Arrests Made In The Halifax Bank Robbery

Three Halifax Youths Charged With Hold-Up Of Quinpool Branch Of Royal Bank—\$13,000 Loot Unearthed.

HALIFAX, N. S., Oct. 11.—(By the Canadian Press)—One of the most sensational developments in Halifax criminal history occurred on Saturday when three youths, natives of this city were arrested, two charged with robbery with violence, in connection with the looting of the Quinpool road branch of the Royal Bank on August 27. More than \$13,000 which police say is part of the \$15,700 recovered from the bank, was secured by raiding squads who searched the Wellington Street home of one of the men arrested. The three young men are: H. Smith, Wellington Street, Halifax, charged with robbery with violence. Richard Morse, Bland Street.

Aged Woman Departs Life

On Sunday morning, about the hour citizens were going forth to worship, Mrs. Katherine Milligan, who had been touched by the cold, clammy hand of death, was found dead in bed, fully attired. The poor unfortunate woman, who had little of this world's goods, it is thought, may have adopted this means to keep from freezing to death. It is reported that she was found by a neighbor, who was bringing her food to keep body and soul together. There was no inquest. She is survived by two brothers, Mr. J. H. Graham Murphy of this city and another who is not residing here.

EDISON SLOWLY SINKING

Famous Inventor In Coma—Unable To Recognize Anyone Except His Wife.

(Associated Press)

WEST ORANGE, N. J., Oct. 11.—The world for Thomas A. Edison now is just one person—his wife. As the inventor lay in a stupor yesterday on the verge of a coma, Dr. Hubert S. Howe said Mr. Edison for days has been able to recognize no one except his white-haired wife, who has been at his bedside almost constantly.

In the past, because of the peculiar timbre of her voice, her words have been clear to Mr. Edison, despite his deafness. To this circumstance is partially attributed his ability to recognize her now. Other members of his family are maintaining a vigil near the sickroom, but the last word of farewell between them and Mr. Edison apparently has been exchanged.

As Dr. Howe came from his routine examination of the patient he told reporters, "about the only change in Mr. Edison's condition is that it is increasingly difficult for him to take nourishment. "Any change in Mr. Edison's condition now would be gradual, according to all outward indications, although I would not be greatly surprised at any sudden turn."

Body of Fritz Simon On Way To Home In Germany—Search Continues For Body of Co-pilot.

(Canadian Press)

PARRISBORO, N. S., Oct. 11.—Search for Rudolph Wogenknecht's body and the fuselage of the seaplane which carried him with pilot Fritz Simon to death in Cobequid Bay went on today as Tenny Cape reported the finding of a large wing fragment by a craft from Windsor. It was presumed to be the boat from the Hanis County town which entered the search on Thursday night, after securing contributions of gasoline and oil from business men of that place.

THE COMING BRITISH ELECTION

Nomination Day Next Friday—Conservatives Reach Working Agreement With National Laborites.

(By George Hambleton, Canadian Press Staff Writer.)

LONDON, Oct. 11.—Great Britain's general election campaign moves swiftly towards nomination day, next Friday. The political organizations backing up the National Government are straining every effort to secure straight fights with the Labor candidates, and to take the lion's share of the five million Liberal votes that have been suddenly flung on the political scrapheap.

In the last general elections Labor had the advantage of the triangle, securing a united Labor vote while Liberals and Conservatives were splitting the anti-Labor vote. Thus in 118 constituencies Labor members were returned on a minority vote.

The response to Rt. Hon. Stanley Baldwin's appeal to "play the game", was seen over the week-end in the withdrawal here of more prospective Conservative and Liberal Nationalist candidates. The Conservatives have also reached a working arrangement with the National Laborites headed by Prime Minister MacDonald. Conservative headquarters tonight believe that on nomination day there will be few divisions with Conservative and Liberal-Nationalist candidates opposing each other. But for the moment there is much confusion.

Lord Beaverbrook, Canadian born newspaper magnate, has joined the Conservative opponents of Sir Herbert Samuel, Liberal free-trader and home secretary, in Sir Herbert's constituency of Darwen, Lancashire. Lord Beaverbrook has declared his empire trade programme fits in with the Conservative policy. Sir Herbert therefore

WILL OPPOSE MACDONALD

(Associated Press)

SEAHAM HARBOR, Durham, Eng., Oct. 11.—William Coxon has been selected to oppose Rt. Hon. Ramsay MacDonald as the Labor candidate in this district for the general election. He is secretary of the divisional Labor party which recently repudiated Mr. MacDonald as its representative in the House of Commons.

