WEDDING BELLS.—A very pretty wedding was solemnized Tuesday evening at the home of the bride's parents, Elm Ave., when Miss Myrtle Whitlock became the wife of Mr. William West, of York. The ceremony was performed in the presence of the immediate relatives of the bride and groom by Rev. F. H. Littlejohns. The happy pair were attended by Miss Minnie Stanley, as bridesmaid and Mr. Harold Watts as groomsmen. After the ceremony the guests repaired to the dining room, where a sumptuous repast was served. GIRLS! DRAW AM OIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy, wavy and beautiful at once.

Immediate—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, and brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair but what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

THE RETRIBUTION will be repeated on Eastern Monday night in aid of the Charlottetown Hospital. All new specialities. 4956.

DIOCESAN CHURCH SOCIETY MEETINGS

The annual general meeting in connection with the Diocesan Church Society was held last evening in St. Paul's Parish Hall. There was a very large attendance, the Hall being filled. Three very interesting addresses were delivered one by Rev. J. J. Bamford of Port Hill on behalf of King's College; another by Rev. William Deathe of Crapaud, on Church history and the Prayer Book and the third by Archdeacon Watson on the Division of the Diocese. These addresses were listened to with much interest and in each case called forth a very interesting and profitable discussion.

WOMEN'S AUXILIARY

The annual meeting of the Diocesan Board of the Women's Auxiliary to Foreign Missions, was held in St. Peter's Hall, Wednesday at 3 p. m. the president, Mrs. James Simpson in the chair. Proceedings began with a hymn, and prayer. After roll call Mrs. E. W. Hyndman, the corresponding secretary, read greetings to the visiting delegates, which was responded to by Mrs. A. W. Watson. Letters of greeting were read from the General Board. The President conferred life member certificates from Miss Tremayne of St. Paul's Branch, Miss R. M. F. DesBrisay, St. Peter's Branch, Miss Dennis, Miss Daisy Adams, Miss Susie Maynard, from the Girls' Branch of Port Hill.

The reports of the secretaries, Diocesan Secretary Treasurer, and Junior Secretary were read and adopted. The total receipts for the year amounted to \$1385.09, the largest income the Society ever received.

The President then read her address touching on the three objects of the Auxiliary, to work for missions, to pray for missions, and to give for missions. The election of officers followed with the following results: President, Mrs. Simpson; Vice-President, Mrs. T. W. Murphy; 2nd Vice-Pres., Mrs. Colclough, Milton; and Vice-Pres., Mrs. C. VENO'S THE WORLD'S BEST FOR COUGHS AND COLDS.

Veno's Lightning Cough Cure is the most popular remedy in the world for coughs and colds. People who once try it use it again; they tell their friends about Veno's, and these friends tell other friends. Why? Because there is real curative power in Veno's Lightning Cough Cure; because it is quick and sure in action; because it contains no dope and is suitable for young or old, from infancy to extreme age; because it cures as nothing ever cured before. Prices 30 cents and 60 cents, from druggists and stores throughout Canada.

At 5 o'clock the visiting delegates were entertained at tea by the members of St. Peter's Branch. Affectionate greetings were sent to the following island missionaries in the Foreign Field: Reverend R. H. A. Haslam and Miss Audrey DeBolla, Glenside, Rev. E. Trivett, Huanan, China and Rev. Walter Cotton, South Africa.

DEBATE ON THE ADDRESS

(Continued from Page)

that would help and be necessary in the event of a further prolongation of the struggle. Every man, woman and child that can help in the increase of production here is contributing so much to the Empire's strength in war. We would like to say that every opportunity given our children, from the youngest who are able to work, to the oldest, we would like to see them all free to give their services in increasing the production in this province for this year, and to that end it would be well, and speaking on behalf of the government, to state that it is our intention that the children from the public schools be allowed their holidays in the spring and autumn if the people in the district so desire. That is, it shall be open to all districts to have spring and fall vacation if they so desire at the annual school meeting. What arrangements may be made in the city schools will be in the consideration of the Trustees. What special arrangements may be made in Prince of Wales College, will also be considered by the government, but in considering the matter full weight will be given in every case to setting free our people, young and old, from every other duty when possible in order that they may aid in the increased production of the crop in this present year.

OUR SOLDIERS.

I wish to close with a short reference to the number of our men who have gone to the front. I doubt there is a single British possession in which some of our sons have not enlisted for the war. We have no record of those who have enlisted abroad except as the wounded sometimes come back to their homes; but of our own people enlisting within our own borders we can account for fully 3,000 men. The count so far as it is verified, gives the number of men overseas service at 2,600, to which a number of others going on special service must be added, so that the total cannot fall far short of 3,000; and from the returns we receive from time to time of Islanders who had years ago left this province and are now returning wounded or disabled it would not be surprising to learn that the number enlisting outside this province is almost, if not altogether equal to the number enlisting within the province. Our people have contributed exceedingly well to some of the funds of our people. I have a list here of the contributions to the different funds which I think the House will find instructive. I intend to place it on file. The total is some \$431,730. That represents a splendid liberality. It represents, with very few exceptions among the women of the province devoted service and self-sacrifice. On the whole the total contribution of \$431,000 is one that perhaps we may look back to as not creditable to our people.

A GRACEFUL TRIBUTE.

