

U.N. MEDIATORS PREPARE TO FACE WAR IN PALESTINE

Cancer Clinics To Be Opened Here

Reviews Objectives Of United Emergency Fund

The coast-to-coast appeal of the United Emergency Fund for Britain will open the first of November this year, and will continue for two weeks. Mr. Kenneth MacMillan, managing director of the fund, told a large and representative audience at the Charlottetown Hotel last night.

The United Emergency Fund for Britain, Mr. MacMillan said, had men on the directorate from Victoria to Halifax who represented the business brains of Canada. It was because of this fact, he said, that the organizers of the fund felt assured it would "go across with 100 per cent success."

Stresses Need

Mr. MacMillan said the need of the people of Britain for food and clothing was, perhaps, greater now than at any time in the past. Generous Canadians by the thousands from coast to coast had been contributing to Britain's relief but, unfortunately, had been doing it through as many as 3,500 little organizations. Lack of co-ordinated effort had, to a large extent, nullified their good intentions since there was tremendous expense involved in so many diversified efforts. Moreover, the food sent to Britain under such conditions had no efficient distributing organization at the points of destination.

It was the intention of the Emergency Fund to induce as many organizations to co-ordinate all their food relief to Britain through the United Emergency Fund so that the expense of sending from ten to twenty million dollars worth of food and clothing to Britain should not amount to more than five per cent.

Commends Campaign

Premier Jones said he was sure the campaign was a worthy one and that the people of Prince Edward Island would heartily support it. At the suggestion of the Premier, Lieut.-Col. W. W. Reid agreed to meet Mr. MacMillan this morning for the purpose of forming a small committee to do the preliminary work of organizing in the Province.

Present at the meeting were His Excellency the Most Reverend James Boyle, Bishop of Charlottetown; the Rev. J. T. Booth, rector of St. Paul's Anglican Church; His Worship Mayor B. Earle Macdonald; Mr. Justice G. J. Tweedy; and representatives from all service clubs and social organizations in the city.

Truman's Veto Upheld

WASHINGTON, May 21 — (AP) — The United States Senate today upheld President Truman's veto of a bill which would have permitted "qualified senators" to order a Federal Bureau of Investigation check of key atomic energy appointees.

Held In Axe-slaying Of Widowed Mother

Timmins, Ont., May 21 — (CP) — Mervyn Hutson, 23, was charged today with the hatchet-slaying of his mother, Mrs. Lucy Victoria (Barty) Hutson, it was the third slaying in the Timmins district in 11 weeks.

Police said the 42-year-old widow was hacked to death last night in her four-room bungalow in Timmins' West End and thrown down stairs leading to the basement.

Neighbors overheard an argument, then screams. They called police, who were met by Hutson on their arrival at the house.

Chief Constable Albert Lepic said the woman was probably attacked in the kitchen, where supper was cooking, and thrown downstairs. Police found blood on a sofa and the hatchet nearby. It will be examined by experts in Toronto.

Hutson was arraigned today before a justice of the peace and remanded to Tuesday. Police declined to say whether he made a statement.

Coroner R. P. Smith performed an autopsy and attributed death to two hatchet wounds in the skull. The other recent slaying in the Timmins district were those of Jerome St. Cyr and Frank Deluca, reputed gambler and once-convicted high-grader.

W. O. Mitchell, (top), High River, Alta., has been awarded the \$500 prize by the Echoes committee of the I. O. O. F. for his novel, "Who Has Seen the Wind." Professor Paul G. Hiebert (bottom), of the University of Manitoba, won the Leacock Medal for Humour with his satirical book, "Sarah Binks."

Move Marks Major Step In Cancer Control

"Cancer Diagnostic Clinics will be established in Prince Edward Island and their success will depend to a large degree on the Educational Program of the Canadian Cancer Society," stated Hon. Dr. W. J. P. MacMillan in his presidential report to the annual meeting of the Prince Edward Island Cancer Society held in the City Council Chambers last evening. Dr. MacMillan, who has been president of the Cancer Society since its formation in this Province, was re-elected President.

The following are the officers elected for the coming year:

President—Dr. W. J. P. MacMillan.

1st Vice-President—T. Roy Cudmore.

Vice-Pres. for Queens—H. C. Bohaker.

Vice-Pres. for Kings—John R. MacLean, M.L.A.

Vice-Pres. for Prince—Allison MacLean.

Treasurer—H. L. Ford.

Secretary—Ralph M. Jones.

Executive-Secretary—J.P. MacInnis.

Directors—Mrs. J.A. MacMillan, Marcus Calder, Mrs. H. F. MacPhee, J. F. Leightner, Mrs. Frank Murray, J. E. Campbell, Rev. E. J. Barras.

Campaign Committee—T. Roy Cudmore, Edwin C. Johnstone, L.L. Col. Leo Macdonald, E.D. J. ...

Likely, Major T. B. Rogers, Walter Hymnall, Walther Gadet, Wm. Rix, Harold Hennessy, Major N.W. Lowther, John Simmonds, Major Geo. W. Craig, and the three County vice-presidents.

