

MISS G.

of DARTMOUTH made Cake with Royal Household Flour and it proved a failure. She tried once more with the result that the family said it was the best cake they ever had in the house.

She made the discovery on the second baking that she only needed 14 ounces of Royal Household where she had always used a pound of other kinds. She used the same quantity of water and shortening, however, and the cake was a great success.

Boys' Suits Slaughtered

In going through our Clothing Department, we find we have altogether too many Boys' Suits on hand, and as we have ordered, for spring delivery, a large and handsome assortment, we have decided to cut the price to the core on surplus stock, in order to clear them out quickly.

This is a rare opportunity to get your boy a suit, as the price asked is only about half the regular selling price. See our window for samples of what we are selling. For \$1.25 a suit worth up to \$2.50.

\$1.50 a suit worth up to \$3.75.

This is a sensational bargain, and shrewd buyers will speedily take advantage of it. Be one of the first and get best choice.
