TECHNICAL SCHOOL, PRIZE LIST —The prize—a Gillette Safety Razor—contributed by Mr Fraser T. Morrow, Dairy Inspector for the Province to the best student in Dairying, Agriculture Department has been awarded to Mr. Howard Roper. This prize has just been received and for that reason was not presented on the closing night.

AN INTERESTING GATHERING —A very enjoyable evening was spent in Marshfield Hall on March 28th, when the Marshfield Women's Institute entertained the members of Alpha Institute with their husbands and friends to a social evening. Despite the very severe cold and the bad roads a large number from both institutes attended. The evening opened with singing of Institute Ode followed by an address of welcome by the president (Mrs Munn) after which a short programme was given consisting of songs and reading. By special request Mrs. C. W. Kierstead of York delighted the audience with a beautifully rendered solo which was very much appreciated. Refreshments were then served by the Marshfield Institute after which all joined in games and amusements. Special mention must be made of the spice and boot contents which caused an endless round of laughter as well as testing the skill and alertness of those who took part. Prizes were presented to winners and losers in both contests. After a few short and witty remarks by some of the ladies and gentlemen present and a hearty vote of thanks tendered by visiting members the evening closed with God Save the King all wishing those evenings would come more often