Women's Council—Mrs. J. A. MacMillan, Mrs. H. F. MacPhee, Miss Mary G. Macdonald, Mrs. Julian Herring, Mrs. W. F. Allan Stewart, Mrs. E. W. Turner, O'Leary, Mrs. Frank Murray.

Medical Advisory Council—President, P. E. I. Division Canadian Medical Assoc.; President, P. E. I. Dental Association; Dr. Harold Shaw, Prov. Pathologist; Dr. Wendall Macdonald, X-Ray Specialist.

Continuing on with his report Dr. MacMillan said:

"It is really a matter of life to those who depend on that education be increased. We must first get our citizens to see their doctor before we can make any great progress in cancer control"

Reach Agreement On Pro-tem Government

LONDON, May 21—(AP)—Great Britain, the United States, France and the Benelux countries have reached a hard-and-fast agreement on creation of a provisional government for western Germany this year, responsible diplomatic sources reported tonight.

The sources reported only technical details stand in the way of a formal communique which now is expected early next week.

There are still some details to be ironed out on just what procedure will be taken to establish the German government.

However, it is reported that a tentative decision has been reached by the six countries, to call a constituent assembly about Sept. 1, which would be granted broad powers to draft a constitution for western Germany.

NEWPORT, Isle of Wight — (CP) — Miss Louisa Way, the island's oldest inhabitant, celebrated her 102nd birthday.

New Radio Station Planned In S'ide

Organization work has been completed and application for incorporation applied for in the case of a new company which has been formed to operate a new radio station in Summerside.

To be known as Gulf Broadcasting Co. Ltd., the company is composed of a group of business men of Summerside and vicinity.

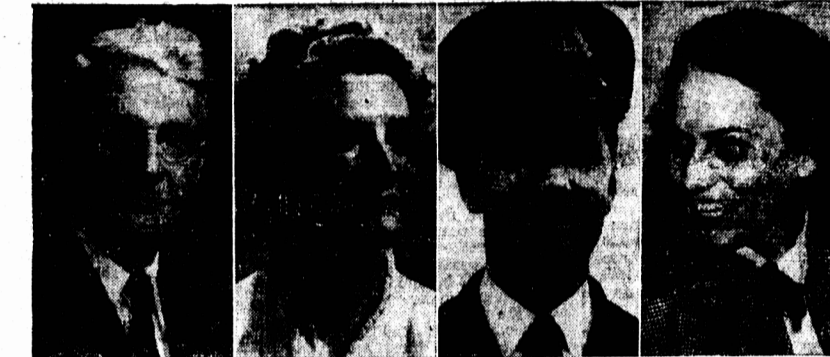

The studio will be in the Lidstone building on Water Street over Stedman's store and the transmitting building and tower will be located on the Read property near Read's corner, two miles from town.

Summerside has had no radio station since CHGS, owned by R.T. Holman Ltd. closed down permanently on March 31 after twenty-five years operation.

The project for the new station, which will be known as CJRW, has been promoted by two young men of the town, Arthur Rogers and Ernest Wright. Mr. Rogers will be the station manager. Construction of the transmitting building will be commenced the first of next week by M.P. Schurman Co. Ltd.

It will be a one storey wooden building 30 by 26 feet. The building will house the transmitting facilities with control room and an emergency transcription studio.

It is understood that only local capital is involved and that the large number of shareholders makes it actually a community project. — S.

Winners of the Governor-General's Literary Awards for the best works of fiction, poetry, creative non-fiction, academic non-fiction and humor published by Canadian Writers in 1947, as announced by the Canadian Authors' Association. From left to right: R. MacGregor Dawson, Toronto (academic non-fiction); Dorothy Livesay, Vancouver (poetry); William Sclater, Toronto (creative non-fiction); Gabrielle Roy, native of St. Boniface, Man., now in France (fiction).

Grim Outlook For Besieged Troops

By Max Boyd

CAIRO, May 21 — (AP) — Arab Legionnaires tonight hemmed in Jewish troops fighting a last ditch battle in a 10-acre area of Jerusalem's old walled city and turned their howitzers on Jewish positions outside the walls.

In a determined bid to crush Jewish resistance in Jerusalem, the British-trained Legionnaires from Trans-Jordan shelled Jewish lines on Mount Scopus and Mount Zion an Associated Press dispatch said.

The 400 Jewish troops on Mount Scopus were given this choice—surrender or be destroyed. They had entrenched near the Hadassah hospital and the Hebrew University.

A communique from Amman, capital of Trans-Jordan, said the shelling silenced the Jewish posts in both the university and hospital areas and the Jews asked to surrender to the International Red Cross.

Arab shells rocked Mount Zion in the vicinity of the Dormition Church and Crusader Hall where the Last Supper was believed held. Arab artillery jarred all Jerusalem in the fourth day of the battle for the walled city, dispatches said.

The anchor of the Jewish line was the Beit Yaacov Synagogue. Troops dug in there were marking a stand where Jews have worshipped for 700 years and two earlier temples have been destroyed.

