NEW FOUNDLAND AGREES.

At Once With Canada in its Opinion of Dodd's Kidney Pills.

FORTUNE HARBOR, Nfld., Oct. 7. (Special).—However this Island and the Dominion stand on political questions, there is only one theme on which they are unanimous, and that is their opinion of Dodd's Kidney Pills. In Newfoundland Dodd's Kidney Pills have duplicated their Canadian reputation. On all sides they are spoken of as a really wonderful medicine by those that have tried them, whose number increases every day. Richard Quirk of this place writes about Dodd's Pills in the universal time of high praise. "No tongue can tell," he says, "the pleasure I feel in being able to say that I am indeed permanently cured of my Backache by Dodd's Kidney Pills. I never imagined that any medicine could cure me of so old a complaint and am high in the praises of Dodd's Kidney Pills to everybody that comes my way."

Helpful Silverware

There is a great difference in the character of silverware. Some is of practical value for use, combined with beauty of design and finish, such as this Crumb Set. Every housekeeper knows that a brush wears the table cloth, and that with a scraper or knife wear is much lessened. This is a particularly handsome set, with its ebony handles, and with the good feature of its being an article for daily use makes it desirable for a present or for your own household. Other articles in the name "Meriden" goods just as helpful and useful.

THE death of Captain John McLeod, which was recorded in yesterday morning's GUARDIAN removes one of the oldest citizens of this province. It will be remembered that the deceased was for six years captain of the ferry boat, and later conducted business on Prince Street. A sorrowing widow and two brothers are left to mourn. Jas. McLeod of Lot 48 and William McLeod, Montague, are the sorrowing brothers.

A SYDNEY despatch of Oct. 15th says: A strong sentiment in favor of the better enforcement of the Soot Act has been growing here for some time. Lately numerous complaints have been made by prominent citizens regarding the wide open manner in which the bar-rooms are run. At last night's meeting of the council they decided to advertise for a Scott Act inspector and they will make every effort to obtain a good man who will enforce the law to the letter.

THE Sydney Contingent of South African veterans have about decided not to parade for the medals at the review to be given in Halifax next Saturday. Their reasons for taking such a course have already been shown in the columns of this paper. What they object mostly to is to have to pay their railway fares. Many of them cannot afford it very well. Several of them are going however, to see the review and other functions, but these will not parade for their medals. A correspondent wrote a few days ago suggesting that the town pay the expenses of these boys, as Charlottetown is doing. While the suggestion may be a good one, still the Town Council will probably look at it in a different light.—Sydney Post.

For the Children.

To Keep Their Digestion Perfect No thing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep well take

Stuart's Tablets after each meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for their little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotsley, 538 Washington St. Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year old girl takes them as readily as candy. I have only to say 'tablets' and she drops everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her baby, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., N. Y., and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and pany and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned to me the Stuart's Tablets and I procured a box from my druggists and used only the last few tablets in the box and was cured. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

MRS. W. T. DETHLOPE. Subscribed and sworn to before me this 12th day of April, 1897.

HENRY KAIRNS, Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite, and growth. Use only the large sweet tablets in every box. Full sized boxes are sold by all druggists for 50 cents, and no parent should neglect the use of this safe remedy for all stomach troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.
