

A CRIPPLE FOR THREE YEARS

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES"

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.
 "For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.
 Finally, I decided to try 'Fruit-a-tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.
 I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.
 Four 2½-ounce of Pinex (30 cents worth) in a 16-oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.
 And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma.
 Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.
 To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

YOUNKER—MACRAE. WEDDING.

On the 30th of October the home of Edward MacRae, Esq., Brookfield was the scene of an interesting event. As the clock struck the half-past seven hour the wedding march was played on the organ by Miss Tillie Smith and at the same time Miss Janie Isabell prettily attired walked into the parlor leaning on the arm of her father and took her place beside Mr. William R. Younker who was anxiously awaiting her arrival. The marriage ceremony was then solemnly performed by Rev. D. McLean and witnessed by a number of friends of the contracting parties. When congratulations were extended all repaired to the spacious room where Mrs. MacRae had everything prepared to satisfy the most fastidious tastes. Many useful and valuable presents were given to the happy couple. The bride, who for many years resided at Hunter River was one of the most popular young ladies of the village and always took an active part in church services. The bridegroom is a young and prosperous farmer of Brackley Point Road, and having made such a good selection in his wife will, no doubt be as far seeing in other things. If good wishes will ensure prosperity, then their success is sure. Congratulations from the Guardian.

At the family home, Mill River, East, Sept. 11, 1918, Mr. Wm. Gregory McCausland passed peacefully into the silent rest, at the age of seventy-two years, leaving to mourn their sad loss, six daughters and three sons. The daughters are: Mrs. Irwin Ferguson, Mount Edward Road; Mrs. Benjamin Sentner, Loyalist; Mrs. Eli McLean and Mrs. Harry Ferguson, Charlottetown; Mrs. Edward Hayward, Emsdale and Miss Sarah at home.

The sons are: Melvin, Emsdale; Irving Ludlow, Mass. and Daniel, at home.
 The wife and mother had passed over the dividing line two years previous to the death of her husband, as also one son, whose passing made the first break in the happy family.

Mr. McCausland was an adherent of the Presbyterian Church at Bloomfield, Prince County. He stood well in his community, being upright in all his dealings. He was also kind-hearted and generous, having a ready, helping hand for the over-burdened, and a word of cheer for any who were passing through the shadows of despondency, or clouds of adversity. He now rests from his labors, and the influence of his upright life will be missed in the home and the community, but the impress made by good deeds and kind words will never die.
 The funeral was largely attended, by relatives, friends and neighbors, many of whom, endeavored to express their sympathy, respect and love, by beautiful floral tributes.

The funeral service was conducted by Rev. Robert Murray, of O'Leary. The pallbearers were: Isaac Gard, Christopher Methrell, Robert Horne, John Bell, Allan Harty, Daniel Ramsay. (Patriot please copy.)

On the morning of October the eighth William Howard, of Cornwall departed this life at the age of 74 years. Mr. Howard had been in poor health for a number of years and about three months before he died he became much worse and gradually weakened until the end. His first wife, Mary A. Godfrey, predeceased him some years ago. The death of their two sons in the passing of the years was also a great sorrow to him. One daughter, Mrs. Robert MacMillan, of Calgary, and two grandchildren, Stanley Howard, in France and Miss Muriel MacMillan, in Calgary mourn their loss. He is also survived by his second wife, Estella Creswell, who during the years of his physical weakness and impaired health waited on him with great care and devotion. A regrettable circumstance, which rendered her sorrow greater, was the fact that when he died she was undergoing treatment at the Prince Edward Island Hospital and was unable to be present at the funeral. There are also three brothers and four sisters left to mourn. The brothers are: James in Cornwall, George in Highfield, Henry in Vancouver. The sisters are: Mrs. Enoch Drake, Mrs. W. Lowther, Mrs. Samuel Drake and Miss Charlotte all of Cornwall. The services in the church and at the grave were conducted by Rev. J. Healey and interment was made in Cornwall cemetery.

The pallbearers were: William Scott, William Wright, Fred Younker, Samuel Drake, Charles Godfrey, D. C. McKinley.

The Daily Tragedy of BELGIUM

May this country never know the bitter agony Belgium passes through EVERY DAY.

May WE never live to see our people rationed on a bowl of soup and two pieces of bread a day.

Our children emaciated by slow starvation and falling easy victims to consumption, rickets and all the diseases fostered by mal-nutrition.

It's the little children that suffer most fearfully. The daily ration provided by United States loans to the Belgian Government is so pitifully inadequate for a growing child; it no more than momentarily stays the gnawing hunger.

There is hope for Belgium and her future generation only if YOU and the thousands who in the past contributed so generously to Belgian Relief, will help again. The brave souls who are attempting to administer the needed help to Belgium's children must have the necessary funds to carry on.

Mr. Hoover in his appeal of July 8th, 1918, for help for Belgium's children says, "This transmission of money is absolutely safeguarded by virtue of an agreement between the belligerent Governments, the C. R. B., and the Neutral (Spanish and Dutch) protecting Ministers in Brussels."

Don't wait for someone to come and ask you for a contribution. Send it in. Be generous. Be quick.

Always Uniform by Test

WHAT could be more puzzling than to suddenly get disappointing bread and pastry in spite of all your care? Why shouldn't the same brand of flour, the same recipe and the same care produce uniform results every time you bake? The answer most often is—lack of uniformity in your flour. If you want flour that you know is always the same high quality, always made accurately uniform by scientific tests, use

QUEEN CITY FLOUR

Milled According to Government Standard

The same grade of wheat varies in its composition from time to time. In our testing Laboratory wheat samples are scientifically tested by skilled chemists. First we know precisely what the wheat contains, then we know how to maintain without change the famous Queen City blend—just right for pastry—just right for bread—always right.

Try this always correct blend of flavory Ontario Wheat and the richly glutinous Western hard wheat. It makes the finest big loaves of bread and the most delicious, delicate pastry—always.
