Mr. Henry N. Chauvin, K. C. and Mrs. Chauvin, Maplewood Ave., Montreal.

After the ceremony the bridal party and guests proceeded to the brides lovely home at 1 Grafton Street where a reception was held.

At a late hour Mr. and Mrs. Chauvin left on a motor trip through the White Mountains before taking up their residence at Cote de Nieges Road, Montreal.

During the past few weeks the bride was the guest of a number of functions arranged in her honor and was the recipient of a large number of magnificent and elegant gifts from her hosts of friends with whom she has always been a favorite.

The Guardian unites with their many friends in wishing Mr. and Mrs. Chauvin unbounded happiness.

BURIED YESTERDAY. — The funeral of the late Mary Margaret Wise whose death occurred on Monday, was held yesterday morning from her late residence 260 Queen Street, to St. Dunstan's Cathedral where a Requiem High Mass was celebrated by Rev. BRIDAL SHOWER.—On the evening of May 30., a large number of Greenvale Institute and vicinity assembled at the home of Mr. and Mrs. John Spence to do honour to the newly married couple Mr. and Mrs. Robert L. Shortly before breaking up, Mrs. Smith was led in to the dining room where she was presented with many useful articles, by Miss Reta Carew, while Miss Nettie Waye read the many pieces of original poetry which accompanied them. Mrs. Smith was taken by surprise but in a few well chosen words thanked her friends for their kindness, after a dainty lunch was served. The pleasant evening was closed after singing "For She's a jolly good Fellow"

—VISITORS FROM SABLE ISLAND. —Mr. George E. Champion wireless operator at Sable Island, N. S., was in Kensington recently with Mrs Champion and favored a Guardian representative with an interview. They had just arrived from Sable Island and were travelling by auto. The station which Mr. Champion operates is perhaps the most important on the American coast for history tells us that the Island, a low dangerous, sandy shoal, directly in the line of ocean travel, has been the scene of many disasterous shipwrecks but the Marconi station has been able to warn approaching ships that may not be able exactly to determine the position of their proximity to danger and to avoid it. He had in his possession four of the most beautiful white coat seal skins that might be seen. They measure 2 1-2 feet 5 1-2 feet and have a rich, glossy lustre. They are finished in the most artistic style and will manufacture into the most beautiful garments.—Y.

—LAID TO REST.—One of the largest funerals seen in Summerside for many a day was that of Mr. George P. Grady which took place yesterday afternoon from his late residence on Water Street to the Peoples Cemetery. Venerable Archdeacon White officiated at the house and grave. The funeral was under the auspices of Prince Edward Lodge I. O. O. F. Mr. P. B. Clarke acting as Noble Grand and Rev. Mr. Morton as Chaplain. The floral contributions were many beautiful ones from citizens and friends from all parts of the province. About sixty cars formed a cortege following the motor hearse from the house to the cemetery. The pall bearers were Messrs L. B. Crue, Horace Lyle, John T. MacKay, Benj. Sharpe, Henry Gaudet and Mayor Lidstone. The mourners were Councillor John Grady, Mr. T. B. Grady, Miss Carrie Grady, Mr. Geo. Hibbett, and Mr. Allison MacLeod. The funeral was under the direction of Mr. P. L. Bowness.

The fifty-first annual session of the Masonic Grand Lodge took place yesterday morning and afternoon in the Association Rooms above the Prince Edward Theatre. The session was largely attended, a large number of the brotherhood appearing from all parts of the Island.

The regular order of business was first proceeded with, the Grand Master, Dr. J. F. Martin of Eldon, in the chair. Following this a very delightful event took place when Brother E. T. Carbonell, a veteran in Masonic circles on Prince Edward Island presented the retiring Grand Master, Dr. Martin with a beautiful bouquet of roses on behalf of the Crystal Chapter Order of the Eastern Star. Dr. Martin in very eloquent terms replied, thanking the members of this order for the great honor paid to him. The election of new officers was then proceeded with. They are as follows:

FRIDAY

P. E. ISLAND CANDIDATE IN ALBERTA. —Mr. J. H. Prowse, a prominent lawyer, son of Mr. and Mrs. W. H. Prowse of this city is one of the Conservative nominees in Alberta at the provincial election next Monday.