LABOR PARTY'S PANACEA FOR PRESENT CRISIS

Drastic Suggestions of "Socialist Reconstruction" Urged In British Labor Manifesto.

LONDON, Oct. 9.—(Canadian Press and Associated Press Cable)—"Labor insists that we must plan our civilization or perish. The Labor party recognized the present situation calls for bold and rapid action. The decay of the capitalist civilization brooks no delay. Measures of socialist reconstruction must be pressed forward." These are the sentiments expressed in the manifesto of the Labor Party issued Friday last over the signatures of Rt. Hon. Arthur Henderson, J. R. Clynes and William Graham, all of whom were members of the Labor cabinet.

And with the Labor manifesto, Britain's general election pot boils on.

Baldwin's Son In The Field

(Associated Press)

LONDON, Oct. 11.—Oliver Baldwin, 32 year old son of the Conservative leader, is one who does not follow in his father's political footsteps. He has announced his acceptance of the Labor party's nomination for the House of Chatham. He will campaign on a straight issue of socialism versus capitalism. Thus he will be arrayed against Rt. Hon. Stanley Baldwin, his father, who is supporting the National Government.

Met Death On Bridge Road

Mr. John Larkin, Vernon, Killed In Overturned Car While Being Driven To Church With Family.

A shocking tragedy occurred on and gone to the scene of the accident. They then were of the opinion that no inquest was necessary, but the Attorney General, on hearing the circumstances, decided that an inquest should be held. At the scene of the accident they saw blood on the side of the road, some glass and material from the top of the car.

An examination of the car revealed no mechanical defects, the steering gear being in good order as well as the other essential parts. The car tracks showed the vehicle was running near the wet ditch to avoid large ruts in the middle of the road and it is thought the car dipped in and when it was turned out, the front wheels buckled, turning the car over and causing Mr. Larkin's head to hit the top, resulting in a severe compound fracture of the skull.

COAL IMPORTS

(Canadian Press)

MONTREAL, Que., Oct. 11.—Anthracite coal from the British Isles imported to Canada through the port of Montreal this season had reached a total of 559,668 tons to the end of September, according to figures released here today. The figure was 9,773 tons higher than in 1930 to the same date.

Overseas coal and coke receipts for this season are lower than last year by 105,020 tons, due to the embargo on the importation of Russian anthracite. The increase in Welsh and Scotch hard coal has not made up the difference. Last year 148,000 tons of Soviet anthracite was landed here. A total of 47,779 tons of German anthracite has been imported this season. British bituminous imports have reached 19,883, a reduction from last year of 13,662 tons.

Moncton Citizens Enjoy Air Trip To Charlottetown

Visitors Warmly Welcomed On Arrival Here In Inaugural Flight Of Canadian Airways Ltd. Passenger Service.

The goodwill flight of Charlottetown citizens to Moncton in the Canadian Airways Limited six passenger cabin plane was returned on Saturday when Mayor C. H. Black, of Moncton, accompanied by Alderman T. H. King, chairman of the Moncton Airport and Parks committee, Aldermen F. W. Storey and E. A. Taylor, members of the committee, Mr. A. A. Dyart, leader of the Opposition in the New Brunswick Legislature, and Hon. Senator C. W. Robinson, arrived at about 11 a. m. at Upton Airport and were cordially welcomed by representatives of the City of Charlottetown and Provincial Government.

The visitors had a delightful trip by plane from Moncton, and were loud in their praise of the convenience of the service, as well as the educative value of seeing this section of the Maritimes from the air.

They were met at the Upton Airport by Colonel J. S. Jenkins, D. S. O., Mayor Prowse and members of the City Council, and were guests of the civic and provincial authorities at luncheon at one o'clock at the Canadian National Hotel. The visitors had splendid weather for their flight, and enjoyed every minute of their visit here.

They were shown points of interest in the city, also the Golf Links and the Forum, in which the Moncton Aldermen were particularly interested.

After luncheon the return flight was made over Summerside and parts of Prince County, thus enabling