It will also provide living quarters for a resident engineer. The aerial system will consist of one tower, 200 feet high.

The ground system will require about ten acres of property but the equipment will be buried sufficiently deep that the land above it may be cultivated.

Renovation of the Lidstone building for the studio will commence in the near future. In this building there will be two studios, an announcing booth, a control room, record libraries, new room and maintenance stores. The station will have a frequency of 1240 kilocycles and a power output of 250 watts. The expected coverage will include most of Prince Edward Island, northern Nova Scotia, and northern New Brunswick.

To be known as Gulf Broadcasting Co. Ltd., the company is composed of a group of business men of Summerside and vicinity.

The studio will be in the Lidstone building on Water Street over Stedman's store and the transmitting building and tower will be located on the Read property near Read's corner, two miles from town.

Summerside has had no radio station since CHGS, owned by R.T. Holman Ltd. closed down permanently on March 31 after twenty-five years operation.

The project for the new station, which will be known as CJRW, has been promoted by two young men of the town, Arthur Rogers and Ernest Wright. Mr. Rogers will be the station manager. Construction of the transmitting building will be commenced the first of next week by M.P. Schurman Co. Ltd.

It will be a one storey wooden building 30 by 26 feet. The building will house the transmitting facilities with control room and an emergency transcription studio.

It is understood that only local capital is involved and that the large number of shareholders makes it actually a community project. — S.

Police Captain Shot; Waitress Is Charged

NEWARK, N. J., May 21 — (AP) — A police captain was shot to death today with his service revolver behind the closed doors of his private office and 12 hours later 39-year-old red-haired Mrs. Ann Powers was charged with his slaying.

Mrs. Powers, a waitress, had been under constant questioning by police all day. Essex County prosecutor Duane E. Minard announced her arrest on a murder charge.

Earlier, police chief John Haller said Mrs. Powers had admitted being alone with veteran Police Capt. Thomas J. (Tim) Rowe, 56, in the offices of the precinct he commanded.

She had insisted, however, that she knew nothing of the shooting and contended that during a discussion with Rowe her mind went blank, Haller said.

Mrs. Powers is separated from her husband.

Meat Handlers Strike Ends

CHICAGO, May 21—(AP)—The 67-day C. I. O. meat handlers strike—marked by occasional rioting and bloodshed and mobilization of national guard troops in two states—was called off today against all of the meat packing industry except Wilson and Co. The strike for higher wages was ended on company terms.

The United Packinghouse Workers Union called off the work stoppage after the workers voted in favor of a back-to-work movement at Swift, Armour and Cudahy plants. Nearly 100,000 were on strike.

Union officials said the strike would continue in seven Wilson and Company plants normally employing about 8,000 workers this time of year.

Farm Activities Reviewed By Deputy Minister Shaw

Mr. W. R. Shaw, Deputy Minister of Agriculture, reports that first seedings this season are much later than normal years. For the last five year period first seedings have taken place from the last week of April until around the tenth of May. All evidences point to first seedings this year being from two to three weeks later. This does not mean however, that grain seedings will not be completed at an earlier period than some of these other years.

For instance in 1947 there was a favourable seeding period around the second week in May, but subsequently cold, wet weather set in and in some instances oats were sown as late as June 28th. From such late seedings a wretched crop of seed grain was harvested, due chiefly to the fine growing weather which followed throughout the season. With warm weather within the next week of two the great bulk of the grain will be sown.

Early Potatoes Planted

Quite a few early potatoes have already been planted and early turnip growers have also seeded areas for the early market.

Clover and hay lands seem to have survived the winter in

Hopes Of Truce Between Warring Forces Vanish

By Norman Alteteder
(Canadian Press Staff Writer)

LAKE SUCCESS, May 21—(CP) — United Nations mediation parties prepared in Europe and America today to face war in Palestine as the U.N. truce commission urged use of international military pressure to bring peace between Arabs and Jews.

The security council here continued indecisive debate on a proposed cease-fire order. But the U. N. secretariat went into high gear following a trans-Atlantic telephone conversation between Trygve Lie, U.N. Secretary-General, and Count Folke Bernadotte, president of the Swedish Red Cross and the Big Five powers, appointed as Palestine mediator.

The 35-year-old Count, who carried Germany's surrender offer to the Second World War allies, said he would arrive in Paris next Tuesday en route to the Holy Land. After expressing delight at the acceptance of the "challenging mission," Lie announced that Ralph Bunche, American (Negro) expert on U. N. trusteeship affairs and a staff of three other U. N. employees would meet Count Bernadotte in Paris.

Bunche will be Lie's chief representative in Palestine. He was chief secretary of the now-disbanded Palestine partition commission.

Count Bernadotte, cousin of Sweden's King Gustav, will be accompanied by a three-man personal staff: a physician, secretary and clerk.

His functions in Palestine will include arranging for operation of common services; assuring protection of the holy places; and promoting a "peaceful adjustment of the future situation of Palestine."

Hopes of a truce, even in the walled section of Jerusalem which contains many of the sacred shrines, had vanished.

The commission referred in its recommendation to the very charter of the charter on which the