—PAINFUL INJURY. — Mrs. Charles Ramsay of Summerside, met with a serious and very painful accident on Friday last, as a result of which she now lies in the Prince County Hospital with serious injury to her back. The good lady apparently took a weak spell and fell down the cellar steps. Her many friends will join us in wishing her a complete and speedy recovery.

—DREDGING. — The dredging going on at the King's Wharf, Alberton South, is making excellent progress. The work thus far done is along the west side of the King's Wharf from a point well towards the head, thence up to the factory of Mr. Matthews. This work when completed will be of much good to the fishermen as well as for vessels entering here. Capt. Batt is in charge of operations and he is doing his work in a most efficient and thorough manner.

PAINFUL ACCIDENT. — While Mr. John Power, driver of the C. N. R. They found no bones broken but a bad cut over his eye. After being attended to he was driven to his home.

—GROWING INDUSTRY. —The importing and raising of Chincilla rabbits in Summerside and other parts has become quite an industry. There are several men here who are importing from England and shipping to all parts of Canada Then there are others who are breeding some of the best strains extensively and it is the pet hobby of many more. The industry has grown so quickly and to such great proportions that an association has been formed for the purpose of protecting the business and for this purpose the Canadian Small Breeds' Association, Limited, was incorporated under Dominion Charter on February 2, 1926. This association will operate along something the same lines as the Fox Breeders Association for the protection of breeders and prospective breeders. It will maintain a very high standard of excellence for Chinchilla Rabbits and all animals must score 85 per cent before they will

Before going to St Mary's he attended Assumption College, Sandwich, Ontario where after one term he was offered a position on the teaching staff. Wilfred is a son of Mr. R. F. Maddigan of this City. He is now on a visit to his Aunt in Chicago where he will attend the Eucharistic Congress. His brother Vernon has also gone on a visit to Chicago to meet him and they both will arrive home on July 3rd. His Essay which won the honor for St. Mary's appears in another column. Before leaving the Province Wilfred was a valued employee of the Guardian.

On Tuesday morning the C. G. S. "Brant" left for the scene of the recent wreck in an endeavor to locate the dredge "Ferguson." Owing to the heavy seas she was unable to do any work and returned to this port.

Another attempt was made Wednesday morning and the submerged dredge was located about nine or ten miles west of St. Peters Island light in twelve fathoms of water.

One "spud" showed above the surface of the water about ten feet.

Capt. Kelly of the Brant placed a Green Spar Buoy to the south west of the sunken dredge.

The crew dragged the vicinity for some time but no trace of the bodies was found. The boat returned to port in the afternoon.

Another Body Recovered

The body of Capt. Thomas Martin was found Wednesday at White Sands and forwarded to Montague where it was prepared for burial. The remains arrived at 12.30 yesterday and were transferred to the S. S. "Hochelaga" consigned to Wm. Martin, Pictou.

MURPHY-MacISAAC — A very pretty wedding was solemnized at St. Aldens Church, Jamaica Plain, Mass., on the evening of May 30th when Miss Theresa MacIsaac of Tracadie Cross, P. E. I., and Ambrose Murphy of Southport, P. E. I. were united in the Holy Bonds of matrimony by the Rev. Father Quigley the double ring service being used. The bride looked exceedingly winsome gowned in white satin and georgette with silver trimmings and wearing a bridal veil. She carried a beautiful bouquet of bridal roses and maidenhair fern. She was attended by her niece, Miss Catherine Monroe who wore sand georgette and carried a shower bouquet of roses. The groom was ably supported by his cousin, Mr. Leo Murphy. Immediately after the marriage the happy couple motored to their future home at 9 Gilson Terrace, Somerville, where a wedding reception was tendered them by the immediate friends. Upwards of fifty guests assembled and a most enjoyable evening was spent. The following morning, the bridal party left on a honey moon trip to the island of their birth, P. E. Island where needless to say a hearty welcome was accorded them by their many friends. The bride's travelling costume was of Bois de Rose georgette with hat and coat to match. After two weeks most pleasantly spent in the Garden of the Gulf they returned to Somerville, Mass., where they will in future reside. Previous to her marriage, the bride was tendered a miscellaneous shower by her friends. Quite a crowd assembled and a very pleasant evening was spent in music and dance. Many valuable presents were received testifying to the popularity of the young couple. The Guardian joins in wishing Mr. and Mrs. Murphy bon voyage through life.
