JUNE 23rd was the twenty-fifth anniversary of the marriage of Rev. J. L. and Mrs. Dawson, but the very severe illness of Mr. Dawson made it impossible to give the fact any suitable recognition then.

The ladies of Gower Street church did not forget it, however, and some days ago a representative committee waited upon Mrs. Dawson at the parsonage.

Mrs. J. P. Peters read a touching address, after which she presented Mrs. Dawson with a beautiful satchel, containing seventy five dollars in silver. Mrs. Dawson was taken by surprise, but replied in terms expressive of her appreciation of the largeness of the gift, and particularly of the value she placed upon the Christian affection and goodwill which has prompted it.

Mr. and Mrs. Dawson, with their family, leave St. John's for their new home at Sackville, N. B., by next Tuesday's train, and will be accompanied by the visiting deaconess of Gower Street church, Miss Malin, who goes to spend her vacation with her parents and friends in New Brunswick. In 1900 he was invited to the George Street circuit. In this city, and in 1903 accepted the invitation of Gower Street Methodist Church.—St. John's Telegram.

Rev. J. L. Dawson of St. John's, Nfld., continues to make satisfactory progress towards full recovery, and wishes for himself and his family to acknowledge with gratitude the sympathy and multiplied acts of kindness with which he and they have been favored ever since his illness began. He said that he never so clearly realized how close the ties are which bind man to man in our Christian community, and that among the most cherished memories of his life henceforth will be those associated with the experience through which he has now been passing.

ADVERTISING IS BROAD. Advertising in itself means publicity; and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupied space that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any funds expended to this end be adjudged extravagant.—American Medical Journal.