Before resuming his seat the Premier paid a graceful tribute, couched

in fitting terms, to the memory of the late Mr. John Richards, former Leader of the Opposition, and his brother who died about two years ago at Ottawa. Those two gentlemen, he said, were marked, in an unusual degree in all their relations with men, for their fairness and their excellent courtesy. The late Leader of the Opposition, he said, was one who, in the performance of his duty, was absolutely faithful and sincere. Outside of public life he was one of the most practical farmers and his example and precept could not have failed to be of very great value to all who came in contact with him. It would be many a day, said the Premier, before they would see again a man who in his own particular line held so distinct, so direct and so satisfactory a course.

The Premier also referred in appropriate terms to the death of Mr. Edward Hackett and paid a fine tribute to his memory.

The Premier resumed his seat amidst considerable applause. MR. J. J. JOHNSON followed. He stated that the Premier had acted the autocrat and pointing to the tremendous revolution in Russia stated that the people here in Prince Edward Island too might do the same. He reviewed the Speech from the Throne and criticized the various clauses therein. He expressed surprise that the Speech omitted any reference to the death of the Duchess of Cornwall and declared it was a matter of great regret. He referred to the Prince Edward Island Development Commission, stating that the Dominion Government must have about twenty or thirty of these institutions "on the stocks at the present time."

The Government, he said, had been fertile in appointing Commissions. He criticized the policy of the Government in regard to the oyster industry and the granting of charters to fox companies he stated was a means of fleecing the people. In regard to the New Industries Committee of the Development Commission, he said he saw it was the intention to engage in the manufacture of glass. He did not know whether they were going to build glass houses or not, but some people ought to live in glass houses. He understood they were also going to manufacture toys and this idea he ridiculed.

Hon. Sir Charles Dalton, at five minutes to six, moved the adjournment of the debate, and the House adjourned to 10 o'clock tomorrow morning.

MEDICINES, LIKE MEN

Have Character—Appearance, Quality, Merit, Results.

The first favorable impression made by Hood's Sarsaparilla is confirmed by continued use. It is a harmonious combination of compatible ingredients, perfect pharmaceutically—that is, it is the finest product of most skillful pharmacy. And in therapeutic value—or power to cure—it is one of the best medicines America has ever produced.

On the practical side, which of course is the most important to you, Hood's Sarsaparilla for forty years has been demonstrating its curative power in relieving complaints arising from impure blood, low state of health, poor digestion, inactive kidneys and liver.

For your humors, or for rheumatism, weak stomach, loss of appetite, that tired feeling—take Hood's Sarsaparilla. It will do you good.

P.E.I. PRESBYTERY RESOLUTION

The following resolution was passed at the recent Presbytery meeting in Charlottetown:—

1. Resolved that, as the highest welfare of the community should at all times be the chief concern of the Church, it is imperative that at such a time as this and when the movement is worldwide, we, as Christians and Patriots, should exert ourselves for the suppression of the liquor traffic which has been acknowledged by all as the most potent cause of weakened manhood and wasted resources.

2. Resolved that, this Presbytery views with concern the present serious situation of temperance in this province, a situation, the seriousness of which needs no proof to any unprejudiced observer.

3. Resolved, that, while this Court deprecates anything that savours of partisanship, it must assert that the blame for this evident neglect in the enforcement of our prohibition law largely rests upon the officials who are appointed to enforce the same, and that the blame for their neglect must, in turn, rest upon the Government that has appointed them, and is responsible for seeing that its officials do their duty, whether these officials are acting directly under them, or under a commission appointed by them.

4. Resolved, that we regret to discover that under the law as recently amended, no conviction can now be made through proof by analysis, making it practically impossible to secure convictions for selling beer, whatever the percentage of alcohol it may contain.

5. Resolved that we call on our people to make the Government realize that we must have a genuine and real enforcement by our officials, not only of the provincial Act, but of the recent Dominion legislation which has hitherto been allowed to remain a dead letter.

Two Cases of Eczema and How They Were Cured

FURTHER PROOF THAT DR. CHASE'S OINTMENT IS A POSITIVE CURE FOR CHRONIC ECZEMA.

If you read these letters you will find that Dr. Chase's Ointment is not to be classed among ordinary salves and ointments.

By actually curing itching, stinging eczema in many thousands of cases it has stood the most severe test to which any ointment can be put.

Mr. J. Brice, Temperance road, Parry Sound, Ont., writes: "Just a line to praise Dr. Chase's Ointment for what it has done for my wife. She has been suffering with eczema in her head for two years, and has spent no end of money with doctors and for ointments, which did her no good. She had about given up hope of ever being cured, when someone told her to try Dr. Chase's Ointment. By the use of this Ointment the trouble has left her entirely. We have unbounded faith in it. I have told several people about the Ointment."

Mrs. W. G. Dowden, Greenspond, Bonavista Bay, Nfld., writes: "I suffered with eczema on my hands, and for eighteen months was so bad that I could not use a needle to sew or do anything. I could scarcely dress myself. Though I had lots of salves from doctors, I could never get much benefit from them. Then I sent for a sample of Dr. Chase's Ointment, and found it very different in action. It was not long before my hands began to heal, and four 60c boxes made them well. I cannot praise Dr. Chase's Ointment too highly, and frequently give some to others to get them using it, for I know that it will cure."

In the home Dr. Chase's Ointment is of almost daily usefulness for relieving chafing and irritation of the skin it prevents eczema and similar itching skin diseases. Applied to all cuts and wounds, it prevents blood poisoning and heals the skin. Dr. Chase's Ointment, 50 cents a box, all dealers or Edmondson, Bates & Co. Ltd., Toronto.
